Mask Of Treachery:

Mask of Treachery John Costello, 1988 About an espionage ring which operated in Britain in the 1950s **Mask of Treachery Spies Lies** Outlet, Outlet Book Company Staff, Random House Value Publishing Staff, 1990-01-30 Mask of Treachery John Costello, 1990-01-01 Picking up where the million copy bestselling *Spycatcher* left off here is the first book to use newly declassified documents to expose the shocking double lives of the most notorious Soviet spies of the postwar era the Cambridge spy ring *The Supreme Fictions of John Banville* Joseph McMinn, 1999 This work offers a critical commentary on the range of John Banville's fiction including the plays and views that fiction in the contexts of contemporary critical theory particularly those of postmodernism and feminism It argues that Banville's work is deeply influenced by romantic and modernist mythologies of the creative imagination especially those expressed by Coleridge and Wallace Stevens Banville's interest in systems of knowledge and forms of representation is a major issue in the study and McMinn investigates his use of paintings as metaphors **Unholy Trinity** Mark Aarons, John Loftus, 1998-06-15 Written in riveting fashion by the coauthors of *The Secret War Against the Jews* Mark Aarons and John Loftus's *Unholy Trinity* tells one of the darkest tales of World War II After the war had ended fearing a surge of Soviet growth the Papacy entered into an espionage alliance with British and American intelligence agents Subsuming justice to the nascent Cold War ideology these three powers ferreted Nazi criminals out of Europe so that they could be used in the supposedly greater fight against Communism The Vatican's Nazi smuggling network was penetrated by Prince Anton Turkul the great Soviet double agent who turned the operations into a sting for his masters in the Kremlin *Unholy Trinity* exposes Turkul's Red Nazi operation for the first time and shows how Kim Philby the infamous British Soviet double agent and his network were nearly sacrificed to preserve Turkul's Vatican operation Exploring the Vatican's role in aiding Nazi criminals to escape punishment for their crimes this book originally published in 1991 first revealed the Vatican Swiss bank connection to Nazi gold and documented the hidden links to Western investors in Nazi Germany Since its publication major revelations about the role of Swiss banks have confirmed *Unholy Trinity*'s expose of the flight of the Nazis' stolen treasures the new introduction and new final chapters written by Aarons and Loftus for this edition bring the book completely up to date and show how the media have missed the vital Vatican connection in the Swiss bank story Among other things the authors demonstrate that U S and British code breakers were fully aware of the Holocaust as early as 1941 but lied to the Western press that the code breakers bugged the Swiss banks and then buried secrets of Nazi gold transfers to protect U S intelligence chief Allen Dulles and that the Australian British and Canadian governments are still waging a campaign to keep their citizens ignorant about the Nazi war criminals living among them Covering all these topics and more *Unholy Trinity* is the definitive history of a series of profoundly disturbing cover ups involving the Holy See Allen Dulles the Swiss banks and the remnants of the Third Reich *The Performance Arts in Africa* Frances Harding, 2013-12-16 *The Performance Arts in Africa* is the first anthology of key writings on African performance

from many parts of the continent As well as play texts off the cuff comedy routines and masquerades this exciting collection encompasses community based drama tourist presentations television soap operas puppet theatre dance song and ceremonial ritualised performances Themes discussed are theory performers and performing voice language and words spectators space and time The book also includes an introduction which examines some of the crucial debates past and present surrounding African performance The Performance Arts of Africa is an essential introduction for those new to the field and is an invaluable reference source for those already familiar with African performance **The Subversive Screen**

Last of the Cold War Spies Roland Perry,2008-12-17 The most damaging spy network of the Cold War the infamous Cambridge Spy Ring comprised several influential British citizens and one American Michael Straight While a student at Cambridge University in the 1930s Straight fell in with the circle of notorious spies including the infamous Kim Philby For the next several decades Michael Straight led the secret life of a secret agent While working at the State Department he passed intelligence reports to a Russian agent while running his family's magazine The New Republic he funded several Communist fronts and while serving U S presidents he continued to meet with Soviet agents around the world Despite Straight's 1963 confession to the F B I that his covert activity ceased in 1941 investigative journalist and author Roland Perry has unearthed a different story the full and complete portrait of Michael Straight last of the Cold War spies **The Writing of Melancholy** Ross Chambers,1993-06-15 Sees in the disjunction between the narrative function and the textual function of mid 19th century French literature a reflection of the general malaise that swept the country in the wake of the failed

 Richard C. Thurlow,1995-01-09 This is a history of the secret activities of the British government in response to threats to the
 nation s well being and stability during the twentieth century It is based on intensive and widespread research in private and
 public archives and on documents many of which have only recently come to light or been made available The dangers
 perceived by the state have been manifold and various coming from within and from abroad Anarchists fascists socialists
 communists the IRA trades unionists and animal activists as well as spies terrorists and saboteurs have been the subject of
 undercover investigation along with almost every large scale movement from suffragettes to campaigners for peace and
 nuclear disarmament The author describes the methods and people employed and the mixed nature of their results The
 British state has always seen itself as civil and liberal but as Dr Thurlow shows it has sometimes been far from open The
 government has had many weapons at its disposal from public order acts censorship internment and proscription on the one
 hand to covert operations infiltration and manipulation on the other Yet when examined in the light of new evidence the
 activities of the state are fully comprehensible only in terms of those who comprised it The author shows the tensions among
 the departments between MI5 MI6 SIS and the Special Branch for example and the crucial part played by individuals whose
 motives were often far from what the government supposed them to be This is an at times disturbing at others almost
 comical but always fascinating account It throws light on the inmost workings of the state as well as on the movements and
 people subject to investigation and action *The Dangerous Otto Katz* Jonathan Miles,2010-10-26 This biography of the spy
 who became the inspiration for Casablanca s Victor Laszlo describes his involvement in the Spanish Civil War Stalin s secret
 meetings Trotsky s murder and the lives of Hollywood celebrities as he sought fame fortune and glory *The Works and Life*
