A small illustration of a person in a dark coat holding a bright red umbrella, walking through a misty or rainy landscape. The person is seen from behind, walking away from the viewer. The background is a soft, painterly mix of light blues, pinks, and whites, suggesting a dreamy or ethereal atmosphere. There are some faint, colorful streaks and splatters around the person, possibly representing rain or magical energy.

Parole Et Pensee:

La Pensee logique et politique de M. Merleau-Ponty Joseph M Labaki,2021-01-20 Maurice Merleau Ponty is the giant phenomenologist of his time in the entire French speaking world He is not an epistemologist nor a moralist For him the beginning of the beginning is human flesh the flesh becomes word the word becomes flesh and both die There is science and there is experience perception The mother is the latter They aren t contradictory but complete and depend on each other With regard to language for him there are words and there is grammar A word is never empty but carries its own weight even a lie is full of meaning Liberty resides in grammar an individual function and independent from books It s in the grammar where singularity lives Thinking and talking are the same Wherever there is human life there is meaning and that is irrespective of age culture religion education or social position Merleau Ponty is not a Marxist nor a communist According to him history is blind it has no mind He also finds a flaw in Freudianism Flesh is an infinite universe full of stars and black holes Following Merleau Ponty verity is dévoiler and dévoiler is verity but verity is never absolute One must take a step back There is light and there is shadow they never coincide in human life The shadow is always first and no matter how one tries to run he will never catch his shadow , L'origine de la pensée et de la parole E.
