Pontbriand,2021-02-28 Childhood or wildhood This collection of stories begins with a young boy whose cleverness ability and determination are more in line with an adult rather than the curious minded six year old that we are introduced to in the first story Normal was never to be a part of Marcel Pontbriand s life Orphaned at the tender young age of 14 and with only pennies to his name you ll read about how he took to the ice roads of Canada and met with fear tragedy and obstacles that only few could even imagine Challenge defeat and the curses of Mother Nature would forge the young Marcel into a focused dreamer who would plan re examine his situation and promise himself a better life all the while pledging to help others along the way Just like the highways of Canada and the U S A it s never a straight path to meet a timeline and a destination These stories will take you on an adventure of one man s life that was intertwined with controversy crime and corruption It s been a truckin hard life for Marcel Pontbriand a life that he would not change in the least because it molded him into what he became to be called Cowboy of the Road He has driven more than 5 million miles behind the wheel of his Peterbilt rig So let us begin this incredible collection of true tales right now Blessed Motherhood, Bitter Fruit Elinor Accampo,2006-09-08

Nelly Roussel 1878 1922 the first feminist spokeswoman for birth control in Europe challenged both the men of early twentieth century France who sought to preserve the status quo and the women who aimed to change it She delivered her messages through public lectures journalism and theater dazzling audiences with her beauty intelligence and disarming wit She did so within the context of a national depopulation crisis caused by the confluence of low birth rates the rise of international tensions and the tragedy of the First World War While her support spread across social classes strong political resistance to her message revealed deeply conservative precepts about gender which were grounded in French identity itself In this thoughtful and provocative study Elinor Accampo follows Roussel s life from her youth marriage speaking career motherhood and political activism to her decline and death from tuberculosis in the years following World War I She tells the

story of a woman whose life and work spanned a historical moment when womanhood was being redefined by the acceptance of a woman's sexuality as distinct from her biological reproductive role a development that is still causing controversy today
