What Unions No Longer Do Jake Rosenfeld, 2014-02-10 From workers wages to presidential elections labor unions once exerted tremendous clout in American life In the immediate post World War II era one in three workers belonged to a union The fraction now is close to one in five and just one in ten in the private sector The only thing big about Big Labor today is the scope of its problems While many studies have explained the causes of this decline *What Unions No Longer Do* shows the broad repercussions of labor's collapse for the American economy and polity Organized labor was not just a minor player during the middle decades of the twentieth century Jake Rosenfeld asserts For generations it was the core institution fighting for economic and political equality in the United States Unions leveraged their bargaining power to deliver benefits to workers while shaping cultural understandings of fairness in the workplace *What Unions No Longer Do* details the consequences of labor's decline including poorer working conditions less economic assimilation for immigrants and wage stagnation among African Americans In short unions are no longer instrumental in combating inequality in our economy and our politics resulting in a sharp decline in the prospects of American workers and their families

The Addiction Game Megan Z. Ellis, 2025-02-10 Hi I'm Megan and I had a gambling problem If you're reading this chances are you already know that gambling can be more than just a game It can feel like a battle one that challenges your control your mental peace and even your future I've been there I've felt the rush of winning the excitement of hearing the ding of the machine and the hope that maybe just maybe this time would be different But I also know the pain of losing how that whirr of the reels spinning could easily turn into a feeling of despair It's not easy to admit

when something has such a strong grip on you but trust me there's hope and there's a way out And that's exactly what this book is here to help you with understanding what's going on and offering you the tools and support you need to break free from gambling's hold In this book I'll walk you through my personal journey with gambling addiction from the thrill of the first win to the crushing consequences of losing control It's easy to brush it off when it's just a few bets here and there but over time it can slowly take over I get it Gambling addiction can feel isolating and confusing it doesn't look the same for everyone For some it's an occasional slip something they can shake off But for others like me it's a slow burn that creeps into every aspect of life making you feel trapped I'll help you understand how gambling takes hold I've experienced firsthand the powerful way the brain gets hijacked by the constant highs and lows I remember the clink clink clink of the slot machine as the reels spun and how every ding seemed to promise something better But beneath all of that excitement lies an illusion the belief that we can control it that this time we'll win I dive into the psychology of gambling in this book explaining how our brains get caught in the cycle and why we keep returning even when we know the odds are stacked against us But it's not just about the mental grip of gambling it's also about the very real consequences it has on your life From the mounting debts to the strain on your health to the damage it can do to your relationships gambling addiction leaves deep scars And though it's tough it's important to remember you're not alone in this I'll share practical advice on therapy support groups and other treatment options that can help you take the first steps toward healing Recovery is a journey and it's not always linear But it's absolutely possible Throughout this book I'll share stories of hope and resilience stories of people who've been through the struggle and come out the other side stronger and more balanced I want you to feel encouraged and supported knowing that you're not alone and that there are real steps you can take today to regain control of your finances your health and your happiness If you've ever felt trapped by gambling I want you to know that there is a way out It starts with understanding what's happening inside your mind and acknowledging the hold that gambling has on you The Addiction Game is your roadmap to breaking free finding hope and reclaiming your life It's a compassionate non-judgmental guide for anyone ready to step away from the cycle and create a healthier more balanced life I'm here to share my story with you and I'm rooting for you to take the first step too I know how hard it can be but I also know how incredibly freeing it is to reclaim control over your life Ready to take that first step Let's do this together
