Romans: A Social Identity

Commentary William S. Campbell, 2023-01-26 William S Campbell provides a comprehensive commentary on Paul's most challenging letter In conversation with reception history and previous scholarship he emphasizes the contextuality of Romans as a letter to Rome using social identity theory combined with historical literary and theological perspectives to arrive at a coherent reading of the entire letter Because Paul has never visited Rome and is not the founder of the Christ movement there Campbell argues that his guidance and teaching are formulated more cautiously than in his other letters Yet the long list of people who had previous links with him and his mission to the gentiles demonstrates that Paul is well informed about the situation in Rome and addresses issues that have arisen With Christ the Messianic Time is beginning but there was some lack of clarity in Rome about the implications of this for Jews and gentiles Rather than ethne in Christ replacing Israel as some in Rome possibly concluded Campbell stresses that Paul affirms the irrevocable calling of Israel and that simultaneously the identity of ethne in Christ is also called alongside the people Israel thus the integrity of the identity of both is affirmed as indispensable for God's purpose now revealed in Christ Campbell fully demonstrates how Paul in Romans achieves this by the social and theological intertwining of the message of the gospel

1 Corinthians: A Social Identity

Commentary J. Brian Tucker, 2024-10-17 Paul's first letter to the Corinthians deals with key aspects of the formation of the Christian community at Corinth Paul uses his correspondence with the Corinthians to address issues of morality of community structure of ritual and of religious behaviour The letter is a key document for understanding the development of Christianity and for understanding Christianity in its earliest context In this Social Identity Commentary J Brian Tucker provides a comprehensive coverage of the issues and concerns related to 1 Corinthians from the perspective of social identity Tucker outlines his interpretation of the theoretical issues concerned and then applies this to provide a clear overview of historical and critical issues related to the study of 1 Corinthians This provides a clear engagement with the text that will serve as a useful resource for scholars students clergy and people interested in the formation and purpose of the letter

expressed under shifting political rule **Reviving Roman Religion** Ailsa Hunt,2016-09-12 Argues that thinking about sacred trees in Roman culture forces us to rethink how we understand Roman religion Empire of Images Alyson Roy,2024-04-01 Rome was an empire of images especially images that bolstered their imperial identity Visual and material items portraying battles myths captives trophies and triumphal parades were particularly important across the Roman empire But where did these images originate and what shaped them Empire of Images explores the development of the Roman visual language of power in the Republic in Iberian Peninsula the Gallic provinces and Greece and Macedonia centering the development of imperial imagery in overseas conquest Drawing on a range of material evidence this book argues that Roman imperial imagery developed through prolonged interaction with and adaptation by subjugated peoples Despite their starring role in Roman imagery the populations of Rome s provinces continuously reinterpreted and reimaged Roman images of power to navigate their membership in the new imperial community and in doing so contributed to the creation of a universal visual language that continues to shape how Rome is understood Engaging Economics Bruce W. Longenecker,Kelly D. Liebengood,2009-10-23 Emerging Economics reveals the economic dimentisons of the theology of the early Jesus movement explains how this is reflected in the texts of the New Testament the reception of those texts within the patristic era Pater the Classicist Charles Martindale,Stefano Evangelista,Elizabeth Prettejohn,2017-03-02 Pater the Classicist is the first book to address in detail Walter Pater s important contribution to the study of classical antiquity Widely considered our greatest aesthetic critic and now best known as a precursor to modernist writers and post modernist thinkers of the twentieth century Pater was also a classicist by profession who taught at the University of Oxford He wrote extensively about Greek art and philosophy but also authored an influential historical novel set in ancient Rome Marius the Epicurean and a variety of short stories depicting the survival of classical culture in later ages These superficially diverging interests actually went closely hand in hand it can plausibly be asserted that it is the classical tradition in its broadest sense including the question of how to understand its workings and temporalities which forms Pater s principal subject as a writer Although he initially approached antiquity obliquely through the Italian Renaissance for example or the poetry of William Morris later in his career he wrote more and more directly about the ancient world and particularly about Greece his first love The essays in this collection cover all his major works and reveal a many sided and inspirational figure whose achievements helped to reinvigorate the classical studies that were the basis of the English educational system of the nineteenth century and whose conception of Classics as cross disciplinary and outward looking can be a model to scholars and students today They discuss his classicism generally his fiction set in classical antiquity his writings on Greek art and culture and those on ancient philosophy and in doing so they also illuminate Pater s position within his Victorian context among figures such as J A Symonds Henry Nettleship Vernon Lee and Jane Harrison as well as his place in the study and reception of Classics today

Cicero, Philippic 2, 44-50, 78-92, 100-119 Ingo Gildenhard,2018-09-03 Cicero composed his incendiary Philippics only a

few months after Rome was rocked by the brutal assassination of Julius Caesar In the tumultuous aftermath of Caesar s death Cicero and Mark Antony found themselves on opposing sides of an increasingly bitter and dangerous battle for control Philippic 2 was a weapon in that war Conceived as Cicero s response to a verbal attack from Antony in the Senate Philippic 2 is a rhetorical firework that ranges from abusive references to Antony s supposedly sordid sex life to a sustained critique of what Cicero saw as Antony s tyrannical ambitions Vituperatively brilliant and politically committed it is both a carefully crafted literary artefact and an explosive example of crisis rhetoric It ultimately led to Cicero s own gruesome death This course book offers a portion of the original Latin text vocabulary aids study questions and an extensive commentary Designed to stretch and stimulate readers Ingo Gildenhard s volume will be of particular interest to students of Latin studying for A Level or on undergraduate courses It extends beyond detailed linguistic analysis to encourage critical engagement with Cicero his oratory the politics of late republican Rome and the transhistorical import of Cicero s politics of verbal and physical violence

