Tietjen,2022-02-26 The status of America s infrastructure is graded every four years by the American Society of Civil Engineers ASCE and reports are provided on the various categories In this book prominent women engineers discuss many of the eighteen infrastructure categories from the 2021 ASCE Infrastructure Report Card providing background analysis of the issues facing the category and projections for the future Categories covered include aviation bridges dams water and wastewater energy hazardous waste inland waterways levees ports public parks rail roads solid waste and transit Case studies from the authors work are included throughout These topics touch on many of the challenges facing the world today and these solutions by women researchers and practitioners are valuable for their technical excellence and their non traditional perspective As an important part of the Women in Engineering and Science book series the work highlights the contribution of women leaders in many of the infrastructure categories inspiring women and men girls and boys to enter and apply themselves to secure our future infrastructure

Leave Only Footprints Conor Knighton,2020 The Emmy winning CBS Sunday Morning correspondent chronicles his year traveling to every one of our National Parks discovering the most beautiful places and most interesting people that America has to offer When Conor Knighton decided to spend a year wandering through America s best idea he was worried the whole thing might end up being his worst idea But after a broken engagement and a broken heart Conor desperately needed a change of scenery The ambitious plan he cooked up went a bit overboard in that department Knighton set out to visit every single one of America s National Parks from Acadia to Zion Leave Only Footprints is the memoir of his year spent traveling across the United States a journey that yielded his On the Trail series which quickly became one of CBS Sunday Morning s most beloved segments In this smart informative and entertaining book he shares how his journey through these natural wonders ended up changing his worldview on everything from God and love to politics and technology Whether he s waking up early for a naked scrub in a historic bathhouse or staying up late to stargaze along our loneliest highway Knighton goes behind the scenery to provide an unfiltered look at our country In doing so he reveals the unforgettable stories behind the often beautiful always fascinating lands that all Americans share Eco-Homes Doctor Jenny Pickerill,2016-01-15 It is widely understood that good affordable eco housing needs to be at the heart of any attempt to mitigate or adapt to climate

change This is the first book to comprehensively explore eco housing from a geographical social and political perspective It starts from the premise that we already know how to build good eco houses and we already have the technology to retrofit existing housing Despite this relatively few eco houses are being built Featuring over thirty case studies of eco housing in Britain Spain Thailand Argentina and the United States Eco Homes examines the ways in which radical changes to our houses such as making them more temporary using natural materials or relying on manual heating and ventilation systems require changes in how we live As such it argues it is not lack of technology or political will that is holding us back from responding to climate change but deep rooted cultural and social understandings of our way of life and what we expect our houses to do for us

Service Worlds John Bryson, Peter Daniels, Barney Warf, 2013-04-15 Offers a new take on service industries in the context of changes in technology organisation and production and consumption It thus highlights and examines the significance of the increased blurring of the distinction between service and manufacturing functions in the production and consumption process Provides a student friendly account of the diversity of theoretical perspectives for understanding the new economic geography of advanced capitalist economies including the cultural approach which is widely used to interpret the form and structure of new economies Theoretical insights will be informed through a series of detailed firm and employee case studies Drawing upon the authors research in Europe North America and the Asia Pacific it will provide a geographical account of the development of service and manufacturing industries employment occupations and organisations and their changing role in the production system

Wilderness by Design Ethan Carr, 1999-01-01 Carr delves into the planning and motivations of the people who wanted to preserve America s scenic geography He demonstrates that by drawing on historical antecedents landscape architects and planners carefully crafted each addition to maintain maximum picturesque wonder Tracing the history of landscape park design from British gardens up through the city park designs of Frederick Law Olmsted Carr places national park landscape architecture within a larger historical context

Women and Nature Glenda Riley, 1999-01-01 Long before Rachel Carson s fight against pesticides placed female environmental activists in the national spotlight women were involved in American environmentalism In *Women and Nature Saving the Wild West* Glenda Riley calls for a reappraisal of the roots of the American conservation movement This thoroughly researched study of women conservationists provides a needed corrective to the male dominated historiography of environmental studies The early conservation movement gained much from women s widespread involvement Florence Merriam Bailey classified the birds of New Mexico and encouraged appreciation of nature and concern for environmental problems Ornithologist Margaret Morse Nice published widely on Oklahoma birds In 1902 Mary Knight Britton established the Wild Flower Preservation Society of America Women also stimulated economic endeavors related to environmental concerns including nature writing and photography health spas and resorts and outdoor clothing and equipment From botanists birders and nature writers to club women and travelers untold numbers of women have contributed to the groundswell of support for environmentalism

