Piccoli Equivoci Senza Importanza Piccoli Equivoci Senza Importanza:

Piccoli equivoci senza importanza Antonio Tabucchi, 2001-10-21 T00:00:00+02:00 Una Toscana segreta e stregata una stazione della Riviera una Lisbona baudelairiana un rallye di automobili d'epoca un persecutore implacabile dall'aria distinta in un treno da Bombay a Madras I racconti di Tabucchi sembrano a una prima lettura avventure esistenziali ritratti di viaggiatori ironici e disperati Poi l'apparente sintonia fra il reale e il narrato diventa all'improvviso turbamento e sconcerto Come degli obliqui racconti filosofici le storie di Tabucchi si trasformano in una riflessione intorno al caso e alla scelta un tentativo di osservare gli interstizi che attraversano il tessuto dell'esistenza Nelle pagine di Tabucchi aleggia un'inquietudine metafisica che evoca la migliore tradizione italiana da Piero della Francesca a De Chirico a Pirandello Ma questo scrittore che ama i personaggi eccentrici e le vite sbagliate carica i suoi enigmi di una luce strana i suoi geroglifici polizieschi sono le ricerche di un investigatore che non cerca risposte ma un messaggio un segnale un'apparizione Little Misunderstandings of No Importance Antonio Tabucchi, 1989-09 Misunderstandings uncertainties belated understandings useless remorse treacherous memories stupid and irredeemable mistakes all these irresistibly fascinate me the Italian writer Antonio Tabucchi remarks Life is by nature ambiguous and distributes ambiguities among all of us This side of life is reflected in these eleven stories Is it choice fate accident or even occasionally a kind of magic that plays the decisive role in the protagonists' lives **Antonio Tabucchi** Flavia Brizio-Skov, 2002 **The Italian Gothic and Fantastic** Francesca Billiani, Gigliola Sulis, 2007 Meanwhile by assimilating the Other into our own modes of representation of reality and imagination twentieth century female writers of the fantastic show how alternative identities can be shaped and social constituencies can be challenged BOOK JACKET **Little Misunderstanding of No Importance** Antonio Tabucchi, 1988

L'uomo inquieto Pia Schwarz Lausten, 2005 TEXT IN ITALIAN The work of A. Tabucchi one of Italy's greatest contemporary writers is imbued with the topic of individual identity His texts query the self-perception the relation with the Other and the relation with the historical and cultural world while expressing at all these levels an experience of dissolution the self is fragmented and fragile the Other is always absent and missed and instead of being engaged in the present world the subject lives in an intangible reality that does not make any sense This profound existential anxiety and the weakening of identity are emphasised by the very way of narrating of Tabucchi which is disconnected enigmatic and full of silences The book by Pia Schwarz Lausten describes various manifestations of the above mentioned experience through the textual analysis of a series of figures and motives such as memory and absence reversal and multiplicity the said and the unsaid history and commitment Some of these motives involve on the one hand existential and philosophical aspects and on the other esthetical and literary values The analysis is based on two theoretical perspectives that in different ways describe an overcoming of a classical subjectivity in favour of an idea of which the Other or Alterity is an essential element to the definition of individual identity M. Bakhtin's concept of dialogism and G. Vattimo's weak thought The former serves to define

the narrating subject in Tabucchi's texts characterised by different discourse levels and others words The latter concept describes the position of the subject of post modernity determined by a weakening of the strong structures of modern thought The book is written in Italian *Narrating Postmodern Time and Space* Joseph Francese, 1997-10-02 Although Morrison Doctorow and Tabucchi vary in their stylistic responses to these changes their narratives propose a collective recovery of the past into a future oriented present and serve as examples of how literature can intervene in history rather than merely reflecting and acquiescing to it *The New Italian Novel* Zygmunt G. Barański, Lino Pertile, 1997-01-01 Since the late 1960s there have been many important Italian writers whose work remains unknown outside Italy This ground breaking book offers general critical introductions to fifteen contemporary novelists whose work is of an international calibre

Voicing the Word Marina Spunta, 2004 Drawing on the recent renewal of interest in the debate on orality and literacy this book investigates the varying perceptions and representations of orality in contemporary Italian fiction providing a fresh perspective on this rich and fast developing debate and on the study of the Italian literary language The book brings together a number of complementary approaches to orality from the fields of linguistics literary and media studies and offers a detailed analysis of a broad variety of authors and texts that appeared over the last three decades ranging from internationally acclaimed writers such as Celati Duranti and Tabucchi through De Luca and Baricco to the latest generation of writers such as Campo Ballestra and Nove By exploring the complementary facets of Italian orality and its diachronical developments since the seventies this study questions the traditionally dichotomic approach to the study of orality and literacy and posits a more flexible cross modal approach that accounts for the increasing hybridisation of text forms and media and for the greater interaction between the spoken and the written as well as their representations **Postmodern**

Fiction in Europe and the Americas, 2024-09-02 **Little Misunderstandings of No Importance** Antonio Tabucchi, 2013-05-01 The eleven short stories in this prize winning collection pivot on life's ambiguities and the central question they pose in Tabucchi's fiction is it choice fate accident or even occasionally a kind of magic that plays the decisive role in the protagonists lives The eleven short stories in this prize winning collection pivot on life's ambiguities and the central question they pose in Tabucchi's fiction is it choice fate accident or even occasionally a kind of magic that plays the decisive role in the protagonists lives Blended with the author's wonderfully intelligent imagination is his compassionate perception of elemental aspects of the human experience be it grief as in *Waiting for Winter* about the widow of a nation's literary lion or madcap adventure as in *The Riddle* about a mysterious lady and a trip in Proust's Bugatti Royale
