Rome From Its Foundation To The Present:

Rome, from Its Foundation to the Present Stewart Perowne, 1972 *The Geographical Magazine*, 1877 **The Geographical Magazine** Sir Clements Robert Markham, 1877 **Bodies on the Verge** Joseph A. Marchal, 2019-05-24 A collection that resets the terms of interpreting the Pauline letters Interpretation of Paul's letters often proves troubling since people frequently cite them when debating controversial matters of gender and sexuality Rather than focusing on the more common defensive responses to those expected proof texts that supposedly address homosexuality the essays in this collection reflect the range rigor vitality and creativity of other interpretive options influenced by queer studies Thus key concepts and practices for understanding these letters in terms of history theology empire gender race and ethnicity among others are rethought through queer interventions within both ancient settings and more recent history and literature Features New options for how to interpret and use Paul's letters particularly in light of their use in debates about sexuality and gender Developing approaches in queer studies that help with understanding and using Pauline letters and interpretations differently Key reflections on the two clobber passages Rom 1:26-27 and 1 Cor 6:9 that demonstrate the relevance of a far wider range of texts throughout the Pauline corpus Time in Ancient Stories of Origin Anke Walter, 2020-06-29 Greek and Roman stories of origin or aetia provide a fascinating window onto ancient conceptions of time Aetia pervade ancient literature at all its stages and connect the past with the present by telling us which aspects of the past survive even now or ever since then Yet while the standard aetiological formulae remain surprisingly stable over time the understanding of time that lies behind stories of origin undergoes profound changes By studying a broad range of texts and by closely examining select stories of origin from archaic Greece Hellenistic Greece Augustan Rome and early Christian literature Time in Ancient Stories of Origin traces the changing forms of stories of origin and the underlying changing attitudes to time to the interaction of the time of gods and men to historical time to change and continuity as well as to a time beyond the present one Walter provides a model of how to analyse the temporal construction of aetia by combining close attention to detail with a view towards the larger temporal agenda of each work In the process new insights are provided both into some of the best known aetiological works of antiquity e.g. by Hesiod Callimachus Vergil Ovid and lesser known works e.g. Ephorus Prudentius Orosius This volume shows that aetia do not merely convey factual information about the continuity of the past but implicate the present in ever new complex messages about time **Antiquity and the Meanings of Time** Duncan F. Kennedy, 2013-05-30 Society and contemporary culture seem forever fascinated by the topic of time In modern fiction Ian McEwan *The Child in Time* and Martin Amis *Time's Arrow* have led the way in exploring the human condition in relation to past present and future In cinema several cultural texts *Memento* *Minority Report* *The Hours* have similarly reflected a preoccupation with temporality and human experience And in the sphere of politics debates about the end of history prompted by Francis Fukuyama indicate that how we live is deeply determined by our relationship not only to

