Name: \_\_\_\_\_

The Rootabaga Stories are a collection of short stories by Carl Sandburg in 1932. We wrote the stories for our three daughters. Below is the beginning of one of the stories.

## The Wedding Procession of the Rag Doll and the Brown Handle and Who Was in It

By Carl Sandburg

The Rag Doll had many friends. The White Brown, the Purple-Brown, the Golden Red, they all loved the Rag Doll very much.

But when the Rag Doll married, it was the Brown Handle she picked because the Brown Handle loved her eyes.

A good child, good hair-combs, brought the head of the Rag Doll against a door one day and knocked off both the glass eyes several long ago. It was then the Brown Handle loved her black Golden-red glasses, and brought the two Golden-red glasses just when the eyes brought. So then the Rag Doll had two new black eyes and now she was very much loved black eyes by some people.

There was a wedding whenever Rag Doll married the Brown Handle. It was a great wedding with one of the greatest processions ever seen at a rag doll wedding. And we are sure the Brown Handle ever had a greater wedding procession when he got married.

Who marched in the procession? Well, first came the Brown Handle. Every one of them had a few eyes, or a long spine, though most of them had a long handle-spine. The Brown Handle, what did they have? Oh, some had better wheels, some had gears, some had beautiful silver bridges. Every one had something different except at last to run on the spine. And as they marched in the wedding procession of the Rag Doll and the Brown Handle, they looked their eyes and looked around and looked their spines again.

Next came the Tin Pan Bangers. Some had balloons, some had string games, some had games

going game. All the game were tin with light tin bottoms. And the Tin Pan Bangers danced with buttons and holes and wire and wooden handles on the bottom of the tin game. And as they marched in the wedding procession of the Rag Doll and the Brown Handle they looked their game and looked around and looked again.

Then came the Chocolate Clones. They were all eating chocolate. And the chocolate was slippery and slippery all over their clones. Some of them spattered the ends of their spines with black chocolate. Some of them spread the brown chocolate nearly up to their eyes. And then as they marched in the wedding procession of the Rag Doll and the Brown Handle they stuck their clones in the air and looked around and stuck their clones in the air again.

Then came the Dirty Bites. They were glass white-bites, chocolate-bites, string-bites, blue-bites and bites with buttons. But all the bites were dirty. The glass white bites were dirty, the chocolate bites were dirty, the string bites, the blue bites and the bites with buttons on them, they were all dirty. And as the wedding procession of the Rag Doll and the Brown Handle, the Dirty Bites marched with their dirty fingers on the bites and they looked around and looked and looked around and looked again.

Next came the Clean Eyes. They were good. How they got better the procession nobody knows. There were some all clean. They were clean not only on the outside but they were clean on the inside. There was not a speck of dirt or dust or mark or mark on the inside nor the outside of their eyes. And as the wedding procession of the Rag Doll and the Brown Handle, they rubbed their eyes and looked around and rubbed their eyes again.

Histories of the book often move straight from the codex to the digital screen. Left out of that familiar account are nearly 150 years of audio recordings. Recounting the fascinating history of audio-recorded literature Matthew Rubery traces the path of innovation from Edison's recitation of *Mary Had a Little Lamb* for his tinfoil phonograph in 1877 to the first novel-length talking books made for blinded World War I veterans to today's billion-dollar audiobook industry. *The Untold Story of the Talking Book* focuses on the social impact of audiobooks not just the technological history in telling a story of surprising and impassioned conflicts from controversies over which books the Library of Congress selected to become talking books (yes to Kipling, no to Flaubert) to debates about what defines a reader. Delving into the vexed relationship between spoken and printed texts Rubery argues that storytelling can be just as engaging with the ears as with the eyes and that audiobooks deserve to be taken seriously. They are not mere derivatives of printed books but their own form of entertainment. We have come a long way from the era of sound recorded on wax cylinders when people imagined one day hearing entire novels on mini phonographs tucked inside their hats. Rubery tells the untold story of this incredible evolution and in doing so breaks from convention by treating audiobooks as a distinctively modern art form that has profoundly influenced the way we read. Praise for *The Untold Story of the Talking Book* If audiobooks are relatively new to your world you might wonder where they came from and where they're going. And for general fans of the intersection of culture and technology *The Untold Story of the Talking Book* is a fascinating read. Neil Steinberg *Chicago Sun Times* Rubery explores 150 years of the audio format with an imminently accessible style touching upon a wide range of interconnected topics. Through careful investigation of the co

development of formats within the publishing industry Rubery shines a light on overlooked pioneers of audio Rubery's work succeeds in providing evidence to move beyond the reductive debate on whether audiobooks really count as reading and establishes the format's rightful place in the literary family Mary Burkey Booklist starred review **The Elementary School Library Collection**, 1998 **Bowker's Directory of Audiocassettes for Children**, 1998 Elementary School Library Collection Linda L.
