

# MASKS AND MASKING

A traditional African mask, likely from the Yoruba or Ewe cultures, featuring a dark, polished face with a prominent vertical line down the center. The eyes are closed, and the lips are painted a vibrant red. The mask is adorned with a thick, dark, beaded fringe that hangs down, giving it a textured, almost hair-like appearance. The background is a mottled green and brown, suggesting a natural, outdoor setting.

and women and healers      **Anti-Consumption** Hélène Cherrier, Michael S W Lee, 2022-09-01 In this edited volume the leading scholars in the field engage with consumers marketers corporations and policymakers as well as space dynamics and network formation to provide an in depth examination of anti consumption a voluntary behavioural inclination to minimise rather than grow to decelerate and simplify and to reduce the unnecessary exploitation of resources fuelled by consumer culture This book does not place anti consumption on the high moral ground but rather demonstrates its complexity to spur innovative and critical thinking on how people organisations businesses and governments can treat consumption more as a necessity for survival than as a tool for self expression pleasure and economic growth The first part of this book looks at anti consumption from a diversity of perspectives It analyses voluntary simplicity a self motivated engagement in consumption reduction and boycotting a politically motivated reaction against unacceptable corporate practices as distinct manifestations of anti consumption that nonetheless remain rooted in the logic of the market Paving the way to critical perspectives on the interface between anti consumption people and the environment the second part of the book projects anti consumption to issues of waste production and provides possible answers to global challenges of resources depletion social inequalities and global warming In this section anti consumption is critically assessed as an actor of change both in terms of social change and paradigm change To move the field forward the third part of this book presents several theoretical frameworks that help set a roadmap for future research Anti Consumption will be of direct interest to scholars and researchers within the fields of marketing consumer research business studies environmental studies and sustainability It will also be of value to those researching the economics and or sociology of markets      Culture and Human Thought Gary Edson, 2022-10-10 Individuals often view culture as activities beyond their interests associating the concept with exclusivity or high art To be cultured is often synonymous with engaging in physical expressions of art like opera a classical music concert a museum exhibit or a theater performance While culture does indeed extend to all these things it is the internal processes of memory language imagination and thought that frequently have more significance than any real world activity Culture is day to day life ideas identity and perception This book investigates the ways in which thought and belief have inspired collective human endeavors and traditions It brings the act of thinking into focus outlining its effect on civic development while exploring the history of cultural epistemology Spanning time periods and geographic regions chapters derive new meaning from the connections between thought belief tradition and the cultures they create They explore how active thinking leads to group identity and document the multigenerational ideas and attitudes that have strengthened cultural memory      *Botanical Revolutions* Giovanni Aloï, 2025-03-18 This groundbreaking volume unearths the representation of plants and their vital impact on art thereby advocating for the botanical world s legitimate place in art history Desired for their aesthetic beauty sought after for their medicinal properties harvested for their scents and flavors or grown as essential material resources plants are indissolubly entwined with our existence In art it is no different plants have played a critical role Yet despite their

significant material and conceptual contributions plants have been sidelined in the commentary of art historians and critics Botanical Revolutions presents a global history of plants in art focusing on the crucial moments that signaled the formation of new movements and styles as well as the creation of media that could not have occurred without the involvement of and interaction with the vegetal world In this fascinating and beautifully illustrated book author Giovanni Aloï delves deeply into the history and representation of plants in art advocates for a change in our relationship with the botanical world and presents an alternative history of art that foregrounds the truly indispensable contributions of plants Handbook of Research Methods for Studying Identity In and Around Organizations Ingo Winkler, Stefanie Reissner, Rosalía

Cascón-Pereira, 2023-07-01 This practical yet cutting edge Handbook includes both established and innovative methods for studying identity in management organisations and cognate fields Incorporating a breadth of narrative visual ethnographic and embodied methods as well as ways for analysing naturally occurring data this Handbook offers exciting new interdisciplinary perspectives on the study of identity in and around organisations **Art and Architecture of the World's Religions** Leslie D.