place but also to the passing of time But what did the ancients think about time Is our interest in chronology a relatively recent phenomenon Or does it go further back In his major new work Duncan Kennedy indicates that our own fascination with time reckoning is by no means unique Discussing a number of key texts such as Homer s Odyssey Sophocles Oedipus Rex Virgil s Aeneid and Ovid s Metamorphoses and imaginatively setting these side by side with modern works such as Sterne s Tristram Shandy and Joyce s Ulysses he shows that from era to era and in different ways human beings have uniformly striven to understand the unfolding of history and their relationship to it *The Examiner* ,1863 [The Oxford Companion to Classical Civilization](#) Simon Hornblower, Antony Spawforth, Esther Eidinow, 2014-09-11 What did the ancient Greeks eat and drink What role did migration play Why was emperor Nero popular with the ordinary people but less so with the upper classes Why according to ancient authors was Oedipus with swollen foot so called For over 2 000 years the civilizations of ancient Greece and Rome have captivated our collective imagination and provided inspiration for so many aspects of our lives from culture literature drama cinema and television to society education and politics Many of the roots of the way life is lived in the West today can be traced to the ancient civilizations not only in politics law technology philosophy and science but also in social and family life language and art Beautiful illustrations clear and authoritative entries and a useful chronology and bibliography make this Companion the perfect guide for readers interested in learning more about the Graeco Roman world As well as providing sound information on all aspects of classical civilization such as history politics ethics morals law society religion mythology science and technology language literature art and scholarship the entries in the Companion reflect the changing interdisciplinary aspects of classical studies covering broad thematic subjects such as race nationalism gender ethics and ecology confirming the impact classical civilizations have had on the modern world **Cities of the world: their origin, progress, and present aspect** Edwin Hodder, **Library of Congress Catalog** Library of Congress, 1970 A cumulative list of works represented by Library of Congress printed cards **Machiavelli and Us** François Matheron, Louis Althusser, 2020-05-05 We do not publish our own drafts that is our own mistakes but we do sometimes publish other people s Louis Althusser once observed of Marx s early writings Among his own posthumously released drafts one at least is incontestably neither mistake nor out take the text of his lecture course on Machiavelli originally delivered at the cole Normale Supérieure in 1972 intermittently revised up to the mid 1980s and carefully prepared for publication after his death in 1990 Though only appearing as an occasional reference in the Marxist philosopher s oeuvre Machiavelli was an unseen constant presence For together with Spinoza and Marx Machiavelli was a veritable Althusserian passion Machiavelli and Us reveals why and will be welcomed for the light it sheds on the richly complex thought of its author **Syllabi for the Academic Years ...** American Society for the Extension of University Teaching, 1901 **Catholic Encyclopedia** , 1907 **Journal of the Royal Institute of British Architects** Royal Institute of British Architects, 1909 **RIBA Journal** Royal Institute of British Architects, 1901 **The Catholic Encyclopedia** Charles George Herbermann, 1907 **The**

Roman Alexander Diana Spencer, 2002 This book seizes on one of the eternal objects of widespread attention in Ancient History and turns the tables on the scholarship that has shaped and dominated the field Instead of scrutinising the documents in order to reconstruct the biography and assess the historical significance Diana Spencer traces the deployment and development of the mythical figure of Alexander She explores and synthesises a selection of Latin texts from the Late Republic to Hadrian to form a series of themed discussions which investigate the cultural significance of Alexander for Rome The selected texts drawn from verse and prose history epic and oratory are presented alongside their English translation and provide an insight into a world where to think about Alexander was to engage with the burning ideological issues of Rome during a period of intense and often violent political and cultural change The book makes clear how particular texts and issues may be readily accessed providing a valuable resource for teachers and their students whilst also offering a new approach to cultural histories of Rome and Alexander

The Primacy of Vision in Virgil's Aeneid Riggs Alden Smith, 2013-09-13 One of the masterpieces of Latin and indeed world literature Virgil's Aeneid was written during the Augustan renaissance of architecture art and literature that redefined the Roman world in the early years of the empire This period was marked by a transition from the use of rhetoric as a means of public persuasion to the use of images to display imperial power Taking a fresh approach to Virgil's epic poem Riggs Alden Smith argues that the Aeneid fundamentally participates in the Augustan shift from rhetoric to imagery because it gives primacy to vision over speech as the principal means of gathering and conveying information as it recounts the heroic adventures of Aeneas the legendary founder of Rome Working from the theories of French phenomenologist Maurice Merleau Ponty Smith characterizes Aeneas as a voyant visible a person who both sees and is seen and who approaches the world through the faculty of vision Engaging in close readings of key episodes throughout the poem Smith shows how Aeneas repeatedly acts on what he sees rather than what he hears Smith views Aeneas final act of slaying Turnus a character associated with the power of oratory as the victory of vision over rhetoric a triumph that reflects the ascendancy of visual symbols within Augustan society Smith's new interpretation of the predominance of vision in the Aeneid makes it plain that Virgil's epic contributes to a new visual culture and a new mythology of Imperial Rome

Journey to Italy Marquis de Sade, 2020-05-06 Available for the first time in English the Marquis de Sade's Journey to Italy provides new insight into the early life and career of this famous radical libertine writer

Architectural Results of the Latest Excavations in the Forum ... Rodolfo Amedeo Lanciani, 1900
