

With these volumes and a bit of background in phonetics, actors should be able to present reasonably accurate accents of most modern English-speaking areas. Certainly they could do better than the mish-mash commonly heard in performances today where a non-local accent is attempted.

Linguists will find these volumes an easy route to a vast amount of data. They present general phonologists with material to look at naturalness and at the problems of abstractness and panlectal descriptions. Dialect material is usually so detailed that the non-specialist is easily discouraged from swimming through a sea of minutiae. Where Wells does not provide enough information, the material he gives will serve as a chart to negotiate more detailed descriptions. Besides, it is fun to read. One of the joys of English is its variety of accents, and Wells increases our pleasure greatly.

En plus de l'enregistrement final des 26 émissions de la série, ce fonds comprend les interviews de plus de 70 résidents francophones adultes du sud-ouest ontarien. L'ensemble est précédé d'une présentation détaillée du volume et suivi de fiches signalétiques visant à renseigner le lecteur sur les principales caractéristiques sociales des sujets interviewés. On
