

Mass Communications Law Casebook

Jo Anne Smith

Third Edition

Mass Communications Law Casebook

Donald M. Gillmor, Jerome A. Barron

Mass Communications Law Casebook:

Mass Communications Law Casebook Jo Anne Smith, 1985-12-01 *Mass Communication Law* Donald M. Gillmor, Jerome A. Barron, 1979 This text provides a comprehensive survey of media law It is the original modern casebook in mass communication law emphasizing learning of law principles and precedents directly from the writings of courts and administrative agencies *Media Law and Ethics* Roy L. Moore, 2020-07-24 This new edition of the casebook includes extensive excerpts from 25 major decisions by the Supreme Court of the United States in media law or related to media law The cases are presented in the order in which they are discussed in the third edition of *Media Law and Ethics* by Roy L. Moore and Michael D. Murray but the casebook is designed to be used as a supplemental text in any media law course Each case includes a brief overview and has been edited to delete detailed citations and highly technical material However every effort has been made to preserve the Court's original language including its recitation of the facts its reasoning and the holding in the case Most of the cases also include excerpts from the Court's syllabus a summary prepared by the Court's Reporter of Decisions A few of the cases include excerpts from concurring and/or dissenting opinions where those opinions illustrate the complexity of the case or were influential in later decisions *Mass Communication Law and Ethics* Roy L. Moore, 1999 First published in 1999 **Mass Media** James B. Martin, 2002 Mass media has become an integral part of the human experience News travels around the world in a split second affecting people in other countries in untold ways Although being on top of the news may be good at least for news junkies mass media also transmits values or the lack thereof condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes *Law of Mass Communications* Dwight L. Teeter, Bill Loving, 2011 The Thirteenth Edition includes substantial material involving new media as technological changes affect traditional patterns of both communication and governance Key principles remain but are under stress as both media and interpersonal communication systems evolve At the same time this textbook continues to draw on the history of mass communication reviewing both historical and constitutional foundations for freedom of expression Reputation and privacy are dealt with in greater detail as the Internet and social media erode the traditional boundaries separating personal from public information Because media are intertwined with democracy the book discusses citizens' rights of access to government information and processes **Cases in Communications Law** John D. Zelezny, 1993 This text is truly oriented to the modern mass communications student with substantial material applicable to public relations advertising and broadcasting as well as journalism The book tries to strike a middle ground between the very light descriptive approaches and the very detailed case-oriented legal texts also striking a middle ground between legal principles and survival information for the media professional **Social Media and the Law**, 2013-01-03 Social media platforms like Facebook Twitter Pinterest YouTube and Flickr allow users to connect with one

another and share information with the click of a mouse or a tap on a touchscreen and have become vital tools for professionals in the news and strategic communication fields But as rapidly as these services have grown in popularity their legal ramifications aren't widely understood To what extent do communicators put themselves at risk for defamation and privacy lawsuits when they use these tools and what rights do communicators have when other users talk about them on social networks How can an entity maintain control of intellectual property issues such as posting copyrighted videos and photographs consistent with the developing law in this area How and when can journalists and publicists use these tools to do their jobs without endangering their employers or clients In *Social Media and the Law* eleven media law scholars address these questions and more including current issues like copyright online impersonation anonymity cyberbullying sexting and WikiLeaks Students and professional communicators alike need to be aware of laws relating to defamation privacy intellectual property and government regulation and this guidebook is here to help them navigate the tricky legal terrain of social media

Law of Mass Communications Dwight L. Teeter, Don R. Le Duc, 1995

Mass Communications Research Resources Christopher H. Sterling, James K. Bracken, Susan B. Hill, 2016-05-06 This reference book is designed as a road map for researchers who need to find specific information about American mass communication as expeditiously as possible Taking a topical approach it integrates publications and organizations into subject focused chapters for easy user reference The editors define mass communication to include print journalism and electronic media and the processes by which they communicate messages to their audiences Included are newspaper magazine radio television cable and newer electronic media industries Within that definition this volume offers an indexed inventory of more than 1 400 resources on most aspects of American mass communication history technology economics content audience research policy and regulation The material featured represents the carefully considered judgment of three experts two of them librarians plus four contributors from different industry venues The primary focus is on the domestic American print and electronic media industries Although there is no claim to a complete census of all materials on print journalism and electronic media what is available is now too vast for any single guide the most important and useful items are here The emphasis is on material published since 1980 though useful older resources are included as well Each chapter is designed to stand alone providing the most important and useful resources of a primary nature organizations and documents as well as secondary books and reports In addition online resources and internet citations are included where possible

