Selfless Minds Monima Chadha, 2023-01-28 Selfless Minds offers a new interpretation of no self metaphysics in Vasubandhu's Abhidharmakosa Bhasya Monima Chadha reads Vasubandhu as defending not only eliminativism about self but also about persons and illusionism about the sense of self and all kinds of self representation This radical no self thesis presents several challenges for Abhidharma Buddhist philosophy of mind Even if we then grant that there is no self we are left with deeper questions about the sense of self or self representations implicated in our ordinary everyday experience and thought about the world and ourselves And if we grant that there are no persons questions remain about the status of our person related concerns and interpersonal practices Selfless Minds answers these questions on behalf of the Abhidharma Buddhist The first part of the book defends the hypothesis that we can salvage much of our experience and thought without implicating self representations The second part of the book examines the revisionary implications of the no person metaphysics Some of these seem unpalatable if not downright absurd This she argues give us reason to re evaluate both the Abhidharma metaphysics and our ordinary person related practices and concerns in light of each other by using some sort of wide reflective equilibrium Selfless Minds is a contribution to cross cultural philosophy that studies the nature of selfless minds from a place at the crossroads of different traditions and disciplines philosophy in the traditional Buddhist and contemporary Western traditions and contemporary cognitive sciences

Tourism Experiences and Animal Consumption Carol Kline, 2018-01-17 This book provides an interdisciplinary discussion of animals as a source of food within the context of tourism It focuses on a range of ethical issues associated with the production and consumption of animal foods highlighting the different ways in which animals are valued and utilised within different cultural and economic contexts This book brings together food studies of animals with tourism and ethics forming an important contribution to the wider conversation of human animal studies

Understanding Self-Worth Dawna Daigneault, Chris Brown, 2025-09-08 Understanding Self Worth A Guide to Worth Conscious Theory and Psychotherapeutic Practice is a guide for psychotherapists confounded by the struggle of working with clients who present with a pervasive pattern of denied self worth When self worth is perceived as conditional or denied altogether clients may become complicit in creating a lost worth story the story they tell that keeps them denying their own worth The denial may include generational abusive and or intrusive injunctions that go against their lived truth Psychotherapists will come away from this book with a deep understanding of the importance of attending to the degree of trauma experienced when the client's self worth is separated from their individual truth Moreover where there is worth based trauma the psychotherapist will learn models both for helping clients gently and honestly reestablish a worthy and true sense of self and for consciously guiding clients toward recovery of human worth as a birthright

Kant's Defense of Common Moral Experience Jeanine

Grenberg,2013-07-18 In this book Jeanine Grenberg argues that everything important about Kant s moral philosophy emerges from careful reflection upon the common human moral experience of the conflict between happiness and morality Through careful readings of both the Groundwork and the Critique of Practical Reason Grenberg shows that Kant typically thought to be an overly technical moral philosopher in fact is a vigorous defender of the common person s first personal encounter with moral demands Grenberg uncovers a notion of phenomenological experience in Kant s account of the Fact of Reason develops a new a reading of the Fact and grants a moral epistemic role for feeling in grounding Kant s a priori morality The book thus challenges readings which attribute only a motivational role to feeling and Fichtean readings which violate Kant s commitments to the limits of reason This study will be valuable to students and scholars engaged in Kant studies

Sartre, Self-formation and Masculinities Jean-Pierre Boulé,2005 Published on the occasion of Sartre s Centenary this book helps to understand the man behind the work offering a psycho social analysis of Jean Paul Sartre with an emphasis on his masculinity It sets out to contextualize Sartre in terms of his psycho sexual formation and processes of self constitution in view of his childhood The main period under detailed study is 1905 1945 before Sartre became the Sartre It concentrates on his early childhood his teenage years in La Rochelle the years at the Ecole Normale and the first few years of his adulthood with specific attention on the war years An analysis of Sartre s relationships follows with Simone de Beauvoir and other women and men including love and sex before a postscript covering the period 1973 1980 This essay is not a reductive account It tells the story of Jean Paul Sartre from the inside out so that the achievements of one of the major intellectuals of the 20th Century can be measured against his own internal struggles *Subject Catalog* Library of Congress,1977
