Mass Movement in a Chinese Village Isabel Crook, David Crook, 1979 *Revolution in a Chinese Village* David Crook, Isabel Crook, 2006-10-19 First published in 2002 An in depth study of land reform in one Chinese village the authors were accepted as comrades in Party life and studies in post war rural China **A Century of Change in a Chinese Village** Lin Juren, Xie Yuxi, 2018-05-04 Over the last half century China has evolved from a poor rural country to a geopolitical powerhouse Rapid urbanization has been at the heart of that transformation and as migrant laborers have left their villages what has become of the rural communities that were once the center of economic social and cultural life And how do contemporary Chinese scholars understand those changes These are the questions that this compelling book answers Lengshuigou village located near the Shandong provincial capital of Jinan was first studied by Japanese social scientists in the early 1940s and then again in the 1980s and 1990s Building on these rich surveys this book traces changes from the early twentieth century to the present day in family and lineage social stratification personal networks annual and life cycle rituals village politics and elite formation Drawing on their own large scale survey of contemporary village households the authors analyze the physical and institutional changes that have altered the community as well as the shifts in interpersonal relations and attitudes that have upended centuries old systems of patriarchy and generational order This important book presents for the first time in English analysis by Chinese sociologists on the radical transformation of Chinese rural society Collective Killings in Rural China during the Cultural Revolution Yang Su, 2011-02-21 The violence of Mao s China is well known but its extreme form is not In 1967 and 1968 during the Cultural Revolution collective killings were widespread in rural China in the form of public execution Victims included women children and the elderly This book is the first to systematically document and analyze these atrocities drawing data from local archives government documents and interviews with survivors in two southern provinces This book extracts from the Chinese case lessons that challenge the prevailing models of genocide and mass killings and contributes to the historiography of the Cultural Revolution in which scholarship has mainly focused on events in urban areas **Territories of Social Responsibility** Patricia Almeida Ashley, 2016-03-09 CSR is a fragile concept if conceived only at the organizational level or driven only by leadership will Many writers deal with aspects of social responsibility but most deal with it as this kind of organizational and voluntary initiative Few address the wider policy agenda The contributors to Territories of Social Responsibility researchers and practitioners from four continents all participated in an international workshop co ordinated by Patricia Almeida Ashley as part of her role as Chair in Development and Equity at the International Institute of Social Studies They form a policy network contributing to studies on the concept of a multi actor multilevel and territorial approach to social responsibility and governance oriented towards global regional or local

development and equity goals This book introduces a new conceptual framework and promotes a research and policy agenda relating to it A new model sees CSR embedded in institutional and legal frameworks communicated and understood through a vector of communication and knowledge influencing situated culture and social values and classified into three levels of ethical challenges All of this can be expressed into the social processes of education governance the development of civil society and policy making a renovation of the existing perspectives on the concept of social responsibility This ground breaking book integrates conceptual and empirical contributions and opens a research and policy agenda for the future It will appeal to academics higher level students policy makers and to leaders of and advisors to organizations affected by social responsibility issues

Power Restructuring In China And Russia Mark Lupher, 2018-02-12 The massive economic transformations and political upheavals that have been sweeping China and the Soviet Union in the final decades of the twentieth century are among the great dramas of our time Yet the origins of these revolutionary changes are murky and their outcomes unclear Have we witnessed the demise of an archaic authoritarian order and the rise of pluralism and democracy or are the tumultuous events of the post Mao era and the period of perestroika more usefully viewed in light of broader patterns of power and politics in Chinese and Russian history Considering these questions with a new interpretation of power relations and political processes in China and Russia Mark Lupher explores the imperial era the communist period and the current situation in both countries Rather than speaking of reform which too often is understood as liberalization along Western lines his discussion is focused on power restructuring the ebb and flow of state power the centralization and decentralization of political and economic power and the three way struggles between central rulers various elites and nonprivileged groups that drive these processes Lupher s power restructuring analysis is noteworthy in combining broad comparative historical analysis and conceptualization with a closely focused discussion and reinterpretation of the Chinese Cultural Revolution the core of his book By comparing and bringing new light to bear on a series of pivotal episodes in Chinese and Russian history he furthers our understanding and assessment of processes that will continue to unfold in China Russia and the former Soviet republics

