and seeks out its peculiar significance as symbol Amulets against the Evil Eye persist today in nearly every part of the world Almost as pervasive is the conception of the Good Eye itself used as a protective amulet The Eye of Horus for example was one of the holiest symbols of the ancient Egyptian religion and its descendants can still be found in the Mediterranean basin Using artifacts and texts the folklore of our own times and aspects of the unconscious revealed by Jungian psychology Potts reveals the diverse forms and meanings of this powerful symbol The Masks of Menander David Wiles,2004-06-03 An examination of the conventions and techniques of the Greek theatre of Menander and subsequent Roman theatre **Masks of Difference** David Richards,1994 Writings about and depictions of savage peoples by conquering races as a form of textual practice Masks of Authority Claude Calame,2005 Exploring a variety of literary texts representing different poetic genres Claude Calame an internationally known classicist draws the lineaments of a real history of the means used by ancient Greek poets to create in their works a fictional authorship In this collection of essays he shows that they made of their poems through various discursive strategies texts to be performed with the collective ritual and pragmatic values implicit in the ideas of craft and performance How is it possible to distinguish between the external context and reception of a discursive work and the elaborate poetic effects produced in the text itself by means of language Clearly the partly fictional figure of the author constructed by the text is not the same as the biographical author In ancient Greece moreover the person of the composer of a poem was often distinct from the person of its performer Important examples in *Masks of Authority* include some of the Homeric Hymns didactic poetry by Hesiod a bucolic poem of Theocritus performed poetry by Sappho and mimetic poems by Callimachus Attic tragedy and comedy in masked performances Sophocles and Aristophanes an iconographic inscription an authoritative scientific discourse by Hippocrates and an initiatory commentary to an Orphic theogony The result is a selective history of Greek poetics from the perspective of its authorial devices and social functions its place between oral and written traditions The Masks of Proteus Philip Resnick,1997-06-05 In this collection of twelve essays Philip Resnick provides a comparative perspective on the modern state arguing that the power of the state like the mythological god Proteus takes many different forms and cannot be revealed by any single discipline He delves into political theory political economy and political sociology as well as examining a number of isms important to any treatment of the modern state **Masks** T.
