Grob, 1994-02-21 In the first comprehensive one volume history of the treatment of the mentally ill the foremost historian in the field compellingly recounts our various attempts to solve this ever present dilemma from colonial times to the present Gerald Grob charts the growth of mental hospitals in response to the escalating numbers of the severely and persistently mentally ill and the deterioration of these hospitals under the pressure of too many patients and too few resources Mounting criticism of psychiatric techniques such as shock therapies drugs and lobotomies and of mental institutions as inhumane places led to a new emphasis on community care and treatment While some patients benefited from the new community policies they were ineffective for many mentally

ill substance abusers Grob's definitive history points the way to new solutions It is at once an indispensable reference and a call for a humane and balanced policy in the future

A Feeling of Wrongness Joseph Packer, Ethan Stoneman, 2018-11-01 In *A Feeling of Wrongness* Joseph Packer and Ethan Stoneman confront the rhetorical challenge inherent in the concept of pessimism by analyzing how it is represented in an eclectic range of texts on the fringes of popular culture from adult animated cartoons to speculative fiction Packer and Stoneman explore how narratives such as *True Detective* *Rick and Morty* *Final Fantasy VII* *Lovecraftian* weird fiction and the pop ideology of transhumanism are better suited to communicate pessimistic affect to their fans than most carefully argued philosophical treatises and polemics They show how these popular nondiscursive texts successfully circumvent the typical defenses against pessimism identified by Peter Wessel Zapffe as distraction isolation anchoring and sublimation They twist genres upend common tropes and disturb conventional narrative structures in a way that catches their audience off guard resulting in belief without cognition a more rhetorically effective form of pessimism than philosophical pessimism While philosophers and polemicists argue for pessimism in accord with the inherently optimistic structures of expressive thought or rhetoric Packer and Stoneman show how popular texts are able to communicate their pessimism in ways that are paradoxically freed from the restrictive tools of optimism *A Feeling of Wrongness* thus presents uncharted rhetorical possibilities for narrative making visible the rhetorical efficacy of alternate ways and means of persuasion

This Upside Down in Reverse **Conspired Creation in Breach of Original Law** Dillon Swart, 2018-10-11 This book is about the original reason for life from the viewpoint of the author The author could not agree with any of the reasons that have historically been given for life He therefore made a decision to research what is written in this book as having been the original reason for life It is the opinion of the author that everybody despite their conditioning has it within themselves to understand the original reason for life Anybody can agree to disagree with the writings in this book They can stay in the comfort of whatever is their own beliefs They could also agree with the writings in this book

Mad, Bad and Sad Lisa Appignanesi, 2008 This brave and brilliantly researched intellectual history chronicles the relationship between women and mental illness since 1800 taking readers on a fascinating journey through the fragile extraordinary human mind 5 illustrations

The Hindu Index, 2005 The Existential and its Exits L. A. C. Dobrez, 2014-01-13 The book fills a significant gap in modern critical studies Hitherto there has been no considered attempt to relate Existentialist thought to contemporary literature and this is precisely what Dr Dobrez achieves taking four leading writers and discussing their work in relation to Husserl Heidegger and Sartre Readers will find this account enlightening in its discussion of Existentialism itself and its application of Existentialist principles in modern literature Thus this book will be of great value to students of both contemporary literature and modern philosophy
