Meditations On A Theme Anthony Bloom, 2003 **Meditations on a Theme** Anthony Bloom, 1972 The discursive role of adjectives in the translation of Metropolitan Anthony Bloom's religious texts Mona-Ancuța IONESCU, 2023-01-01 The book examines the ways in which adjectives contribute to the realization of the various language functions in several of Metropolitan Anthony Bloom's 1914-2003 spirituality works and transcribed talks as well as in their Romanian translated versions. In particular, it aims at offering an application of the communication theory of Jakobson (1960, 1987, Kinneavy 1980) to Metropolitan Anthony's contemporary religious discourse and an investigation of the underlying lexical semantic and pragmatic relations carried out by the adjectival class in order for discourse aim to be achieved. It also seeks to reveal the role of adjectives in the process of translation from English into Romanian, more specifically in preserving the source text functions in the target language. To this end, the study engages in an analysis of the hierarchical communicative functions in the corpus as well as of the role played by adjectives both in the realization and transfer of the respective language functions. The present book, which may be of equal interest to researchers in linguistics and to theologians, demonstrates not only the pivotal role of adjectives in fulfilling communicative purposes specific to religious communication but also their cohesive discourse role in Metropolitan Anthony's legacy. At the same time, it highlights the outstanding status of the adjectival class in establishing the functional cognitive correspondence between the source text and the target text in translation.

Concert Meditations Darwin Welford, Here's a must-have collection of very fine solo organ works. Some are originals inspired by Psalm texts; others are based on familiar hymn tunes and one luscious setting on Londonderry Air. Welford also includes pieces based on themes by Handel and Alexander Schreiner. Although not simple, these pieces can be mastered by most organists and all will make wonderful additions to recitals or services. Also included are preface notes describing each piece and the inspiration for the creation of these arrangements. Each piece is dedicated to a prominent organist and some have received performance at the Mormon Tabernacle.

Howat, 1865 **Meditations on a theme** Andrej B. Meditations Michael S. Ridenour, 2019-05-03 Finding unity with Christ is not a given; it depends on turning the ego that provides our sense of experiencing ourselves as a unique being into an instrument of loving perception that connects with other beings. Learning to do this makes the path to Christ a path of self-knowledge where the freedom to make mistakes and consequent error lets us see ourselves with humility as we come to know how to bring love into what we say and do. From the Introduction: In order for human beings to progress, contends the author, we can no longer rely on outer authority in the form

of dogma power and control Rather we need to find spiritual and creative solutions from within Fundamentally we should discover what makes us truly human and not merely animal The direction of this book is to indicate how this may be addressed in artistic and imaginative terms that touch the powder so to speak with a different fire that ignites a different future With Meditations Michael S Ridenour provides a fresh and varied look at themes explored in his recent book The Greatest Gift Ever Given The more meditative intimate format of this short volume allows content and mode of expression to complement each other by expanding these themes into realms of individual experience Part One does this by making use of a shorter poetic commentary presentation allowing greater variety and flexibility of focus Part Two builds on paths of individual initiation from the esoteric Christian tradition showing how they address contemporary concerns for greater spiritual awareness and a more perceptive quality of consciousness Meditations is a thoughtful work that offers support for understanding and practising the contemporary spiritual path

A Reading of Edward Taylor Thomas M. Davis, 1992 A Reading of Edward Taylor is a study of Taylor's poetry in the sense that Thomas M Davis is interested in how the nature of the poems evolves during the nearly fifty years Taylor served as minister in Westfield Massachusetts The first part of the book examines the long doctrinal poem God's Determinations as the poem in which Taylor emerges as an accomplished poet The final section of the poem the Choral Epilogue with its emphasis on praising God in song leads directly to the initial poems of the Preparatory Meditations the more than two hundred meditative poems that Taylor wrote over the next forty years The early poems in Series 1 exhibit only loosely organized sequences some are directly prompted by the Lord's Supper but many are related in only indirect ways to the Sacrament These poems in their range and celebration of the joys of grace are some of Taylor's best In Meditations 19-22 he writes four interlocked poems dealing with the relation of his poetry to his spiritual condition Despite Taylor's disclaimers about the quality of his poetry in these poems he also makes his most elevated claim about his ability to praise What reservations he has about his ability to praise adequately are relatively minor in subsequent Meditations But after the death of his wife Elizabeth Taylor reexamines the nature of his poetry and the relationship of grace to his ability to write in praise of Christ And he begins to equate shoddy poetry with his own sin In the central Meditations in this process Meditations 39 and 40 the intense examination of his sinful state My Sin my Sin My God these Cursed Dregs leads him to beg Christ to destroy his Taylor's sins so that his rough Feet shall Christ's smooth praises sing By the end of Series 1 he has come to accept a more limited view of the possibility of writing praise commensurate with Christ's glory He acknowledges that until he receives the Crown of Life I cannot sing my tongue is tide Accept this Lisp till I am glorified He then turns at the beginning of Series 2 to the poems on typology These poems are often mechanical particularly those where he is too strictly bound by the large number of typological parallels He also recognizes these limitations and moves increasingly to other texts particularly those from the Canticles In the allegory of the Song Taylor finds the openness and sensuous imagery that allow him to express as fully as is possible his love of Christ and his passionate desire to be with the Bridegroom in the heavenly Garden The more than forty Meditations based on Canticles texts near the end of Series 2 reveal Taylor's sense of drawing closer and closer to being in the Garden itself and of replacing his lisp with the true voice of the glorified BOOK JACKET Title Summary field
