Looking Beyond The Mask:

Looking Beyond the Mask Nancy Brown Diggs, 2016-02-24 Looking Beyond the Mask focuses on the personal stories of the growing number of American women who despite vast cultural differences and sometimes because of them are married to Japanese men Although the problems encountered in such marriages are similar to those found in any union there are cultural implications that can exacerbate almost any of them Potential areas of conflict are examined such as in laws customs and manners values living conditions religion communication sex and gender and raising children The book deals with meeting such challenges and attempting to look beyond the cultural masks to see the real people behind them The women in question stress the importance of commitment a flexible attitude a strong sense of identity a support network a sense of perspective and a sense of humor They also reveal the benefits of these marriages including a greater appreciation for Japanese ways and the opportunity to continually grow and learn Based on extensive research the book provides a new look at Japan from the unique perspective of those American women most intimately involved with its culture **A Hundred**

Years of Bibliotherapy Siobhan Campbell, Sara Haslam, Edmund G. C. King, 2025-05-16 The First World War gave new and vital impetus to the ancient idea that books could heal This interdisciplinary collection provides a targeted survey of 100 years of historical and contemporary understandings and practices of the book as cure The contributors explore the curative practices of wartime reading how they were developed and institutionalized after the war and the afterlives of these ideas and practices today Divided into three sections the first considers bibliotherapy in World War I It is rooted in the wartime cultures which ensured bibliotherapy became part of the active treatment of soldiers damaged minds and bodies on both sides of the Atlantic after 1914 Parts two and three examine the expanding variety of critical contexts both historical and more modern in which reading and wellbeing continued to intersect The chapters draw on a wide range of source material from trench magazines to autograph books to e novels as well as on data and information drawn from practice based encounters They also provide the basis for further scholarly exploration of for example national traditions and contexts and the inter disciplinary relationships which they inspire A Hundred Years of Bibliotherapy Healing through Books provides the first interdisciplinary dialogue on and account of bibliotherapy addressing both historical and present day modes of engaging with the ostensibly curative power of reading and reading cultures It is an invaluable resource for scholars of literary studies book history and the medical humanities **UnMasking Alzheimer's: The Memories Behind the Masks** Cynthia Huling Hummel, 2017-09-03 UnMasking Alzheimer's The Memories Behind the Masks is a collection of photographs of the thirty six masks created by Alzheimer's advocate and artist Cynthia Huling Hummel along with her reflections on the challenges and hopes of living well with an AD diagnosis **Mexico Behind the Mask** Beldon Butterfield, 2013 A compelling reflection on Mexico *Living Your Dream, Not Someone Else's* James Nussbaumer, 2020-11-06 In the personal research I have done in writing this book I lived and saw the effects of stress and loss and fear while learning the importance of self control self

awareness and connectedness The men I have lived among behind bars in prison have taught me lessons that they don't realize they are teaching me It's what I most needed to know Besides them there are those few family members and friends who have supported me and have kept my hope alive for living my own dream come true Yes at this moment I am inking with pen these words into a composition journal from a prison cell where the words will next find their way to typing and editing then to publication I can see my work one day being in your hands I'll be honest in saying that I didn't write this book as being an acclaimed spiritual guru only as a man who has always been searching for what the world could not teach me My expertise does not prevail from years of contentment and having things fall my way but actually more so from being an individual who always sought for goodness of heart in myself and in others while having my own share of errors My thoughts extend to you in the form of these words from a man who talked himself down from many emotional ledges In prison every moment is a struggle just to keep the chains of oppression unlocked Leo Tolstoy wrote that Each time of life has its own kind of love At this time in my life those who are behind me are my true riches Margaret Mead once suggested that the deepest dream coming true for humans is to have someone who cares that we make it home safe I recall an old grocery store owner serving a sentence of thirty years to life for a murder he says he did not commit He'd already served thirty three years when attending a parole board hearing They gave him a definite release date of twelve more years and he was elated A dream come true just knowing he had a release date to look forward to His toothless smile with gray whiskers told me his children will be pleased He was now seventy six Those of you that know me understand how grateful I feel in here for only having to deal with the simple securities violation that landed me ten years by an example setting judge of which I've been told I will not fully serve I cannot fathom an entire life in prison Could you These men mostly of who serve life sentences that I live among have given me high expectation of myself that I want to extend on to you It is what A Course in Miracles calls The power of turning any situation that is not of love back into love by thinking differently Every day an urge inside me suggests what I need to do which is to be fully present and to patiently not waste time I want every moment of time while in here spent writing studying exercising or being helpful My time in prison is almost over and for that I am thankful During this brief time a pit stop so to speak the voice within me suggests I see things this way Life goes on so I've decided that as long as I am living I might as well live

Becoming Claire Blatchford,2001-02 Published in 1904 CW 10 While we cannot all instantly become seers the cognitive insights of a person who has such vision can nevertheless provide healthy food for all All of us can apply these insights to our lives and if we do so we shall soon realize not only the possibilities of life in every area but also what life lacks when we exclude these insights Rudolf Steiner This is the bestselling classic account of the modern

Western esoteric path of initiation made public by Steiner in 1904 He begins with the premise that the capacities by which we can gain insights into the higher worlds lie dormant within each one of us Steiner carefully and precisely leads the reader from the cultivation of the fundamental soul attitudes of reverence and inner tranquility to the development of inner life through the stages of preparation illumination and initiation Steiner provides practical exercises of inner and outer observation and moral development By patiently and persistently following his guidelines new organs of soul and spirit begin to form which reveal the contours of the higher worlds thus far concealed from us Steiner in this important work becomes a teacher a counselor and a friend whose advice is practical clear and effective The challenges we face in life require increasingly deeper levels of understanding and Steiner s text helps readers to cultivate the capacities for such insights and places them at the service of humanity This is Steiner s most essential guide to the modern path of initiation he advocated throughout his life It has been translated into many languages and has inspired hundreds of thousands of readers around the world How to Know Higher Worlds has been admired by some of the most brilliant minds of our time This volume is a translation from German of the written work *Wie erlangt man Erkenntnisse der höheren Welten* GA 10
