Historical Origins of International Criminal Law Morten Bergsmo, CHEAH Wui Ling, YI Ping, 2014-12-12 The historical origins of international criminal law go beyond the key trials of Nuremberg and Tokyo but

remain a topic that has not received comprehensive and systematic treatment This anthology aims to address this lacuna by examining trials proceedings legal instruments and publications that may be said to be the building blocks of contemporary international criminal law It aspires to generate new knowledge broaden the common hinterland to international criminal law and further develop this relatively young discipline of international law The anthology and research project also seek to question our fundamental assumptions of international criminal law by going beyond the geographical cultural and temporal limits set by the traditional narratives of its history and by questioning the roots of its substance process and institutions Ultimately we hope to raise awareness and generate further discussion about the historical and intellectual origins of international criminal law and its social function The contributions to the three volumes of this study bring together experts with different professional and disciplinary expertise from diverse continents and legal traditions Volume 2 comprises contributions by prominent international lawyers and researchers including Professor LING Yan Professor Neil Boister Professor Nina H B J rgensen Professor Ditlev Tamm and Professor Mark Drumbl

You Think That's Bad Jim Shepard, 2011-03-22 Following Like You d Understand Anyway awarded the Story Prize and a finalist for the National Book Award Jim Shepard returns with an even more wildly diverse collection of astonishingly observant stories Like an expert curator he populates the vastness of human experience from its bizarre fringes and lonely breathtaking pinnacles to the hopelessly mediocre and desperately below average with brilliant scientists reluctant soldiers workaholic artists female explorers depraved murderers and deluded losers all wholly convincing and utterly fascinating A black world operative at Los Alamos isn t allowed to tell his wife anything about his daily activities but he can t resist sharing her intimate confidences with his work buddy A young Alpine researcher falls in love with the girlfriend of his brother who was killed in an avalanche he believes he caused An unlucky farm boy becomes the manservant of a French nobleman who s as proud of his military service with Joan of Arc as he s aroused by the slaughter of children A free spirited autodidact grieving her lost sister traces the ancient steps of a ruthless Middle Eastern sect and becomes the first Western woman to travel the Arabian deserts From the inventor of the Godzilla epics to a miserable G I in New Guinea each comes to realize that knowing better is never enough Enthralling and unfailingly compassionate You Think That s Bad traverses centuries continents and social strata but the joy and struggle that Shepard depicts with such devastating sensitivity all the heartbreak alienation intimacy and accomplishment has a universal resonance

The Poem Behind the Poem Frank Stewart, 2004 The translator must keep faith with the deeper

need that poetry fulfills in our lives to discover not what the poem says but what it does Tony Barnstone in his essay Poem Behind the Poem The translation of Asian poetry into Western languages has been one of the most important literary events over the past one hundred years Readers have fallen in love with Asian poetry and writers have been greatly influenced by it What neither reader nor writer ever witness is the intense engagement behind the poem how the translator must serve as both artist and alchemist urging a poem to work and sing in a foreign language Success is rare and the practice of translation as W S Merwin has written is plainly impossible and nevertheless indispensable This endlessly fascinating anthology the first of its kind gathers essays poems in translation and worksheets from twenty one noted translators who discuss their aspirations methods and the forces of imagination necessary to bring a poem from one language into another Languages discussed include Chinese both ancient and modern Japanese Korean Vietnamese Khmer and Sanskrit A truly apt translation of a poem may require an effort of imagination almost as great as the making of the original The translator who wishes to enter the creative territory must make an intellectual and imaginative jump into the mind and world of the poet and no dictionary will make this easier Gary Snyder on translating the Chinese poet Han shan Contributors include Gary Snyder Willis Barnstone Jane Hirshfield J P Seaton John Balaban Michelle Yeh Arthur Sze W S Merwin and Sam Hamill
