**Reynard the Fox** Kenneth Varty, 2003-11 There are many stories featuring the villainous hero Reynard the Fox in many languages told over many centuries going back as far as the early 12th century All these stories are comic and much of the humour depends on parody and satire resulting in mockery sometimes the subversion of certain kinds of serious literature of political and religious institutions and practices of scholarly argument and moralizing and of popular beliefs and customs The contributors to this volume all of them experts in one or more of the Reynard stories and their backgrounds focus on the transformation of these tales through various media and to what extent they reflect differences in the cultural class and generational background of their tellers

*Expectations of the Law in the Middle Ages* Anthony Musson, 2001 This book represents the first systematic examination of the expectations people had of the law in the middle ages Up until now historians have used medieval legal records to demonstrate the operation of legal rules the functioning of legal institutions and the development of the legal profession but they have rarely considered the attitudes that arose as a result of the processes of law The papers in this volume investigate the way expectations of the law were generated captured revealed or replayed for posterity in medieval Europe in jurisprudential reasoning the activity

of charter writing the framing of definitions of liberty the concern for historical justifications and the phraseology of various forms of legislation and chancery bills Attitudes and perceptions are also considered with regard to the active role played by rulers of European states in law giving and in the organisation of legal institutions Contextualising some of the developments in medieval law this volume not only enables generalisations to be made about expectations of the law but also highlights the existence of national and supra national similarities as well as differences arising in medieval Europe Dr ANTHONY MUSSON teaches in the School of Law at the University of Exeter Contributors RICHARD W KAEUPER D HEIRBAUT M KORPIOLA JUDITH EVERARD CYNTHIA J NEVILLE JULIA C CRICK H SUMMERSON G SEABOURNE G DODD T HASKETT ANTHONY MUSSON C STEBBINGS P TUCKER

misguided or even dangerous and who saw in the friars actions only hypocrisy deceit greed and even signs of the end of the world From the mid 13th century writings appeared denouncing and mocking the friars and calling for their abolition Their French and English opponents were among the most vocal From harsh theological criticism and outrage at the Inquisition to vulgar tales and bathroom humor this thoroughly documented work is suitable for the newcomer as well as for readers who are familiar with the subject but might like to investigate specific topics in more detail *Top Ten Fictional Narratives in Early Modern Europe* Rita Schlusemann, Helwi Blom, Anna Katharina Richter, Krystyna Wierzbicka-Trwoga, 2023-10-24 This volume examines the ten most popular fictional narratives in early modern Europe between 1470 and 1800 Each of these narratives was marketed in numerous European languages and circulated throughout several centuries Combining literary studies and book history this work offers for the first time a transnational perspective on a selected text corpus of this genre It explores the spatio temporal transmission of the texts in different languages and the materiality of the editions the narratives were bought sold read translated and adapted across European borders from the south of Spain to Iceland and from Great Britain to Poland Thus the study analyses the multi faceted processes of cultural circulation translation and adaptation of the texts In their diverse forms of mediality such as romance drama ballad and penny prints they also make a significant contribution to a European identity in the early modern period The narrative texts examined here include Apollonius Septem sapientum Amadis de Gaula Fortunatus Pierre de Provence et la belle Maguelonne Melusine Griseldis Aesopus Life and Fables Reynaert de vos and Till Ulenspiegel Folktales of the Jews, Volume 2 Dan Ben-Amos, Dov Noy, 2006 Folktales from Eastern Europe presents 71 tales from Ashkenasic culture in the most important collection of Jewish folktales ever published It is the second volume in Folktales of the Jews the five volume series to be released over the next several years in the tradition of Louis Ginzberg s classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives at The University of Haifa Israel IFA a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the Ashkenasic culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their
