

The background of the book cover is a detailed medieval manuscript illustration. It depicts a chaotic battle scene with numerous knights in armor engaged in combat. In the upper left, a knight in a red surcoat is prominent. The center features a knight on a white horse, and the lower half is filled with a dense group of soldiers fighting. The style is characteristic of 15th-century Flemish or French manuscript illumination, with vibrant colors and intricate details of armor and weaponry.

**Welsh Mythology** Jonathan Miles-Watson, 2009 A little known lecture by L vi Strauss is the inspiration for this work In this lecture he intuitively suggested that in medieval Europe there once existed a set of myths centred on the grail which are structurally the opposite of the goatsucker myths that he famously analyzed in his mythologiques series This work uses L vi Strauss inspirational lecture as a launchpad for an exploration of a group of related medieval Welsh myths two of which have been briefly considered previously by L vi Strauss himself The root of the methodological approach this book employs throughout is the Structuralism of Claude L vi Strauss however it has been modified to incorporate the suggestions of later neo Structuralists This analysis tool is applied to a group of myths which have become conveniently if somewhat erroneously known as the Mabinogion The name Mabinogion appears as part of a colophon at the end of one of the myth of Pwyll and it was later adopted first by Pugh 1835 and then by Lady Charlotte Guest 1838 as a title for their now famous translations of Welsh mythology Consequently the title has stuck to describe the material that is contained within their translations and while it is a somewhat inaccurate way to describe the myths it has the virtues of being both a succinct and widely recognised signifier The term has come to signify eight myths or perhaps more accurately eight groups of myths which are all present in the late fourteenth century manuscript Llyfr Coch Hergest The Red Book of Hergest and all but one of which can be found in the slightly earlier Llyfr Gwyn Rhydderch The White Book of Rhydderch As such the Mabinogion is the key collection of medieval Welsh mythology and an important source for early Arthurian material Although Structuralism and the Mabinogion have attracted a good deal of attention from the academic world there has been never been a sustained attempt to follow Levi Strauss intuitive insights with a methodical Structuralist analysis of this material In the year of L vi Strauss centenary celebrations this work is the first sustained attempt to follow his intuitive suggestions about several Mabinogion myths with a detailed Structuralist analysis of the Mabinogion This work is therefore a unique anthropological presentation and analysis of the Mabinogion which argues for a radical new interpretation of these myths in light of the existence of a central system of interlocking symbols that has the Grail at its heart Through the analysis the book reveals a logical organizational principle that underlies a body of material that has previously been viewed as disparate and confusing This underlying structure is demonstrated to be as L vi Strauss suggested it may the opposite of that

which L vi Strauss himself uncovered in the Americas The revelation of this new form of underlying structure leads to a rethinking of some important aspects of Structuralism including the Canonical formula at the same time as acting as a tribute to the farsightedness of L vi Strauss This book makes important contributions to the fields of Arthurian studies anthropology Celtic studies cultural studies medieval studies mythology and religious studies *Celtic Myth and Religion* Sharon Paice MacLeod,2011-11-08 This book provides a comprehensive overview of Celtic mythology and religion encompassing numerous aspects of ritual and belief Topics include the presence of the Celtic Otherworld and its inhabitants cosmology and sacred cycles wisdom texts mythological symbolism folklore and legends and an appreciation of the natural world Evidence is drawn from the archaeology of sacred sites ethnographic accounts of the ancient Celts and their beliefs medieval manuscripts poetic and visionary literature and early modern accounts of folk healers and seers New translations of poems prayers inscriptions and songs from the early period Gaulish Old Irish and Middle Welsh as well as the folklore tradition Modern Irish Scottish Gaelic Welsh Cornish Breton and Manx complement the text Information of this kind has never before been collected as a compendium of the indigenous wisdom of the Celtic speaking peoples whose traditions have endured in various forms for almost three thousand years **Habitual Rhetoric** Alex Mueller,2023-09-19 Writing has always been digital Just as digits scribble with the quill or tap the typewriter digits compose binary code and produce text on a screen Over time however digital writing has come to be defined by numbers and chips not fingers and parchment We therefore assume that digital writing began with the invention of the computer and created new writing habits such as copying pasting and sharing **Habitual Rhetoric** Digital Writing before Digital Technology makes the counterargument that these digital writing practices were established by the handwritten cultures of early medieval universities which codified rhetorical habits from translation to compilation to disputation to amplification to appropriation to salutation through repetitive classroom practices and within annotatable manuscript environments These embodied habits have persisted across time and space to develop durable dispositions or habitus which have the potential to challenge computational cultures of disinformation and surveillance that pervade the social media of today [Eros and Sexuality in Islamic Art](#) Francesca Leoni,Mika Natif,2013 Dedicated to the topic of eroticism and sexuality in the visual production of the medieval and early modern Muslim world this volume offers new insights and methodological models that extend our understanding of erotic and sexual subjects in the Islamic tradition The essays shed light on the diverse socio cultural milieus of erotic images on the motivations underlying their production and on the responses generated by their circulation **Norse Romance** Marianne E.
