Masculinities and Crime James W. Messerschmidt, 1993 Challenging the common masculinist character of criminological research James W Messerschmidt develops an elaborate scrutiny of the gender roles that along with class and race influence the occurrence and types of crimes in our society Masculinities and Crime James W. Messerschmidt, Professor James W Messerschmidt, 1993 Challenging the common masculinist character of criminological research James W Messerschmidt develops an elaborate scrutiny of the gender roles that along with class and race influence the occurrence and types of crimes in our society *Masculinities and Crime* James W. Messerschmidt, 2018-08-06 James W Messerschmidt's *Masculinities and Crime* quickly became a classic text for social scientists examining the relationship between masculinities and crime The book is completely revised and unique in its focus on Messerschmidt's most important research and theorizing accomplished over the last twenty five years as well as for its emphasis on selected studies by other scholars that represent the diversity of contemporary research on masculinities and crime This anniversary edition brings together a combination of the old and the new to examine what insight each have to offer scholars in terms of knowledge about the social construction of masculinities and crime *Handbook of Studies on Men and Masculinities* Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men's and boys identities conduct and problems The *Handbook of Studies on Men and Masculinities* is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines theoretical perspectives methodologies and conceptualizations in relation to the topic of men Editors Michael S Kimmel Jeff Hearn and Robert W Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The *Handbook of Studies on Men and Masculinities* examines the construction of masculinities in four different frames the social organization of masculinities in their global and regional iterations the institutional reproduction and articulation of masculinities the ways in which masculinities are organized and practiced within a context of gender relations and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The *Handbook of Studies on Men and Masculinities* provides scholars researchers and students with the most current incisive scholarship available for the men's studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men boys and gender as well as an excellent addition to any academic library *Values in Criminology and Community Justice*

Cowburn, Malcolm, Duggan, Marian, Anne Robinson, Paul Senior, 2015-03-18 The stated values of criminologists policy makers and researchers don t always correspond with their responses to crime This collection parses the many different sides these professionals take on issues relating to victims and offenders punishment and protection and rights and responsibilities Drawing on empirical research crime theory and criminal justice practice the contributors explore such topics as the dynamics of race gender and age the workings of the criminal justice system the ethics of research and current debates about new criminological issues such as the green movement and Islamophobia **The Origins of American Criminology**

Francis T. Cullen, Cheryl Lero Jonson, Andrew J. Myer, Freda Adler, 2011 The essays contained in this book capture the stories behind the invention of criminology s major theoretical perspectives and preserves information from the generation that defined the field for the past decades that otherwise would have been lost This history shows criminology to be a human enterprise Its ideas were not driven primarily by data nor were the theories invented solely as part of the scientific process To the contrary American criminology s great theories most often preceded the collection of data they guided and produced empirical inquiry not vice versa This volume demonstrates that humanity is what makes theory possible in that diverse experiences allow individual scholars to see the world differently and thus shape theoretical paradigms based on their own unique life stories *Routledge Handbook of Critical Criminology* Walter S. DeKeseredy, Molly Dragiewicz, 2018-04-09 The main objective of the second edition of the Routledge Handbook of Critical Criminology is twofold 1 to provide original chapters that cover contemporary critical criminological theoretical offerings generated over the past five years and 2 to provide chapters on important new substantive topics that are currently being studied and theorized by progressive criminologists Special attention is devoted to new theoretical directions in the field such as southern criminology queer criminology and green criminology The diverse chapters cover not only cutting edge theories but also the variety of research methods used by leading scholars in the field and the rich data generated by their rigorous empirical work In addition some of the chapters suggest innovative and realistic short and long term policy proposals that are typically ignored by mainstream criminology These progressive strategies address some of the most pressing social problems facing contemporary society today which generate much pain and suffering for socially and economically disenfranchised people The new edition of the Handbook is a major work in redefining areas within the context of international multidisciplinary critical research and in highlighting emerging areas such as human trafficking Internet pornography and image based sexual abuse It is specifically designed to be a comprehensive resource for undergraduate and postgraduate students researchers and policymakers

