1. Rid - ing a - long in my au - to - mo - bile,
 my ba - by be - side me at the wheel. I stole a kiss at the turn of a
 mile, my cu - ri - os - i - ty run - ning wild.
 Cruis - ing and play - ing the ra - di - o, with no par - tic - u - lar place to
 go.

2. Rid - ing a - long in my au - to - mo - go.

Additional Lyrics

2. Riding along in my automobile,
I was anxious to tell her the way I feel.
So I told her softly and sincere
And she leaned and whispered in my ear.
Cuddling more and driving slow,
With no particular place to go.
3. No particular place to go,
So we parked way out on the cocamo.
The night was young and the moon was gold,
So we both decided to take a stroll.
Can you imagine the way I felt?
I couldn't unfasten her safety belt.
4. Riding along in my calaboose,
Still trying to get her belt unloose.
All the way home I held a grudge,
For the safety belt that wouldn't budge.
Cruising and playing the radio,
With no particular place to go.

Particular Place Mary Hocking, 2016-07-14 The parishioners of a small West Country market town are uncertain what to make of their new Anglican vicar with his candlelit processions And though Michael Hoath embraces challenge his enthusiasm is sapped by their dogged traditionalism Moreover Valentine's imperial temperament is more suited to the amateur dramatics she excels at than the role of vicar's wife Their separate claims to insecurity are for the most part concealed and so both are surprised when Michael falls in love with a member of his congregation a married woman neither young nor beautiful In tracing the effects of this unlikely attraction Mary Hocking offers humour sympathy and an overwhelming sense of the poignancy of human expectations *No Particular Place to Go* Timothy J. Understanding the Fundamentals of the U.S. Presidential Election System Alexander S. Belenky, 2012-04-25 This is the first book on the U S presidential election system to analyze the basic principles underlying the design of the existing system and those at the heart of competing proposals for improving the system The book discusses how the use of some election rules embedded in the U S Constitution and in the Presidential Succession Act may cause skewed or weird election outcomes and election stalemates The book argues that the act may not cover some rare though possible situations which the Twentieth Amendment authorizes Congress to address Also the book questions the constitutionality of the National Popular Vote Plan to introduce a direct popular presidential election de facto without amending the Constitution and addresses the plan's Achilles Heel In particular the book shows that the plan may violate the Equal Protection Clause from the Fourteenth Amendment of the Constitution Numerical examples are provided to show that the counterintuitive claims of the NPV originators and proponents that the plan will encourage presidential candidates to chase every vote in every state do not have any grounds Finally the book proposes a plan for improving the election system by combining at the national level the one state one vote principle embedded in the Constitution and the one person one vote principle Under this plan no state loses its current Electoral College benefits while all the states gain more attention of presidential candidates
