## **Pimsleur Quick Simple Eastern Arabic:**

*Criteria for Appraising Computer-based Simulations for Teaching Arabic as a Foreign Language* Richard Dabrowski, 2005  
This was an exploratory study aimed at defining more sharply the pedagogical and practical challenges entailed in designing and creating computer based game type simulations for learning Arabic as a foreign language For those with neither access to study abroad nor classroom instruction or for those whose classroom instruction emphasizes grammar translation over communication the possibility now exists to learn to speak a foreign language in a virtual environment The basic pedagogical premise of digital game based learning is that it allows training to occur past the point of mastery to overlearning through the creation of an engaging virtual environment where the learner doesn't tire of the instruction Kaplan Sabol Wisher as stress diminishes the performance of all skills overlearning is essential for effective use of their limited knowledge Effective use of the language would foster confidence in the students of themselves as language learners that would ease their subsequent study of more difficult aspects of the language The latest advances in computer technology have made computer based language instruction both an ever more authentic approximation of a study abroad experience and something which potentially can be widely and conveniently distributed Abstract from DTIC web site **Books Out Loud**, 2007 [Working Mother](#), 1998-09 The magazine that helps career moms balance their personal and professional lives **World Bank China Library on CD-Rom**, 1998 **Popular Science**, 1998 *Discover*, 1998 **Words on Cassette**, 2000 **Arabic (Eastern) I-III** Pimsleur, 2011-07-20 The Pimsleur R Method has worked for millions all over the world Totally portable simple to use Pimsleur works so you don't have to This complete Eastern Arabic course includes all of Levels I II and III 45 hours of spoken language practice and 3 hours of reading instruction With this product you start from zero learning first survival phrases and vocabulary and eventually progressing to a high intermediate level of speaking and understanding Eastern Arabic Every lesson contains an introductory conversation and isolated vocabulary and structures as well as full practice of all vocabulary introduced The emphasis is on pronunciation and comprehension and on learning to speak Eastern Arabic At the completion of this course you'll speak confidently using your wideranging vocabulary and experience the language and culture with a deepening insight into a new world Reading Lessons are included at the end of Unit 30 for each Level These lessons which total about three hours are designed to first give you practice sounding out the Arabic alphabet then to progress to reading for meaning They also provide extensive additional vocabulary Before you know it you'll be reading Arabic with the ease and flexibility of a native speaker A PDF file containing the combined Reading Booklets to be used with the audio lessons is included About the Eastern Arabic Language Eastern Arabic is the dialect spoken in Syria Lebanon Jordan and Palestine Eastern Arabic is also very well understood in the eastern and southeastern parts of the Arab world Arabia the Gulf Region and Iraq Pimsleur's Eastern Arabic is based on the dialect of Damascus Syria [Working Woman](#), 1998 **U.S. News & World Report**, 2000 **Arabic (East) Phases 1-2** Pimsleur, 2011-07-20 Surprise your
