Romanticism And Animal Rights:

Romanticism and Animal Rights David Perkins, 2003-10-23 In England in the second half of the eighteenth century an unprecedented amount of writing urged kindness to animals This theme was carried in many genres from sermons to encyclopedias from scientific works to literature for children and in the poetry of Cowper Wordsworth Coleridge Clare and others Romanticism and Animal Rights discusses the arguments writers used and the particular meanings of these arguments in a social and economic context so different from the present After introductory chapters the material is divided according to specific practices that particularly influenced feeling or aroused protest pet keeping hunting baiting working animals eating them and the various harms inflicted on wild birds The book shows how extensively English Romantic writing took up issues of what we now call animal rights In this respect it joins the growing number of studies that seek precedents or affinities in English Romanticism for our own ecological concerns

The Ecology of British Romantic Conservatism, 1790-1837 Katey Castellano, 2013-10-11 Analyzing Romantic conservative critiques of modernity found in literature philosophy natural history and agricultural periodicals this book finds a common theme in the intergenerational imagination This impels an environmental ethic in which obligations to past and future generations shape decisions about inherited culture and land

Memorializing Animals during the Romantic Period Chase Pielak, 2016-04-22 Early nineteenth century British literature is overpopulated with images of dead and deadly animals as Chase Pielak observes in his study of animal encounters in the works of Charles and Mary Lamb John Clare Samuel Taylor Coleridge Lord Byron and William Wordsworth These encounters Pielak suggests coincide with anxieties over living alongside both animals and cemeteries in the late eighteenth and early nineteenth centuries Pielak traces the linguistic physical and psychological interruptions occasioned by animal encounters from the heart of communal life the table to the countryside and finally into and beyond the wild cemetery He argues that Romantic period writers use language that ultimately betrays itself in beastly disruptions exposing anxiety over what it means to be human what happens at death the consequences of living together and the significance of being remembered Extending his discussion past an emphasis on animal rights to an examination of animals in their social context Pielak shows that these animal representations are both inherently important and a foreshadowing of the ways we continue to need images of dead and deadly Romantic beasts

Natural Rights and the Birth of Romanticism in the 1790s R. White, 2005-11-22 Following the American War of Independence and the French Revolution ideas of the Natural Rights of Man later distinguished into particular issues like rights of association rights of women slaves children and animals were publicly debated in England Literary figures like Wollstonecraft Godwin Thelwall Blake and Wordsworth reflected these struggles in their poetry and fiction With the seminal influences of John Locke and Rousseau these and many other writers laid for high Romantic Literature foundations that were not so much aesthetic as moral and political This new study by R S White provides a reinterpretation of the Enlightenment as it is currently understood

Seeing Suffering in Women's Literature of the Romantic Era Elizabeth A. Dolan, 2016-12-05 Arguing that vision was the dominant mode for understanding suffering in the Romantic era Elizabeth A Dolan shows that Mary Wollstonecraft Charlotte Smith and Mary Shelley experimented with aesthetic and scientific visual methods in order to expose the social structures underlying suffering Dolan s exploration of illness healing and social justice in the writings of these three authors depends on two major questions How do women writers innovations in literary form make visible previously unseen suffering And how do women authors portray embodied vision to claim literary authority Dolan s research encompasses a wide range of primary sources in science and medicine including nosology health travel botany and ophthalmology allowing her to map the resonances and disjunctions between medical theory and literature This in turn points towards a revisioning of enduring themes in Romanticism such as the figure of the Romantic poet the relationship between the mind and nature sensibility and sympathy solitude and sociability landscape aesthetics the reform novel and Romantic era science Dolan s book is distinguished by its deep engagement with several disciplines and genres making it a key text for understanding Romanticism the history of medicine and the position of the woman writer during the period
