**García Lorca at the Edge of Surrealism** David F. Richter, 2014-10-15 García Lorca at the Edge of Surrealism The Aesthetics of Anguish examines the variations of surrealism and surrealist theories in the Spanish context studied through the poetry drama and drawings of Federico García Lorca 1898-1936 In contrast to the idealist and subconscious tenets espoused by surrealist leader André Breton which focus on the marvelous automatic creative processes and sublimated depictions of reality Lorca's surrealist impulse follows a trajectory more in line with the theories of French intellectuals such as Georges Bataille 1897-1962 who was expelled from Breton's authoritative group Bataille critiques the lofty goals and ideals of Bretonian surrealism in the pages of the cultural and anthropological review Documents 1929-1930 in terms of a dissident surrealist ethno poetics This brand of the surreal underscores the prevalence of the bleak or darker aspects of reality crisis primitive sacrifice the death drive and the violent representation of existence portrayed through formless base matter such as blood excrement and fragmented bodies The present study demonstrates that Bataille's theoretical and poetic expositions including those dealing with the formless and the somber emptiness of the void engage the trauma and anxiety of surrealist expression in Spain particularly with reference to the anguish desire and death that figure so prominently in Spanish texts of the 1920s and 1930s often qualified as surrealist Drawing extensively on the theoretical cultural and poetic texts of the period García Lorca at the Edge of Surrealism offers the first book length consideration of Bataille's thinking within the Spanish context examined through the work of Lorca a singular proponent of what is here referred to as a dissident Spanish surrealism By

reading Lorca's surrealist texts including Poeta en Nueva York Viaje a la luna and El público through the Batailllean lens this volume both amplifies our understanding of the poetry and drama of one of the most important Spanish writers of the twentieth century and expands our perspective of what surrealism in Spain means **Poema del cante jondo -**