Inequality, Crime, and Health among African American Males Marino A. Bruce, Darnell F. Hawkins, 2018-11-30 In this volume authors draw from theoretical and methodological frameworks in the health social and behavioral sciences to illustrate how poor outcomes among individuals and communities can be linked to the interplay of multiple factors operating at various levels **The Criminology Theory Reader** Stuart Henry, Werner Einstadter, 1998 An anthology of theoretical

essays on causes of crime published in the American Society of Criminology's journal *Criminology*. Articles have been edited into concise student friendly readings capturing the essence and diversity of thinking about crime from major theoretical perspectives including classical and rational choice biological and psychological strain subculture social learning neutralization and Marxist and critical theory Also contains cutting edge thinking on feminist theory and on postmodernist constitutive and integrated approaches Includes an overview and section introductions Annotation copyrighted by Book News Inc Portland OR

[The Arts of Imprisonment](#) Leonidas K. Cheliotis, 2016-12-05 The arts spanning the visual design performing media musical and literary genres constitute an alternative lens through which to understand state sanctioned punishment and its place in public consciousness Perhaps this is especially so in the case of imprisonment its nature its functions and the ways in which these register in public perceptions and desires have historically and to some extent inherently been intertwined with the arts But the products of this intertwinement have by no means been constant or uniform Indeed just as exploring imprisonment and its public meanings through the lens of the arts may reveal hitherto obscured instances of social control within or outside prisons so too it may uncover a rich and possibly inspirational archive of resistance to them This edited collection sheds light both on state use of the arts for the purposes of controlling prisoners and the broader public and the use made of the arts by prisoners and portions of the broader public as tools of resistance to penal states The book also includes a number of chapters that address arts in prisons programmes making distinctive contributions to the literature on their philosophy formation operation effectiveness and research evaluation as well as taking care to explore the politics surrounding and underpinning these multiple themes

[Transitional Justice and Legacies of State Violence](#) Lisa White, 2015-03-05 As politicians public bodies and non Governmental organisations continue to profess an interest in making peace with the past this highly original study explores the motivation significance and legacy of making public experiences of state violence in Northern Ireland Based on a synthesis of documentary material with the findings from a series of contemporary interviews this timely book uncovers the reasoning behind many Republican former detainees accounts of state violence and torture It examines the aims of those who went public during the conflict and discusses the meaning they attached to their stories and the various responses to them It also identifies some of the risks involved in criticising the violence of the British State and illuminates the ways in which truths are often contested in Northern Ireland both during the conflict and in the years which have followed A unique piece of interdisciplinary work the study disentangles and evaluates the discourses presented by former detainees and makes an innovative and interesting contribution to knowledge about transitional justice and legacies of state violence The book is suitable for social science scholars interested in human rights state violence criminology and transitional justice as well as those seeking to understand more about experiences of imprisonment and the legacy of the Northern Ireland conflict

[Working with Violent Men](#) Will Hughes, 2023-12-19 Working with Violent Men gives a detailed insight into working with men who have been violent towards

intimate partners As such this monograph aims to contribute to a gap in knowledge and understanding within an important social and criminal justice topic The book is underpinned by research based on participant observation at domestic abuse groups allowing for direct observation of behaviours and interactions including gestures and emotional responses as well as semi structured interviews with group facilitators and participants It also draws on the author s experience of working with domestically abusive men as a probation officer and facilitator of domestic abuse programmes He argues that groups involve a micro social order involving rules and rituals These are continuously constructed and negotiated by participants against a backdrop of ideas about masculinity and involve the performance of gendered roles Understanding the perspectives of these men as well the interactional rules rituals and dynamics of programmes enables facilitators to navigate the hostility that men display and engage them in a process of change Attention to these considerations has implications for the effectiveness of group based interventions in reducing violence against intimate partners and the training of those who deliver programmes More general extrapolations are also drawn about contemporary understandings of gender masculinity identity and effective communication within groups This book will be of value to undergraduate and postgraduate students with interests in domestic violence gender probation and the rituals of social interactions It will also be useful to academics researchers and policymakers wishing to explore and develop approaches to work with domestically violent men