Folklife Annual ,1985 **Historic Building Interiors** Anne Grimmer,1994 Because the subject for historic building interiors is so diverse this annotated bibliography is not comprehensive but selective in nature and thus may not list all of the references published on a specific topic Includes those publications that are generally available in print or readily accessible in libraries Covers general and historical studies conservation and maintenance paint plaster metals textiles wallcoverings floors and floor coverings and wood Also includes systems and fixtures rehabilitation case studies inspection evaluation and planning and safety fire protection building codes and accessibility **The Parks Belong to the People** Joe Weber,Selima Sultana,2024-04-01 In examining the 424 units of the U S national park system geographers Joe Weber and Selima Sultana focus attention on the historical geography of the system as well as its present distribution covering the diversity of places under the control of the National Park Service NPS This includes the famous national parks such as the Grand Canyon Yellowstone and Yosemite and the lesser known national monuments memorials lakeshores seashores rivers recreation areas preserves reserves parkways historic sites historic parks and a range of battlefields as well as more than twenty additional sites not fitting into any of these categories such as the White House The geographic view of The Parks Belong to the People sets it apart from others that have taken a solely historical approach Where parks are located what they are near where their visitors come from and how land use and activities are organized within parks are some of the fundamental issues discussed The majority of units in the NPS are devoted to recreation areas or historic sites such as battlefields archaeological sites or sites devoted to a specific person and this is reflected in the authors approach What we think of as a national park has changed over the years and will continue to change Weber and Sultana emphasize changing social and political environments in which NPS units were created and the roles they serve such as protecting scenery providing wildlife habitats preserving history and serving as scientific laboratories and places for outdoor recreation The authors also focus on parks as public facilities and sites of economic activities National parks were created by people for people to enjoy at great cost and with great benefit They cannot be understood without taking this human context into account **The Grove Encyclopedia of American Art** Joan M. Marter,2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries *Iron Horses* Walter R. Borneman,2014-11-18 A masterly account of the origins of the transcontinental railroad Douglas Brinkley by the author of the bestselling The Admirals After the completion of the first transcontinental railroad in 1869 the rest of the United States was up for grabs and the race was on The prize a better shorter less snowy route through the American Southwest linking Los Angeles to Chicago In Iron Horses Borneman recounts the rivalries contested routes political posturing and business dealings that unfolded as an increasing number of lines pushed their way across the country Borneman brings to life the legendary robber barons behind it all and also captures the herculean efforts required to construct these roads the laborers who did the back breaking work the brakemen who ran atop moving cars the tracklayers crushed and killed by runaway trains From backroom deals in Washington DC to armed

robberies of trains in the wild deserts from cattle cars to streamliners and Super Chiefs all the great incidents and innovations of a mighty American era are made vivid in Iron Horses *The Culture of Tourism, the Tourism of Culture* William P. Clements Center for Southwest Studies,2003 The Southwest has long been an American dreamscape and inherently this has had its affect on the land and its people Among other topics discussed in the package of essays is how the area is transformed by tourism and how native people gain autonomy by presenting their experiences and cultures to tourists

Kenneth Milton Chapman Janet Chapman,Karen Barrie,2008 The many contributions of this early expert on Pueblo Indian anthropology and art are highlighted by two of his descendants *Sugarcoated* Angie Haskell,2024-02-27 All around the world women yearn for a perfect life they can never grasp They want to be successful attractive sexually fulfilled and free from distress Rather than turning to God too many try to feast on everything under the sun diet pills pornography shopping sprees one night stands and social media anything to hit that sweet spot In the end they are left with a deep sense of shame that can draw them further down into a spiral of bingeing hiding and emotional self flagellation They totally get Paul s woeful lament I do not do the good I want but the evil I do not want is what I keep on doing Romans 7 19 Consequently these women build a wall between themselves and God They fear divine retribution for their chosen form of gluttony while simultaneously operating under the false assumption that God doesn t want to have anything to do with them As author Angie Haskell notes This dangerous form of beratement worms its way into every facet of women s lives It burrows into their psyche making them believe that demeaning treatment from others as well as themselves is perfectly normal And if they dare throw caution to the wind stepping out in their stilettos to stand up for what they need it is often met with assumptions from others that their morals and values have flown out the window These women feel alone unseen and unsatisfied but Angie wades into their despair With disarming wit and boldness she empowers readers to take a hard look at their secret cravings understand where they are coming from and get on a path that leads to emotional and physical health In a society that has become dangerously divisive Angie reassures women that they re still deserving of a relationship with God while also standing up for themselves and their needs **Women Writers of the American West, 1833-1927** Nina Baym,2012-08-17 This book recovers the names and works of women who wrote about the American West during the nineteenth and early twentieth centuries some of them long forgotten and others better known such as Willa Cather and Mary Austin Holley It reveals how the authors showed women making lives for themselves in the West how they represented the diverse region and how they represented themselves