The SAGE Guide to Key Issues in Mass Media Ethics and Law William A. Babcock, William H. Freivogel, 2015-03-23 The SAGE Guide to Key Issues in Mass Media Ethics and Law is an authoritative and rigorous two volume issues based reference set that surveys varied views on many of the most contentious issues involving mass media ethics and the law Divided into six thematic sections covering information from contrasting ethical responsibility and legal rights for both speech and press newsgathering and access and privacy to libelous reporting business considerations and changing rules with social media and the Internet the information in this guide is

extremely relevant to a variety of audiences This guide specifically focuses on matters that are likely to be regular front page headlines concerning topics such as technological threats to privacy sensationalism in media coverage of high profile trials cameras in the courtroom use of confidential sources national security concerns and the press digital duplication and deception rights of celebrities plagiarism and more Collectively this guide assesses key contentious issues and legal precedents noting current ethical and legal trends and likely future directions Features Six thematic sections consist of approximately a dozen chapters each written by eminent scholars and practitioners active in the field Sections open with a general Introduction by the volume editors and conclude with a wrap up Outlook section to highlight likely future trends Chapters follow a common organizational outline of a brief overview of the issue at hand historical background and precedent and presentation of various perspectives pro con mixed to the issue See also cross references guide readers to related chapters and references and further readings guide users to more in depth resources for follow up This reference guide is an excellent source for the general public students and researchers who are interested in expanding their knowledge in mass media and the ethics and law surrounding it

Media Law and Ethics Roy L. Moore, Michael D. Murray, Kyu Ho Youm, 2021-09-30 This comprehensive textbook provides a thoughtful introduction to both the legal and ethical considerations relevant to students pursuing careers in communication and media The fully revised sixth edition continues to integrate fundamental legal and ethical principles with cases and examples from both landmark moments and recent history It expands upon the previous edition's exploration of international and non U S law introduces a new chapter on digital and social media and incorporates discussion of new technologies and media throughout its coverage of core topics such as privacy intellectual property defamation and commercial speech Coverage of contemporary court cases and congressional hearings brings readers up to date on the evolving discussion surrounding Facebook Twitter and today's other major online players This hybrid textbook is ideal for undergraduate and graduate courses in media and communication that combine law and ethics Online resources including study guides and sample teaching materials are available at www.routledge.com

9780367748562 **Electronic Media Law** Roger L. Sadler, 2005-03-10 Even though the First Amendment of the U S Constitution grants freedom of speech and freedom of the press laws and regulations governing media frequently evolve as the media themselves do As a result it is often a challenge to keep pace with new laws and regulations Electronic Media Law is a comprehensive up to date textbook on the constantly changing and often complex world of electronic media law Author Roger L Sadler examines the laws regulations and court rulings affecting broadcasting cable satellite and cyberspace The book also looks at cases from the print media and general First Amendment law because they often contain important concepts that are relevant to the electronic media Electronic Media Law is written for mass media students not for future lawyers so the text is straightforward and explains legalese The author covers First Amendment law political broadcasting rules broadcast content regulations FCC rules for station operations cable regulation media ownership rules media liability

lawsuits intrusive newsgathering methods media restrictions during wartime libel privacy copyright advertising law freedom of information cameras in the court and privilege Key Features Provides an easy to use format of chapter categories and sections that facilitate research on individual topics Frequently Asked Questions highlight important points from cases Explains complex legal concepts in basic terms that give students the foundation for further studies in electronic media law Electronic Media Law provides an understanding of the First Amendment and the American legal system with an emphasis on the electronic media It is an excellent textbook for undergraduate and graduate students studying broadcast law and media law Social Media and the Law Daxton R. Stewart, 2022-10-03 This fully updated third edition of Social Media and the Law offers an essential guide to navigating the complex legal terrain of social media Social media platforms like Facebook Twitter Instagram YouTube and TikTok have become vital tools for professionals in the news and strategic communication fields As these services have rapidly grown in popularity their legal ramifications have continued to develop resulting in students and professional communicators needing to be aware of laws relating to defamation privacy intellectual property and government regulation Editor Daxton Stewart brings together eleven media law scholars to address key questions such as the following To what extent do communicators put themselves at risk for lawsuits when they use these tools What rights do communicators have when other users talk about them on social networks How can people and companies manage intellectual property issues consistent with the developing law in this area This book is essential for students of media mass communication strategic communication journalism advertising and public relations as well as professional communicators that use social media in their role

