A Generation of Spanish Poets 1920-1936 C. B. Morris, 1969-09 This critical study of the group of remarkably talented poets who flourished in Spain between the First World War and the Spanish Civil War includes copious quotations accompanied by English prose translations Mr Morris treats his poets as a group showing how they shared certain themes and attitudes He begins with a general study of the generation as a whole and then examines the use of tradition the zest and levity of the Jazz Age the exaltation of life as a shared attitude then its converse the escape from life and finally the expression in complex imagery of personal tensions and disturbances These are often difficult poets but become less so when they are sympathetically examined in this way and in relation to earlier literary traditions Mr Morris enables the reader to take bearings and establish relationships which are enhanced by reproductions of photographs of the poets

The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the

range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators

New Approaches to Translation, Conflict and Memory Lucía Pintado Gutiérrez, Alicia Castillo Villanueva, 2018-10-10 This interdisciplinary edited collection establishes a new dialogue between translation conflict and memory studies focusing on fictional texts reports from war zones and audiovisual representations of the Spanish Civil War and the Franco Dictatorship It explores the significant role of translation in transmitting a recent past that continues to resonate within current debates on how to memorialize this inconclusive historical episode The volume combines a detailed analysis of well known authors such as Langston Hughes and John Dos Passos with an investigation into the challenges found in translating novels such as *The Group* by Mary McCarthy considered a threat to the policies established by the dictatorial regime and includes more recent works such as *El tiempo entre costuras* by Mar a Due as Further it examines the reception of the translations and whether the narratives cross over effectively in various contexts In doing so it provides an analysis of the landscape of the Spanish conflict and dictatorship in translation that allows for an intergenerational and transcultural dialogue It will appeal to students and scholars of translation history literature and cultural studies

From Romanticism to Surrealism Robert Havard, 1988-01-01 The book offers an in depth critical appreciation of seven major Spanish poets Emphasis is on the modern period with five of the poets being twentieth century poets It is argued that the roots of modern poetry are to be found in Romanticism s anguished search for meaning The seven Spanish poets include Becquer Rosalia de Castro Antonio Machado Jorge Guillen Pedro Salinas Garcia Lorca and Rafael Alberti

Today the Struggle Katharine Bail Hoskins, 2014-11-06 Many writers from Aristophanes to Joseph Heller have written about politics But at certain periods in history often at times of conflict and turmoil writers have consciously used their literary talents to support or oppose a specific cause The 1930s a decade of widespread social and political breakdown was such a period Today the Struggle examines the political involvement of those leading British writers who dedicated their talents to the defense of Nationalists or Loyalists during the Spanish Civil War and who saw that war as symbolic of their own Right Left dialogue Conservatives like William Butler Yeats and T S Eliot and Roman Catholics like Evelyn Waugh were passionately anti Communist They viewed fascism as a bulwark against communism but were unwilling to support the Franco cause actively Other pro Nationalists were not so hesitant Roy Campbell and Wyndham Lewis were ardent participants in the

fight against the British left wing Pro Loyalists united only in their antifascism ranged from conservative to anarchist in political commitment Their literary contributions included fine poems by W H Auden and Stephen Spender experimental drama by Auden and Christopher Isherwood and impassioned prose by Rex Warner George Orwell and Aldous Huxley Katharine Hoskins s principal interest in Today the Struggle is to discover how and why certain writers supported specific political actions to ascertain the effectiveness of their efforts and to evaluate the influence of these efforts on their work
