Mary Baker Eddy The Years Of Authority:

Mary Baker Eddy Robert Peel,1977 Gedetailleerde beschrijving van de laatste periode 1892 1910 uit het leven van de stichtster van de Christian science 1821 1910 **Mary Baker Eddy** Robert Peel,1977 **Mary Baker Eddy** Robert Peel,1982 **Mary Baker Eddy** Robert Peel,1973 **Mary Baker Eddy** Robert Peel,1971 **Encyclopedia of Women's History in America** Kathryn Cullen-DuPont,2014-05-14 A collection of biographical information about outstanding women in American history **Mary Baker Eddy** Rachel A. Koestler-Grack,2013 Examines the life of Mary Baker Eddy who developed the church of Christian Science after surviving a serious accident **"And O'er Earth's Troubled, Angry Sea": The History of Christian Science in the United States** Rolf Swensen,2025-05-21 Christian Science is one of the most unique and controversial of American religions but there has never been a history of this influential metaphysical group best known for its healing through prayer Most attention has previously focused on the church's founder Mary Baker Eddy 1821 1910 This compilation of nine previously published scholarly articles buttressed by additional insight presented in the preface introduction and conclusion should lead to further investigation of this compelling topic This volume investigates the origins of the Christian Science movement illustrates how Eddy's students mainly women helped its rapid spread through healings how Eddy guided and restrained her students examines some denominational growing pains underscores how The Mother Church in Boston and Eddy's Church Manual evolved recounts dozens of testimonies of healing and shows how local or branch churches operated before and after Eddy's passing Contrary to previous assumptions the new Christian religion was surprisingly diverse with almost one half of the membership coming from the lower middle and working classes This vibrant church ultimately declined due to excessive centralization and insufficient utilization of the membership plus lack of social activities and the rise of medical science Recent efforts to revitalize the movement through embracing communities are continuing And O'er Earth's Troubled Angry Sea The History of Christian Science in the United States will appeal to Christian Scientists kindred spirits in the metaphysical world anyone interested in religion and those who read social history Each chapter is suitable for group discussions and for undergraduate or graduate classes **Prayers in Stone** Paul Eli Ivey,1999 The classical revival style of architecture made famous by the 1893 World's Columbian Exposition in Chicago left its mark on one of the most sustained classical building movements in American architectural history the Christian Science church building movement By 1920 every major American city and many smaller towns contained an example of this architecture financed by the followers of Mary Baker Eddy the church's founder These buildings represented a new burgeoning American institution that appealed to business people and to young men and women working to succeed Characterized by middle class congregations that in the early part of the century were over 75 percent women Christian Science suggested radical civic reform solutions based on an idealistic and pragmatic individualism It attracted criticism from traditional churches and from the medical establishment due to its rapid growth and to its reinstatement of primitive

Christianity's lost elements of physical healing and moral regeneration *Prayers in Stone* spins out the close connections between Christian Science church architecture and its social context. This architecture served as a focal point for debates over the possibilities for a new twentieth century urban architecture that proponents believed would positively shape the behavior of citizens. Thus these buildings played a critical role in discussions concerning religious and secular architecture as major elements of religious and social reform. Drawing on a wide range of documentary evidence including material from the archives of the Mother Church in Boston, Paul Ivey uses Christian Science architecture to explore the social implications of architectural styles and new building technologies to illuminate class based notions of civic reform and beautification and to investigate the use of architecture to bring about religious and social change. In addition, the book explores complex gender issues including early attempts to define a professional space for women as Christian Science practitioners. Lavishly illustrated, *Prayers in Stone* focuses on four major city arenas of Christian Science building: Boston, Chicago, New York, and the San Francisco Bay area, to demonstrate the vital intersection of architecture and religion at the so-called margins of American society.

