awareness of the role of light and colour in the devotional and often monumental images of the Madonna of altarpieces and of allegories contributed to the founding of what we now recognise as the hall mark of Venetian painting that culminated with Titian Of the Bellini family it has been Giovanni who was generally regarded as the major figure of the dynasty Pacht however devotes particular attention to Jacopo s work interpreting it as the basis for his sons later development He analyses Jacopo s London and Paris Sketchbook drawings demonstrating where Late Gothic elements can be seen to be overtaken by the need to give perspective depth to the image and how subsequent painting took account of these changes This is also the essence of Pacht s examination of Mantegna s work where the construction of space and depth is the key to our understanding of Mantegna s creative process Turning to the next generation of the Bellini family Pachts guides our eyes to appreciate the refinement and perception of Gentile s portraits and finally takes us step by step through the works of Giovanni where fantasy combines with the play of colour and light in creating compositions devotional images and landscape settings of perfect harmony and beauty
