

A map of Europe with a network of red lines representing Roman roads. The lines are most dense in the British Isles, Gaul (modern-day France), and Italy, where they form a complex web. In other regions like Spain and North Africa, the lines are more sparse and follow major axes. The map uses a light tan color for land and light blue for water.

Brigham,Charles T. McFarlane,1920 **The Pursuit of Europe** Anthony Pagden,2022 The European Union we are told is facing extinction Most of those who believe that however have no understanding of how and why it became possible to imagine that the diverse peoples of Europe might be united in a single political community The Pursuit of Europe tells the story of the evolution of the European project from the end of the Napoleonic Wars which saw the earliest creation of a Concert of Europe right through to Brexit The question was how after centuries of internecine conflict to create a united Europe while still preserving the political legal and cultural integrity of each individual nation The need to find an answer to this question became more acute after two world wars had shown that if the nations of Europe were to continue to play a role in the world they could now only do so together To achieve that however they had to be prepared to merge their zealously guarded sovereign powers into a new form of trans national constitutionalism This the European Union has tried to do Here Anthony Pagden argues that it has created not as its enemies have claimed a super state but a new post national order united in a political life based not upon the old shibboleths of nationalism and patriotism but upon a common body of values and aspirations It is this argues Pagden that will allow the Union to defeat its political enemies from within and to overcome the difficulties from mass migration to the pandemic which it faces from without But it will only succeed in doing so if it also continues to evolve as it has over the past two centuries **Seeing Europe with Famous Authors** Francis Whiting Halsey,1914 Seeing Europe with Famous Authors (Vol. 1-8) Victor Hugo, Henry James, Washington Irving, Nathaniel
