Bates,1901 *Lists and Returns of Connecticut Men in the Revolution, 1775-1783* Historical Society Connecticut,2014-07-16 The Connecticut Historical Society published in 1901 the volume titled *Rolls and Lists of Connecticut Men in the Revolution 1775 1783* As explained in its introduction the material in that volume supplemented what had already been published in 1889 in the officially issued *Record of Service of Connecticut Men in the War of the Revolution 1775 1783* published by the Adjutant General of Connecticut This present volume *Lists and Returns of Connecticut Men in the Revolution 1775 1783* is intended to supplement and not duplicate what has already been published in the two volumes mentioned above The major part of this volume as its title might indicate is composed of officially written lists and returns of soldiers who were serving in the Continental regiments of the Connecticut Line which were not extensively addressed in the previous volumes There are also some rolls of companies in service which had not previously been printed particularly in 1782 and 1783 Comparatively few

new names of soldiers or additional records of service are printed in this volume Its chief value will be found to consist in the addition in the case of a great majority of the soldiers of the name of the town from which the soldier came This will supply much sought for information and in many cases will doubtless serve to identify the soldier

White,2017-12-01 Black soldiers of the American Revolution Not a credible statement in light of what most Americans have read about the Revolutionary War We have heard of Casimir Pulaski the Pole Marquis de Lafayette the Frenchman and Baron von Steuben the German but not black participants Yet close to 5 000 blacks did fight in the war against the British and others served as laborers spies and guides The absence in our general histories of their activities in this struggle lies with the misconception that the Afro American has contributed little or nothing towards the creation of the United States and its subsequent development for in most studies made of the Revolutionary era there has been little impulse to search for evidences of service by blacks except perhaps to note the existence of slavery Histories of Connecticut have generally treated the Revolution in a similar manner Few of them have acknowledged the contributions of the black soldier This is partially true because the story of Connecticut s black participant is one about the regular foot soldier in the Revolution and not about the men who led him into battle or the political leaders who guided the nation And it is these men who most often fill the pages of our history books As one phase of the Bicentennial observation The American Revolution Bicentennial Commission of Connecticut has authorized scholars in a wide range of study to write a series of monographs on the broadly defined Revolutionary Era of 1763 to 1787 These monographs appeared yearly beginning in 1973 through 1980 Emphasis is placed upon the birth of the nation rather than on the winning of independence on the field of battle **The United States Catalog** Mary Burnham,Carol Hurd,1928
