 Thomas,2015-07-10 Excerpt from Spanish and Portuguese Romances of Chivalry The Revival of the Romance of Chivalry in
 the Spanish Peninsula and Its Extension and Influence Abroad The following chapters represent in an extended form a course
 of six lectures on Spanish and Portuguese romances of chivalry delivered as the Norman MacColl lectures in the University of
 Cambridge during the Spring of 1917 Their chief object is to provide a comprehensive review of a remarkable popular
 literary movement which began in the Spanish Peninsula about the turn of the fifteenth century spread over western Europe
 including our own country and having flourished and exercised a considerable influence for a time died out so completely as
 to be well nigh forgotten nowadays except by students Various aspects of the movement and a number of the problems
 connected with it have been treated by different writers in modern times their results have been taken into account
 occasionally with corrections in the following pages and some new material has been contributed especially in the later
 chapters The early editions of these romances of chivalry which are in most cases the only existing editions are extremely
 rare but the writer has had facilities for studying or examining the romances either in Spanish libraries or in the still richer
 collections public or private in England The following sketch the first to relate in connected form the fortunes of these
 romances in the various countries they invaded is offered as some return for the advantages enjoyed About the Publisher
