Rome And Jerusalem:

Rome and Jerusalem: The Last National Question Moses Hess, 2022-09-15 Rome and Jerusalem is a famous work by Moses Hess that gave rise to the Labor Zionism movement Hess argued for the Jews to return to Palestine and suggested a socialist country where the Jews would become agrarianized through redemption of the soil This book was the first Zionist work to put the question of Jewish nationalism in the context of European nationalism **Rome and Jerusalem; a Study in Jewish Nationalism** Moses Hess, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1918 edition Excerpt EPILOGUE I Hellenes And Hebrews The spiritual views of a man of whatever religion or race are the products of his particular environment But the roots of these conceptions as well as those of social life in general lie in the great web of organic life with which the social life is closely and inseparably connected just as organic life itself is connected with the next life sphere the cosmic There is no absolute line of demarcation between these three life spheres just as there is no difference between the material and the spiritual life The three life spheres do however form sharply defined grades or epochs within the unified and indivisible universal life And just as in each individual life sphere so also in the totality of the universal life every step toward a higher grade of life must have its antecedents in the lower grade Compared with the higher order of life the organic the cosmic life sphere appears lifeless especially on the border line which leads from the life of the cosmic bodies to that of the organisms Here on the surface of the already cooled off and stiffened cosmic bodies we see only the dead residue of the cosmic life sphere out of which the higher organic life sphere developed But if we observe the life of the cosmic sphere where it is still being generated and developed in universal space we cannot deny to it attributes of the divine life the life that is so beautifully described in our literature in the words Last in creation first in thought The remarkable phenomena which were observed in the modern period such as the splitting and other changes going on in the double comets of Bielasch and Liais the solidifying of the cosmic dust its assumption of the spheroid form and spiral

Rome and Jerusalem Martin Goodman, 2008-12-24 A magisterial history of the titanic struggle between the Roman and Jewish worlds that led to the destruction of Jerusalem Martin Goodman equally renowned in Jewish and in Roman studies examines this conflict its causes and its consequences with unprecedented authority and thoroughness He delineates the incompatibility between the cultural political and religious beliefs and practices of the two peoples and explains how Rome's interests were served by a policy of brutality against the Jews At the same time Christians began to distance themselves from their origins becoming increasingly hostile toward Jews as Christian influence spread within the empire This is the authoritative work of how these two great civilizations collided and how the reverberations are felt to this day *Rome and Jerusalem; a Study in Jewish Nationalism* Moses Hess, Meyer Waxman, 2015-09-03 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the

Cities of God and Nationalism

Khaldoun Samman, 2015-12-03 A tour de force in different fields of knowledge It takes world city and world history literatures to a higher level of depth and understanding It is difficult to imagine a more pioneering in depth study of world cities Ramon Grosfoguel Professor Department of Ethnic Studies University of California Berkeley A remarkable and original discussion of three great sacred cities across time and their transformation by nationalism in the modern world Immanuel Wallerstein Yale University Far from spawning an age of tolerance modernity has created the social basis of division and exclusion This book elaborates this provocative claim as it explores the rich but divided histories of three cities located at the crossroads of Islam Christianity and Judaism Many observers presume that violence is built into these sacred cities because their citizens cling to religious or cultural ideals of some archaic age only when this history is overcome can citizens enter a new age of brotherhood Samman persuades us to refocus our attention on modernity which has instilled troubling dilemmas from the outside He shows how these sacred places long ago entered the modern world where global political and economic forces exacerbate nationalism and regional divisions If we are to resolve deep conflicts we must re imagine the institutional basis on which modernity rather than religion is built

Between Rome and Jerusalem Martin Sicker, 2001-01-30 Sicker sheds new light on the political circumstances surrounding the emergence of Rabbinic Judaism and Christianity He places the 300 year history of Judaea from the Hasmoneans to Bar Kokhba 167 B C E 135 C E in the context of Roman history and Judaea s geostrategic role in Rome s geopolitics in the Middle East However because of the unique character of its religion and culture which bred an intense nationalism unknown elsewhere in the ancient world Judaea turned out to be a weak link holding the Roman