Tertullian the African David E. Wilhite, 2011-06-24 Who was Tertullian and what can we know about him This work explores his social identities focusing on his North African milieu Theories from the discipline of social cultural anthropology including kinship class and ethnicity are accommodated and applied to selections of Tertullian s writings In light of postcolonial concerns this study utilizes the categories of Roman colonizers indigenous Africans and new elites The third category new elites is actually intended to destabilize the other two denying any essential Roman or African identity Thereafter samples from Tertullian s writings serve to illustrate comparisons of his own identities and the identities of his rhetorical opponents The overall study finds Tertullian s identities to be manifold complex and discursive Additionally his writings are understood to reflect antagonism toward Romans including Christian Romans which is significant for his so called Montanism and Romanized Africans While Tertullian accommodates much from Graeco Roman literature laws and customs he nevertheless retains a strongly stated non Roman ness and an African ity which is highlighted in the present monograph

Painting, Ethics, and Aesthetics in Rome Nathaniel B. Jones, 2019-01-24 In the first centuries BCE and CE Roman wall painters frequently placed representations of works of art especially panel paintings within their own mural compositions Nathaniel B Jones argues that the depiction of panel painting within mural ensembles functioned as a meta pictorial reflection on the practice and status of painting itself This phenomenon provides crucial visual evidence for both the reception of Greek culture and the interconnected ethical and aesthetic values of art in the Roman world Roman meta pictures this book reveals not only navigated social debates on the production and consumption of art but also created space on the Roman wall for new modes of expression relating to pictorial genres the role of medium in artistic practice and the history of painting Richly illustrated the volume will be important for anyone interested in the social ethical and aesthetic dimensions of artworks in the ancient Mediterranean and beyond

Houses of Ill Repute Allison Glazebrook, Barbara Tsakirgis, 2016-03-31 The study of ancient Greek urbanism has moved from examining the evidence for town planning and

the organization of the city state or polis to considerations of everyday life That is it has moved from studying the public fortifications marketplaces council houses gymnasiums temples theaters fountain houses to studying the private the physical remains of Greek houses But what of those buildings that housed activities neither public nor private brothels taverns and other homes of illicit activity Can they be distinguished from houses Were businesses like these run from homes Classical Athenian writers attest to a diverse urban landscape that included tenement houses sunoikiai inns diitai pandokeia factories ergasteria taverns kapelia gambling dens skirapheia training schools didaskaleia and brothels porneia yet despite our knowledge of specific terms associating them with actual physical remains has not been easy One such writer Isaeus mentions tenement houses that hosted prostitutes and wine sellers while his contemporary Aeschines refers to doctors smiths fullers carpenters and pimps renting space Were tenement houses not simply multi inhabitant spaces but also multipurpose ones Houses of Ill Repute is the first book to focus on the difficulties of distinguishing private and semiprivate spaces While others have studied houses or brothels this volume looks at both together The chapters by leading scholars in the field address such questions as What is a house and Did the business of prostitution leave behind a unique archaeological record Presenting several approaches to identifying and studying distinctions between domestic residences and houses of ill repute and drawing on the fields of literature history and art history and theory the volume s contributors provide a way forward for the study of domestic and entertainment spaces in the Hellenic world Contributors Bradley A Ault Allison Glazebrook Mark L Lawall Kathleen M Lynch David Scahill Amy C Smith Monika Tr mper Barbara Tsakirgis *Cultural Crossroads in the Ancient Novel* Marília P. Futre Pinheiro, David Konstan, Bruce Duncan MacQueen, 2017-12-04 The protagonists of the ancient novels wandered or were carried off to distant lands from Italy in the west to Persia in the east and Ethiopia in the south the authors themselves came or pretended to come from remote places such as Aphrodisia and Phoenicia and the novelistic form had antecedents in a host of classical genres These intersections are explored in this volume Papers in the first section discuss mapping the world in the novels The second part looks at the dialogical imagination and the conversation between fiction and history in the novels Section 3 looks at the way ancient fiction has been transmitted and received Space as the locus of cultural interaction and exchange is the topic of the fourth part The fifth and final section is devoted to character and emotion and how these are perceived or constructed in ancient fiction Overall a rich picture is offered of the many spatial and cultural dimensions in a variety of ancient fictional genres The Ruler's House Harriet Fertik, 2019-12-03 How Romans used the world of the house to interpret and interrogate the role of the emperor The Julio Claudian dynasty beginning with the rise of Augustus in the late first century BCE and ending with the death of Nero in 68 CE was the first ruling family of the Roman Empire Elite Romans had always used domestic space to assert and promote their authority but what was different about the emperor s house In The Ruler s House Harriet Fertik considers how the emperor s household and the space he called home shaped Roman conceptions of power and one man rule While previous

studies of power and privacy in Julio Claudian Rome have emphasized the emperor's intrusions into the private lives of his fellow elites this book focuses on Roman ideas of the ruler's lack of privacy Fertik argues that houses were spaces that Romans used to contest power and to confront the contingency of their own and others' claims to rule Describing how the Julio Claudian period provoked anxieties not only about the ruler's power but also about his vulnerability she reveals that the ruler's house offered a point of entry for reflecting on the interdependence and intimacy of ruler and ruled Fertik explores the world of the Roman house from family bonds and elite self display to bodily functions and relations between masters and slaves She draws on a wide range of sources including epic and tragedy historiography and philosophy and art and architecture and she investigates shared conceptions of power in elite literature and everyday life in Roman Pompeii Examining political culture and thought in early imperial Rome *The Ruler's House* confronts the fragility of one man rule
