His realistic approach to self defense training provides readers with an historical and intellectual overview of the various forms of fighting systems, such as Filipino Martial Arts, Jeet Kune Do, street fighting, and Silat, and offers clear, concise explanations of many different styles of fighting and self defense. By presenting the reader with anecdotal evidence, including information obtained from prison inmates and medical authorities about their ideas on fighting and self defense, the author informs the reader about the reality of what the police are really up against out there on the beat.
