Parents Journal Guide To Raising Great Kids

Charlotte E. Thompson

Parents Journal Guide To Raising Great Kids:

The Parent's Journal Guide to Raising Great Kids Bobbi Conner, 1997 The Parent's Journal Guide to Raising Great Kids is a comprehensive book of ingredients for raising children. It is based upon Bobbi Conner's experience as a mother and upon the ten years of research and broadcast interviews Bobbi has conducted in putting together The Parent's Journal, her award-winning public radio show that reaches 1.4 million parents a week. The Parents Journal Guide identifies the most important things every child needs in order to develop and thrive and presents easy everyday opportunities to meet these needs through the ordinary daily routine of parents and children. Through over 700 in-depth interviews on topics ranging from temper tantrums to kids in sports to baby's first words to homework hassles, Bobbi has sifted through a vast assortment of parenting information to find the best tried and true parenting wisdom. Each chapter of The Parents Journal Guide is formatted to include three distinctive accessible components: What Kids Need, Parent's Job Description, and Everyday Opportunities, and will include information targeting the different stages in your child's life.

Parents Who Think Too Much Anne Cassidy, 2010-10-06 With the baby boom generation came the genre of parenting books that told parents how to teach their kids everything from toilet training to developing self-esteem. Generally, the message has been: go easy on your child but hard on yourself. It is starting to become apparent, especially in the best of families, that giving your kids lots of choices, validating their feelings at great peril to your own, and providing enough individual attention for each child is creating a generation of kids over whom we have no control. Cassidy argues that this comes from overthinking our role as parents. We've pondered every step so much that the juice, the joy, and worst of all, our confidence is gone. The reasons are clear. We have fewer children later in life, so we've had more time to ponder. We've grown up just as research on infant and child development has come of age, so there's no shortage of material to think about. As a generation, we've prided ourselves on self-improvement and we bring the same zeal to child improvement. We're less likely to live close to our families and so are more likely to seek out expert solutions. To counter this thinking, Cassidy will suggest keeping the big picture in mind: what kind of people do you really want your kids to be? Honest, kind, cooperative, empathetic. It may mean losing sight of whether enough play dates are scheduled for the week, and if you've positively reinforced the latest creative endeavor, but it will bring back your instincts about what is important to your family as a whole and to your kids to become decent people.

Raising Great Kids Henry Cloud, John Townsend, 2009-09-01 What does it take to raise great kids? If you've read any books on parenting, conflicting opinions have probably left you feeling confused. Get tough. Show acceptance. Lay down the rules. Lighten up already. There's got to be a balance, and there is. Joining their expertise with the wisdom of MOPS International Mothers of Preschoolers, Drs. Henry Cloud and John Townsend help you provide both the care and acceptance that make grace real to your child and the firmness and discipline that give direction. Avoiding the twin extremes of permissiveness and over-control, Drs. Cloud and Townsend show how you can help your child cultivate six necessary character traits: attachment, responsibility, reality,

competence morality and worship spiritual life At last here is an effective middle ground for raising up children who will handle life with maturity and wisdom Raising Great Kids will help you equip your son or daughter to accept life's responsibilities grow from its challenges and freely and fully explore all that it has to offer **Your Personal Parenting Guide** Charlotte E. Thompson, M.D., 2015-09-21 As parents you will and must quickly become the experts with your baby Charlotte E Thompson M D Charlotte E Thompson M D has been a practicing pediatrician for fifty years She holds a B A and M D from Stanford University is a Fellow of the American Academy of Pediatrics and an Assistant Clinical Professor of Pediatrics at U C San Diego Medical School In 2005 and 2007 she was named as one of the Top Pediatricians in the United States by the Consumer's Research Council of America Dr Thompson is a mother a grandmother and the author of eight books including Raising a Handicapped Child published in 1986 and now in its fifth edition **Raising a Handicapped Child** Charlotte E. Thompson, 2000 Still the only handbook of its kind to discuss both the emotional and physical problems of raising a child with a disability this guide offers complete practical and reassuring advice for parents who care for these children **Raising a Child with a Neuromuscular Disorder** Charlotte E. Thompson, 1999 A compassionate and comprehensive guide for parents and others who care for children and teenagers with neuromuscular disorders A large appendix offers resources state by state and country by country *Grandparenting a Child with Special Needs* Charlotte Thompson, 2009-04-15 This book provides guidance on how to grandparent a child with special needs and give parents the added support they need From coming to terms with a diagnosis to helping with the transition from adolescence to adulthood the book gives clear advice on grandparenting a child with special needs throughout their life **The Publishers Weekly**, 2000 It Takes a Parent Betsy Hart, 2006-08-01 Syndicated columnist and mother of four Betsy Hart presents a passionate provocative argument against today's parenting culture parents who put their kids on a pedestal shy away from discipline and cede the power to take decisions large and small to their children Covering hot topics from spanking and discipline to giving kids way too many choices this commonsense book shifts the focus back to the role and responsibilities of parents for guiding the character and hearts of their children so they'll grow up to be responsible adults themselves Developmental Psychology Mark Bennett, 1999 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company
