Mind Edward M, 2017-08-04 As my life carries on through my thirties I still sit and ponder the true meaning of life Does anyone fully understand Is life a statement question or exclamation Does life contain the answers Will life give the simple mind clarity As confused and twisted as my mind is I will still maintain the assumption that time will work everything out Shit dont get me started on time This life seems to desensitize and misinterpret pretty much everything it doesnt want to comprehend or take the time to understand With this in mind I would sure like to emphasize the fact that life is undoubtedly meant to be lived Happy joyful regretful enhanced exciting intermittent these are all words that tend to describe and interpret life Now understand that what you are about to read and put your mind through is my minds interpretation of this so called life Well at least of the last year or so You will experience the ups and downs in my emotions Just know that there is no fairy tale ahead of you in this morbid piece of modern day literature Proceed with caution but enjoy **Slavonic and Romantic**

*On Romantic Love* Berit Brogaard, 2015 Romantic love presents some of life's most challenging questions Can we choose who to love Is romantic love rational Can we love more than one person at a time And can we make ourselves fall out of love In *On Romantic Love* Berit Brogaard attempts to get to the bottom of love's many contradictions This short book informed by both historical and cutting edge philosophy psychology and neuroscience combines a new theory of romantic love with entertaining anecdotes from real life and accessible explanations of the neuroscience underlying our wildest passions Against the grain Brogaard argues that love is an emotion that it can be at turns both rational and irrational and that it can be manifested in degrees We can love one person more than another and we can love a person a little or a lot or not at all And love isn't even always something we consciously feel However love like other emotions both conscious and not is subject to rational control and falling in or out of it can be a deliberate choice This engaging and innovative look at a universal topic