Ritual and Music of North China Stephen Jones, 2016-12-05 This second volume of Stephen Jones work on ritual and musical life in north China again with accompanying downloadable resources gives an impression of music making in daily life in the poor mountainous region of Shaanbei northwest China It conveys some of the diverse musical activities there around 2000 from the barrage of pop music blaring from speakers in the bustling county towns to the life cycle and calendrical ceremonies of poor mountain villages Based on the practice of grass roots music making in daily life not merely on official images the main theme is the painful maintenance of ritual and its music under Maoism its revival with the market reforms of the 1980s and its modification under the assaults of TV pop music and migration since the 1990s The text is in four parts Part One gives background to the area and music making in society Parts Two and Three discuss the lives of bards and shawm bands respectively describing modifications in their ceremonial activities through the twentieth century Part Four acclimatizes us to the modern world with glimpses of various types of musical life in Yulin city the regional capital illustrating the contrast with the surrounding countryside The 44 minute downloadable resources with its informative commentary is intended both to illuminate the text and to stand on its own It shows bards performing at a temple fair and to bless a family in distress and shawm bands performing at a wedding at funerals and a shop opening including their pop repertory with the big band Also featuring as part of these events are opera troupes geomancers and performing beggars by contrast the film shows a glimpse of the official image of Shaanbei culture as presented by a state ensemble in the regional capital The publication will appeal to ethnomusicologists anthropologists and all those interested in modern Chinese history and society

Grassroots Elections in China Kevin J. O'Brien, Suisheng Zhao, 2014-07-22 Twenty years after the launch of village elections the time is ripe to assess the progress and impact of China s most notable political reform Where have elections been conducted well and where have they been conducted poorly How have procedures changed over the years and have elections truly transformed how power is exercised in the countryside What methods are researchers employing to study elections and how have scholars from different disciplines contributed to our knowledge of grassroots politics in China This book carefully examines the implementation and effects of China s village township and people s congress elections both in terms of democratizing the polity and spurring other changes in state

society relations The chapters in this book have been published across several issues of the Journal of Contemporary China
Prosperity's Predicament Isabel Brown Crook, Christina Kelley Gilmartin, 2013-09-26 This classic in the annals of village studies will be widely read and debated for what it reveals about China's rural dynamics as well as the nature of state power markets the military social relations and religion Built on extraordinarily intimate and detailed research in a Sichuan village that Isabel Crook began in 1940 the book provides an unprecedented history of Chinese rural life during the war with Japan It is an essential resource for all scholars of contemporary China *Women and China's Revolutions* Gail

Hershatter, 2018-09-04 If we place women at the center of our account of China's last two centuries how does this change our understanding of what happened This deeply knowledgeable book illuminates the places where the Big History of recognizable events intersects with the daily lives of ordinary people using gender as its analytic lens Leading scholar Gail Hershatter asks how these events affected women in particular and how women affected the course of these events For instance did women have a 1911 revolution A socialist revolution If so what did those revolutions look like Which women had them Hershatter uses two key themes to frame her analysis The first is the importance of women's visible and invisible labor The labor of women in domestic and public spaces shaped China's move from empire to republic to socialist nation to rising capitalist power The second is the symbolic work performed by gender itself What women should do and be was a constant topic of debate during China's transformation from empire to weak state to partially occupied territory to nascent socialist republic to reform era powerhouse What sorts of concerns did people express through the language of gender How did that language work and why was it so powerful Drawing on decades of Hershatter's groundbreaking scholarship and mastery of a range of literatures this beautifully written book will be essential reading for all students of China's modern history