Religion and Politics in America Frank J. Smith, 2016-07-11. There has always been an intricate relationship between religion and politics. This encyclopedia provides a comprehensive overview of the interrelation of religion and politics from colonial days to the present. Can a judge display the Ten Commandments outside of the courthouse? Can a town set up a nativity scene on the village green during Christmas? Should U.S. currency bear the "In God We Trust" motto? Should public school students be allowed to form bible study groups? Controversies about the separation of church and state, the proper use of religious imagery in public space, and the role of religious beliefs in public education are constantly debated. This work offers insights into contemporary controversies regarding the uneasy intersections of religion and politics in America. Organized alphabetically, the entries place each topic in its proper historical context to help readers fully grasp how religious beliefs have always existed side by side and often clashed with political ideals in the United States from the time of the colonies. The information is presented in an unbiased manner that favors no particular religious background or political inclination. This work shows that politics and religion have always had an impact on one another and have done so in many ways that will likely surprise modern students.

New Religions and the Theological Imagination in America Mary Farrell Bednarowski, 1989-11-22. Bednarowski is especially good at elucidating the theological daring of these new American religions. She demonstrates in a very few pages how theology and group adherence made the individual count, a configuration simultaneously American, un-American, and important. Jon Butler: The cultural confrontation with these new religions is very real and usually very misinformed. Bednarowski has gone to great lengths to dispel the ignorance. *The Christian Century*: A groundbreaking study. *Syzygy Journal of Alternative Religion and Culture*: Organized as a series of theological conversations about ultimate questions, this book offers a guide to the answers these six religions offer. Drawing heavily on sources from the movements themselves, it presents a balanced comparative account of the emerging theological

systems of America's new religions

Encyclopedia of Women and American Politics Lynne E. Ford, 2010-05-12

Presents a comprehensive reference to the role of women in American politics and government including biographies related topics organizations primary documents and significant court cases

Church and State in America: A Bibliographical Guide Bloomsbury Publishing, 1987-08-14 The second in a two volume bibliography on church state relations in U S history this book contains eleven critical essays and accompanying bibliographical listings on periods or topics from the Civil War to the present day Each essay reviews the available relevant literature and the listings emphasize critical studies and documents published in the last quarter century This reference work will enable the reader to grasp the historiographic issues become acquainted with the resources available and move on to interpret current as well as past issues more knowledgeably and effectively

The Philosophical Foundations of Christian Science Nicholas Sheldon, 2025-01-01

Mary Baker Eddy 1821 1910 is best known for founding the religion of Christian Science an international institution which has extended beyond her lifetime and into the twenty first century Often labelled as fringe theology rather than core philosophy Eddy's work has remained on the peripheries of academia Her unmitigated idealism and occasionally nebulous style have led to a reluctance to apply a philosophical rigour to her thinking In *The Philosophical Foundations of Christian Science* Nicholas Sheldon rediscovers her as a radical philosopher one of many female philosophers of her time who he contends should no longer be underestimated Carefully analysing her non linear style in order to understand her internal system of thought Sheldon resolves flaws within her argument and draws out Christian Science's remarkable philosophical assertion that it is not only illness and suffering which are unreal but the entire physical realm For Eddy it is only the spiritual which remains

CHRISTIAN SCIENCE: Its Encounter With Lesbian/Gay America Bruce Stores, 2004-09-09 Author Bruce Stores has shed light on a hitherto unknown chapter in the annals of Christian Science This is the story of lesbian gay believers Herein is their pursuit for respect and dignity in the Church of Christ Scientist The narrative traces stormy encounters from the days of near total rejection up to the friendlier atmosphere in the 21st century Some events in this real life story are shameful while others are praiseworthy This is a story of perseverance hope and especially healing Anyone who values the triumph of right over wrong and truth over error will find this narrative both compelling and informative