Teaching Mass Communication Michael D. Murray, Anthony J. Ferri, 1992-02-24 This unique volume brings together original essays by well known mass communication experts master teachers who provide practical information on teaching the communication and journalism courses in which they specialize The authors make recommendations for practical applied theoretical and advanced courses representing every area of the mass communications curriculum Its contributors include eminent specialists such as Maurine H Beasley who offers advice to teachers of media history Dan Nimmo political communication Roy L Moore media law Jay Black media ethics and John De Mott media management Chapter authors suggest course outlines teaching strategies and methods of testing and provide reviews of current texts and supplementary materials such as films and other audio visual aids Chapter topics in part I The Introductory Course include The Beginning Course in Mass Communication and introductory courses to broadcasting public relations the film course and internship programs Part II Applied Coursework includes chapters on writing news for print and broadcast reporting advertising campaigns audio and video production and teaching research methods Part III which deals with advanced coursework includes chapters on courses in mass communication law mass media management and history mass media and politics media criticism and media ethics Teaching Mass Communication will prove vitally important to faculty with new preparations for mass communication courses including senior faculty keeping up

with changes media professionals and new faculty preparing their teaching assignments **Mass Media Law** Don Pember, Clay Calvert, 2010-01-13 This current and comprehensive market leading textbook addresses the most relevant and important aspects of mass media law in the United States stretching from the history and adoption of the First Amendment to the most recent judicial opinions statutory enactments and regulatory controversies affecting speech across the print broadcast cable and Internet media From the laws of libel and privacy to the regulation of advertising and telecommunications Mass Media Law examines timely issues that are shaping the United States legal system and the future of media content Communication, Digital Media, and Popular Culture in Korea Dal Yong Jin, Nojin Kwak, 2018-05-16 In recent decades Korean communication and media have substantially grown to become some of the most significant segments of Korean society Since the early 1990s Korea has experienced several distinctive changes in its politics economy and technology which are directly related to the development of local media and culture Korea has greatly developed several cutting edge technologies such as smartphones video games and mobile instant messengers to become the most networked society throughout the world As the Korean Wave exemplifies the once small and peripheral Korea has also created several unique local popular cultures including television programs movies and popular music known as K pop and these products have penetrated many parts of the world As Korean media and popular culture have rapidly grown the number of media scholars and topics covering these areas in academic discourses has increased These scholars interests have expanded from traditional media such as Korean journalism and cinema to several new cutting edge areas like digital technologies health communication and LGBT related issues In celebrating the Korean American Communication Association s fortieth anniversary in 2018 this book documents and historicizes the growth of growing scholarship in the realm of Korean media and communication *Race, Africana Communication, and Criminal Justice Reform* Detra D. Johnson, Jeremy Harris Lipschultz, Marilyn D. Lovett, 2024-04-30 *Race Africana Communication and Criminal Justice Reform A Reflexive and Intersectional Analysis of Adaptive Vitality* discusses issues and themes surrounding communication social media online protests policing criminal justice reform and freedom of speech Honoring the legacy of Dr James Conyers this volume offers analyses grounded in Africana praxis and communication principles that embrace social justice and challenge systems based on race arguing for the importance of establishing networks of communication that benefit all people Collectively these interdisciplinary chapters extend the research on race at the intersections of social media and social justice Scholars of Africana studies communication criminal justice education and sociology will find this work particularly useful **Bowker's Law Books and Serials in Print** ,1995 *Who Owns the Media?* Benjamin M. Compaine, Douglas Gomery, 2000-07-13 This thorough update to Benjamin Compaine s original 1979 benchmark and 1982 revisit of media ownership tackles the question of media ownership providing a detailed examination of the current state of the media industry Retaining the wealth of data of the earlier volumes Compaine and his co author Douglas Gomery chronicle the myriad changes in the media industry and

the factors contributing to these changes They also examine how the media industry is being reshaped by technological forces in all segments as well as by social and cultural reactions to these forces This third edition of Who Owns the Media has been reorganized and expanded reflecting the evolution of the media industry structure Looking beyond conventional wisdom and expectations Compaine and Gomery examine the characteristics of competition in the media marketplace present alternative positions on the meanings of concentration and ultimately urge readers to draw their own conclusions on an issue that is neither black nor white Appropriate for media practitioners and sociologists historians and economists studying mass media this volume can also be used for advanced courses in broadcasting journalism mass communication telecommunications and media education As a new benchmark for the current state of media ownership it is invaluable to anyone needing to understand who controls the media and thus the information and entertainment messages received by media consumers

Mass Communications Law Casebook Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Mass Communications Law Casebook free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Mass Communications Law Casebook free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Mass Communications Law Casebook free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to

be cautious and verify the authenticity of the source before downloading Mass Communications Law Casebook. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Mass Communications Law Casebook any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Mass Communications Law Casebook Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Mass Communications Law Casebook is one of the best book in our library for free trial.
