Mary For Today:

Mary for Today Patricia Noone, 1977 **Mary for Today** Hans Urs von Balthasar, 1988 A rich harvest of scripture and tradition about the Mother of God Mary Edward Schillebeeckx, 1993 Two distinguished Catholic theologians reflect on how their views about Mary have changed since the 1960s and illustrate this by discussing some of their earlier publications After looking back on Vatican II Fr Schillebeeckx brings out the increasing importance of the Biblical record for his thinking Catharina Halkes explains why despite her allegiance to the feminist movement and her dissatisfaction with many of the emphases associated with Mary she is still unwilling to abandon this figure from her Catholic youth and how in some ways she has grown closer to her again With an extended introduction and bibliography this book has been written for Catholics and non Catholics alike and will prove most helpful to anyone concerned with the role of Mary in the Christian Church of today and tomorrow Back cover **Mary Today** M. Basil Pennington, 1987 **Mary for Evangelicals** Tim Perry, 2006-10-18 With his feet planted firmly in the evangelical tradition Tim Perry began to think that there must be more to Mary than generally meets the evangelical eye Should we maintain that two thousand years of Christian thought on Mary is almost wholly wrong How could the mother of our Lord simply by virtue of the fact that she was God's chosen means of the incarnation not deserve more serious theological reflection And where might this lead Beginning with Scripture Perry probes the texts and traces the lengthy development of Christian thinking and practice related to Mary Finally he concludes with a constructive and even surprising theological proposal for an evangelical Mariology that is rooted in and demanded by a high Christology This book addresses the increasing evangelical interest in Mary and contributes to the current discussion of Mariology in evangelical Roman Catholic dialogue Sure to be discussed and debated this is a book that will leave readers in a different place from where they began Market Audience Students and professors of theology Pastors Catholic readers Endorsements From the fathers to the feminists Tim Perry surveys the history of Marian traditions and comes to some conclusions that are bound to prod and provoke This is an important study that deserves serious consideration Timothy George dean Beeson Divinity School Samford University and executive editor Christianity Today Features and Benefits Examines what we know of Mary from the New Testament Explores the development of Mariology in the patristic period Surveys Mariology in medieval and Reformation periods and on into the nineteenth and twentieth centuries Offers a constructive theological proposal for an evangelical understanding of Mary rooted in Christology *Mary* Francis J. Moloney, 2009-09-01 In *Mary Woman and Mother* Fr Francis Moloney studies the New Testament's presentation of Mary's person and role After indicating the limits and strengths of a biblical study of Mary he examines the Marian texts from the Letter of Paul to the Galatians the Gospels of Mark Matthew and Luke the Acts of the Apostles and the Gospel of John She is above all a woman and a mother This book shows that in recognizing Mary as God's place of encounter with all that is most beautiful among women and men we will gain access to the womanly maternal face of God **Every Day with Mary:** Dr.

Imagining Mary Daniel Rancour-Laferriere,2017-11-15 Imagining Mary breaks new ground in the long tradition of Christian mariology The book is an interdisciplinary investigation of some of the many Marys East and West from the New Testament Mary of Nazareth down to Our Lady of the Good Death in the twentieth century In Imagining Mary Professor Rancour Laferriere examines the mother of God in her multireligious and pan historical context The book is a scholarly study but it is written in a clear straightforward style and will be comprehensible to an educated and above all intellectually curious general audience It will appeal to anyone who has ever wondered for example about the flimsy scriptural basis of many beliefs about Mary or the tendency of many mariologists to depict Mary as an incestuous bride of Christ or the theological notion of Mary s loving consent to her son s crucifixion or the idea that Mary was a priest officiating at the sacrifice of her son or the unfortunate association of Mary with Christian anti semitism or the curious appeal of Mary to the terminally ill and so on Special attention is given to the psychology of representations of Mary such as the psychological basis for promoting Mary to the status of a goddess the psychology of Mary s compassion for her son at the foot of the cross and the psychological conflict in Mary s personal relationship with her son Jesus These topics are admittedly diverse but they all have long been on the minds of mariologists The author takes a questioning approach to received wisdom about marian themes including the assumption that one has to be a theist in order to understand the great appeal of Mary down the centuries Indeed Imagining Mary may be regarded as a first step in the direction of an atheist mariology
