Masculinities In Victorian Painting:

Masculinities in Victorian Painting Joseph A. Kestner, 1995 This study examines the construction of masculinity in culture based on an analysis of pictorial representations of the male in many contexts social historical legal literary institutional anthropological educational marital imperial and aesthetic Artists featured include Burne Jones Imagining Soldiers and Fathers in the Mid-Victorian Era Dr Susan Walton, 2013-04-28 Beginning with the premise that women's perceptions of manliness are crucial to its construction Susan Walton focuses on the life and writings of Charlotte Yonge as a prism for understanding the formulation of masculinities in the Victorian period Yonge was a prolific writer whose bestselling fiction and extensive journalism enjoyed a wide readership Walton situates Yonge's work in the context of her family connections with the army showing that an interlocking of worldly and spiritual warfare was fundamental to Yonge's outlook For Yonge all good Christians are soldiers and Walton argues persuasively that the medievalised discourse of sanctified violence executed by upright moral men that is often connected with late nineteenth century Imperialism began earlier in the century and that Yonge's work was one major strand that gave it substance Of significance Yonge also endorsed missionary work which she viewed as an extension of a father's duties in the neighborhood and which was closely allied to a vigorous promotion of refashioned Tory paternalism Walton's study is rich in historical context including Yonge's connections with the Tractarians the effects of industrialization and Britain's Imperial enterprises Informed by extensive archival scholarship Walton offers important insights into the contradictory messages about manhood current in the mid nineteenth century through the works of a major but undervalued Victorian author Pre-Raphaelite Masculinities Serena Trowbridge, 2017-07-05 Drawing on recent theoretical developments in gender and men's studies Pre Raphaelite Masculinities shows how the ideas and models of masculinity were constructed in the work of artists and writers associated with the Pre Raphaelite movement Paying particular attention to the representation of non normative or alternative masculinities the contributors take up the multiple versions of masculinity in Dante Gabriel Rossetti's paintings and poetry masculine violence in William Morris's late romances nineteenth century masculinity and the medical narrative in Ford Madox Brown's Cromwell on His Farm accusations of perversion directed at Edward Burne Jones's work performative masculinity and William Bell Scott's frescoes the representations of masculinity in Pre Raphaelite illustration aspects of male chastity in poetry and art Tannaher as a model for Victorian manhood and masculinity and British imperialism in Holman Hunt's The Light of the World Taken together these essays demonstrate the far reaching effects of the plurality of masculinities that pervade the art and literature of the Pre Raphaelite Brotherhood **Gender and Fatherhood in the Nineteenth Century** Trev Lynn Broughton, Helen Rogers, 2017-09-16 Despite current debate over the paternal role fatherhood is a relatively new area of investigation in literary historical and cultural studies The contributors to this illustrated interdisciplinary volume one of the first extended investigations of paternity in 19th century Britain and its empire

penetrate the stereotype of the Victorian paterfamilias to uncover intimate and involved authoritarian and austere fathers Finding surprising precursors of the new man and the lone father Trev Lynn Broughton and Helen Rogers provide an essential overview of changing ideologies and practices of fatherhood as the family acquired its distinctively modern form Gender and Fatherhood in the Nineteenth Century Offers nuanced re readings of artistic and literary representations of domesticity investigations of fathering at home and at work and of legal political and religious discourses suggesting that fatherhood generated more anxiety and debate than previously acknowledged Explores how traditional conceptions of paternal authority worked to accommodate the cult of motherhood Examines how paternal power was embedded in social institutions Shows how models of social fatherhood provided powerful men with a means of negotiating their relationship with working class men and colonized subjects As these innovative essays demonstrate the history of fatherhood can illuminate our understanding of class society and empire as well as of gender and the family Together they form an indispensable resource for anyone studying Victorian fatherhood as part of a history literature art social or cultural studies course
