Romanians and Romania Ioan-Aurel Pop, 2018 A Brief Illustrated History of Romanians Neagu Djuvara, 2016-10-28 This is not an ordinary history book As readers will realise quite early on Neagu Djuvara has the audacity to tackle some of the most delicate and controversial issues in Romanian history under the guise of light storytelling With the addition of illustrations the book becomes better and easier to understand we are offered the chance to see how ancient artefacts discovered by archaeologists actually look like or catch a glimpse of the world of barbarians and medieval warriors depicted in wonderful illuminated manuscripts As we get nearer to the modern age the imagery becomes even richer and we get to know Romania's princes and monarchs their allies and their enemies the politicians good and bad their triumphs tribulations or even tragedies and sometimes even the common people going about their daily lives The photographic discourse focuses on the most important documents even if their condition is not optimal You will also find images of pottery jewellery and weaponry some of them from unexpected sources often unknown to the public accompanied by detailed captions that complement the information provided in the text itself Together the story and illustrations intertwine to form a new enhanced historical account and hopefully one not lacking in originality A Concise History of Romanians Neagu Djuvara, 2012 This book presents captivating stories about Romania's past in the larger context of European and world history Prof Djuvara sets aside the academic tone to recount the story of Romanians without taboos or prejudices Common misunderstandings are brought to light and clarified such as the story of Vlad the Impaler and the role played by Romania in World War II Read about the wars between Dacia and Rome barbarian invasions the assimilation of other populations the complex history of

A Short History of Romania James Samuelson, 2018-03-04 Although the earliest authentic records of Romania or more correctly speaking of Dacia the Roman province which embraced Romania Transylvania and some adjoining territories of to day do not reach further back than about the century immediately preceding the Christian era a good deal of information is to be gathered from the writings of Herodotus Dion Cassius and other early historians regarding the Get the race from whom the Dacians sprang The Get were in all probability a branch of the Thracians who were amongst the earliest immigrants from the East and for some time before they appeared in Dacia which was situated on the northern side of the Danube or Ister as it was called by the Romans they had settled between the south bank of that river and the Balkans Mount H mus of the Romans About the fourth century b c however the Get had crossed the river either driven north by an inimical neighbouring tribe the Triballi or in consequence of the growth of the nation itself When they were first encountered by the Greeks they occupied the eastern part of Dacia reaching probably to one portion of the Black Sea and some account of them is given by Ovid who was exiled to their vicinity but little is known of them until they came in contact with the Roman armies The Get have little direct interest for us but as we find associated with them the names of Philip of Macedon Alexander the Great and Lysimachus a few words concerning their connection with those heroes may not be out of place and will at least serve to fix a period in the history of the people