Violence at the Intersection Toya Z. Like, 2024-08-01 Violence at the Intersection The Interlocking Impact of Race Ethnicity Gender and Class on Risk and Resilience builds upon and expands recent scholarship on the intersectionality of race ethnicity gender gender identity and class and their multiplicative effects on violent offending and victimization Specifically the work examines how these intersections of identity not only affect risks for experiences with violence but also account for the development and expansion of social capital in the form of resilience and human agency among those at risk The results of the research provide a critical assessment of how embodied identities are commonly used to assess those at risk while largely ignoring that these individuals are simultaneously at resilience This work moves beyond the extant literature by considering the role of resilience in violence among disadvantaged groups The work also contributes to growing research on identity and its centrality to experiences with violence and provides an in depth understanding of varied pathways to human agency and the development of social capital even among those who are deemed disadvantaged in society This book will appeal to undergraduate and postgraduate students as well as postdoctoral researchers interested in fields including Criminology Criminal Justice Women Gender Studies Sexuality Studies Race and Ethnicity Studies and Violence Studies

The Routledge Handbook of Qualitative Criminology Heith Copes, J. Mitchell Miller, 2015-03-02 Despite illustrious origins dating to the 1920s qualitative crime research has long been overshadowed by quantitative inquiry After decades of limited use there has been a notable resurgence in crime ethnography naturalistic inquiry and related forms of fieldwork addressing crime and related social control efforts The Routledge Handbook of Qualitative Criminology signals this momentum as the

first major reference work dedicated to crime ethnography and related fieldwork orientations Synthesizing the foremost topics and issues in qualitative criminology into a single definitive work the Handbook provides a first look reference source for scholars and students alike The collection features twenty original chapters on leading qualitative crime research strategies the complexities of collecting and analyzing qualitative data and the ethical propriety of researching active criminals and incarcerated offenders Contributions from both established luminaries and talented emerging scholars highlight the traditions and emerging trends in qualitative criminology through authoritative overviews and lived experience examples Comprehensive and current The Routledge Handbook of Qualitative Criminology promises to be a sound reference source for academics students and practitioners as ethnography and fieldwork realize continued growth throughout the 21st Century

Gender Violence Laura L. O'Toole, Jessica R. Schiffman, 1997-03 How gender and sexuality can be life threatening Though violence against women has received increasing attention from scholars and the general public alike much of the literature on the subject is scattered in monographs journals and books focusing on specific forms of gender violence In their path breaking anthology Gender Violence Interdisciplinary Perspectives editors Laura L O Toole and Jessica Schiffman have brought together central articles and authors to construct a remarkably broad understanding of the gender related manifestations of violence Gender Violence is composed of three sections one examining the roots of male violence and victimization of women another exploring forms of sexual coercion and violence and a third offering a number of perspectives on promoting nonviolence in the context of gender relations Chapters consider topics including sexual harassment rape children and gender violence battering in intimate relationships and pornography The list of contributors includes such diverse and well known scholars as Friedrich Engels bell hooks Diana Scully Harry Brod and Linda Gordon and poets such as Audre Lorde and Margaret Randall The book also contains a number of original pieces with novel approaches to subjects such as domestic violence and its effects on children With its interdisciplinary perspective and wide ranging subject matter Gender Violence is an excellent primary text as well as an invaluable reference for scholars in the field of women and violence