Empire in the east together As such it became a factor of some importance in the protracted struggle of Rome and Parthia for hegemony in southwest Asia Judaea thus took on a political and strategic significance that was grossly disproportionate to its size and made its subjugation and domination an imperative of Roman foreign policy for two centuries from Pompeius to Hadrian In effect the history of the period may be viewed as the story of the conflict between Roman imperialism and Judaeian nationalism A fresh look at ancient Middle Eastern and Roman history that will be invaluable for students and scholars of ancient history post biblical Jewish history and of Christian origins **Jerusalem Against Rome** Mireille Hadas-Lebel, 2006 While conquering the world Rome encountered a great number of peoples around the Mediterranean We know very little about how these populations viewed their conquerors The Jews were the only people to offer a comprehensive view of Rome over a great span of time They expressed it in a rich corpus of Hebrew Greek and Aramaic sources reflecting the evolution of the relations between Jews and Romans from alliance and friendship to tensions and revolt culminating for the Jews in temporary compliance to foreign domination together with hopeful expectations for redemption The image of Rome which emerges from apocryphal Talmudic and Midrashic literature durably shaped the Jewish political moral and eschatological vision of the world and history Engaging Rome and Jerusalem ,2015 Modernism in Kyiv Irene Rima Makaryk, Virlana Tkacz, 2010-01-01 Modernism in Kyiv restores the multicultural city of Kyiv to its rightful position as a major player in the dialogue and cross pollination of ideas occurring between important modernist figures in centres such as Paris New York London and Vienna Engaging and highly readable this collection is impressive in its scope depth and breadth The study of modernism has been largely focused on Western cultural centres such as Paris Vienna London and New York Extravagantly illustrated with over 300 photos and reproductions Modernism in Kyiv demonstrates that the Ukrainian capital was a major centre of performing and visual arts as well as literary and cultural activity While arguing that Kyiv s modernist impulse is most prominently displayed in the experimental work of Les Kurbas one of the masters of the early Soviet stage the contributors also examine the history of the city and the artistic production of diverse groups including Ukrainians Russians Jews and Poles Until now a silent presence in Western accounts of the cultural topography of modernism multicultural Kyiv is here revealed in its historical intellectual and artistic complexity Excerpts taken from the works of artists writers and critics as well as the numerous illustrations help give life to the exciting creativity of this period The first book length examination of this subject Modernism in Kyiv is a breakthrough accomplishment that will become a standard volume in the field **Reimagining Jerusalem's Architectural Identities in the Later Middle Ages** Cathleen A. Fleck, 2022-10-10 How can medieval art explain Jerusalem s centrality in the world faiths of Christianity and Islam This book delves into that topic by examining how Jerusalem was creatively represented and reimagined in several intriguing Christian and Islamic artworks in the later Middle Ages c 1187 to 1356 The book considers how European Catholic crusaders Eastern Christian sects and diverse Muslim factions displayed Jerusalem s architecture to express their

interpretation of the holy city's sanctity and influence. These examples demonstrate how artworks can reflect Jerusalem's importance to these faiths in the past and illuminate our understanding of its status into the modern era.

[Vertical Readings in Dante's Comedy](#) George Corbett, Heather Webb, 2016-12-12. This collection to be issued in three volumes offers an unprecedented repertoire of vertical readings for the whole poem. As the first volume exemplifies vertical reading, not only articulates unexamined connections between the three canticles but also unlocks engaging new ways to enter into core concerns of the poem. The three volumes thereby provide an indispensable resource for scholars, students, and enthusiasts of Dante. The volume has its origin in a series of thirty-three public lectures held in Trinity College, the University of Cambridge, 2012-2016, which can be accessed at the Cambridge Vertical Readings in Dante's Comedy website.

Brooks Hedstrom, Daniel F. Callahan, M. A. Claussen, John J. Contreni, Edith Wilks Dolnikowski, Michael Frassetto, Amy Livingstone, Kathleen Mitchell, and Steven A. Stofferahn.