A Kingdom of the Truth or Deception? David K. Hebert Th.D., 2024-12-18 This book has been the culmination of over forty years of study on the concept of defending the Christian faith against false religions and cults that oppose that faith by exposing them Since 2007 the study took on a more academic researched scholarly tone while writing one chapter in the doctoral work It was during that time frame that studying the false religions and cults took on a more focused biblical historical and Christian orthodox direction So the foundation of this book uses the Parable of the Wheat and the Weeds Tares in Matthew 13 24 30 36 43 and a clear understanding of the core orthodox Christian beliefs as the standard for Christians to compare the kingdom of God versus the kingdom of darkness and God's truth versus Satan's lies error throughout biblical history from the Garden of Eden to the

present day especially as the day of Jesus Christ's return so rapidly approaches Encyclopedia of Protestantism Hans J. Hillerbrand, 2004-08-02 This Encyclopedia is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought God's Perfect Child Caroline Fraser, 2024-06-04 From the Pulitzer Prize winning author the most powerful and persuasive attack on Christian Science to have been written in this century Los Angeles Times Book Review Millions of Americans from Lady Astor to Ginger Rogers to Watergate conspirator H R Haldeman have been touched by the Church of Christ Scientist Founded by Mary Baker Eddy in 1879 Christian Science was based on a belief that intense contemplation of the perfection of God can heal all ills an extreme expression of the American faith in self reliance In this unflinching investigation Caroline Fraser herself raised in a Scientist household shows how the Church transformed itself from a small eccentric sect into a politically powerful and socially respectable religion and explores the human cost of Christian Science's remarkable rise Fraser examines the strange life and psychology of Mary Baker Eddy She takes us into the closed world of Eddy's followers who refuse to acknowledge the existence of illness and death and reject modern medicine even at the cost of their children's lives She reveals just how Christian Science managed to gain extraordinary legal and Congressional sanction for its dubious practices and tracks its enormous influence on new age beliefs and other modern healing cults A passionate exposé of zealotry God's Perfect Child tells one of the most dramatic and little known stories in American religious history A work of impassioned rationality important and profoundly disturbing Susan Jacoby Newsday New Startling Fraser has an eye and ear for the kind of detail that can help readers make up their own minds about an always controversial American religious expression Martin Marty The Boston Globe Splendid The New York Times

Encyclopedia of American Women and Religion June Melby Benowitz, 2017-08-18 This two volume set examines women's contributions to religious and moral development in America covering individual women their faith related organizations and women's roles and experiences in the broader social and cultural contexts of their times This second edition of Encyclopedia of American Women and Religion provides updated and expanded information from historians and other scholars of religion covering new issues in religion to better describe and document women's roles within religious groups For instance the term evangelical feminism is one newly defined aspect of women's involvement in religious activism Changes are constantly occurring within the many religious faiths and denominations in America particularly as women strive to gain positions within religious hierarchies that previously were exclusive to men and rise within their denominations to become theologians church leaders and bishops The entries examine the roles that American women have played in mainstream religious denominations small religious sects and non traditional practices such as witchcraft as well as in groups that question religious beliefs including agnostics and atheists A section containing primary documents gives readers a firsthand look at matters of concern to religious women and their organizations Many of these documents are the writings of women who merit entries within the encyclopedia Readers will gain an awareness of women's contributions to religious

culture in America from the colonial era to the present day and better understand the many challenges that women have faced to achieve success in their religion related endeavors

Self-Help and Popular Religion in Modern American Culture Roy M. Anker, 1999-11-30 The second of two volumes on the relationship between popular religion and the self help tradition in American culture this book continues chronologically where the first left off As with the first volume this work focuses on the intersection of American history and popular religion and is intended as an introductory interpretive guide to major self help figures and movements with origins in popular religious movements This volume spans from Romanticism the Gilded Age and the history of Christian Science with discussions of Mary Baker Patterson Phineas Parkhurst Quimby and Mary Baker Eddy through Norman Vincent Peale and Robert Schuller Peale and Schuller with the exception of Evangelist Billy Graham constitute the public face of mainstream American Protestantism and bring this two volume study to its conclusion in the second half of the 20th century This reference will serve as a valuable research tool for American religion and popular culture scholars Together with the first volume Self Help and Popular Religion in Early American Culture these two meticulously researched volumes clearly define and present the broad scope of the self help tradition as it pervades American culture and as it developed and was influenced by popular religion An extensive bibliography is included