MALE CRIME AND DEVIANCE Barri R. Flower, 2003-01-01 MALE CRIME AND DEVIANCE seeks to explore in depth the types of offenses most identified with and committed by males dynamics of male crime characteristics of male offenders how male criminality and delinquency compare with and differ from female delinquent and criminal behavior explanations for male crime and efforts at combating crime in this country Particular attention is given to exploring the relationship between male aggression and masculinity as well as the role that testosterone and other biological factors play in male crime and violence The book also focuses on the correlation between male violence and aggressive behavior and firearms violence involving intimates male sexual violence bias crimes workplace violence terrorism male perpetrated sexual offenses youth gang crime and school violence These areas of male criminality and deviance are examined within the context of all male offending arrest self report and inmate data along with criminological theoretical approaches to understanding

the causes and related factors of male deviant behavior The book is written primarily for undergraduate and graduate level students for coursework in criminal justice criminology male aggression violent behavior homicide youth studies gang studies delinquency law law enforcement sociology social science psychology biology and related areas of study However it is appropriate as well for academicians social scientists psychologists law officers medical workers and a general readership with a vested interest in antisocial behavior and its implications on the greater society *The Critical Pedagogy Reader* Antonia Darder,Kortney Hernandez,Kevin D. Lam,Marta Baltodano,2023-11-01 Since its publication The Critical Pedagogy Reader has firmly established itself as the leading collection of classic and contemporary essays by the major thinkers in the field of critical pedagogy While retaining its comprehensive introduction this thoroughly revised fourth edition includes updated section introductions expanded bibliographies and up to date classroom questions The book is arranged topically around such issues as class racism gender sexuality language and literacy and classroom issues for ease of usage and navigation New reading selections cover topics such as youth activism agency and affect and practical implementations of critical pedagogy Carefully attentive to both theory and practice this new edition remains the definitive source for teaching and learning about critical pedagogy **Flesh and Blood** James W. Messerschmidt,2004-10-08 Sociologists and criminologists have long known that there is a relationship between masculinity and crime Indeed gender has been advanced consistently as the strongest predictor of criminal involvement Flesh and Blood provides a fascinating account of the connection among adolescent gender diversity the body and assaultive violence The book is divided into four parts In Part I the author explores the history of criminology as a discipline paying particular attention to the misgivings about the body gender and crime Messerschmidt shows that criminology historically has maintained in various ways the mind body sex gender and gender difference binaries In Part II Messerschmidt presents a theoretical framework structured action theory for overcoming these binaries This perspective allows conceptualization of embodiment as a lived aspect of gender both gender differences and gender similarities in the commission of crime how embodied social action is embedded in specific structural gender relations in particular settings and how embodied social actions may be related to violence and nonviolence The methodology for the study is also presented in Part II which seeks to understand through life history interviews certain boys and girls use of assaultive violence as a gendered practice Part III presents in depth life histories of four white working class boys and girls involved in assaultive violence The two chief questions addressed in these life stories are Why is it that some boys and some girls engage in assaultive violence and how are these violent boys and girls similar and different How are gender relations in specific settings such as the family the school and the street related to motivation for embodied violence and nonviolence by the same boys and girls Part IV puts structured action theory to work by analyzing the three major sites home school and street of the boys and girls life histories and how these are related to assaultive violence and nonviolence **Encyclopedia of Criminological Theory** Francis T. Cullen,Pamela Wilcox,2010-09-23 Consistently

excellent The level and coverage of the content make this an invaluable reference for students studying criminology or taking criminal psychology modules at degree level and beyond Adam Toccock Reference Reviews In discussing a criminology topic lecturers and course textbooks often toss out names of theorists or make a sideways reference to a particular theory and move on as if assuming their student audience possesses the necessary background to appreciate and integrate the reference However university reference librarians can tell you this is often far from the case Students often approach them seeking a source to provide a quick overview of a particular theory or theorist with just the basics the who what where how and why if you will And reference librarians often find it difficult to guide these students to a quick one stop source In response SAGE Reference is publishing the two volume Encyclopedia of Criminological Theory available in both print and electronic formats This serves as a reference source for anyone interested in the roots of contemporary criminological theory Drawing together a team of international scholars it examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses In addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook And like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures Coverage will include contexts and concepts in criminological theory the social construction of crime policy implications of theory diversity and intercultural contexts conflict theory rational choice theories conservative criminology feminist theory *Extreme Britain* Elizabeth Pearson, 2024 Drawing on interviews with extremists this timely study explores the relationship between gendered culture and political radicalism using Britain as a case study
