Mass Media Effects Across Cultures International Intercultural Communication Annual S:

Mass Media Effects Across Cultures Felipe Korzenny, Stella Ting-Toomey, Elizabeth Schiff, 1992-04-17 This volume encompasses a compendium of diverse perspectives on media effects All the contributions are original pieces which attempt to represent thought research and ethics in the massive endeavour of understanding cross cultural media effects A list of variables which ought to be considered in future research is suggested and the contributors emphasize that there is no one methodology for the study of these processes

Mass Media in the Asian Pacific Bryce Telfer McIntyre, 1998 A compilation of recent research findings on mass communication in the Asia Pacific region The studies focus mainly on Hong Kong China and Taiwan The unfolding drama of China's take over of Hong Kong and Taiwan's potential reunification with the mainland are also addressed

Media Effects Jennings Bryant, Mary Beth Oliver, 2009-01-13 With contributions from some of the finest scholars in the discipline Media Effects serves not only as a comprehensive reference volume for media effects study but also as an exceptional textbook for advanced courses in media effects Covering the breadth of the media effects arena this third edition provides updated material as well as new chapters focusing on effects of mobile media and other technologies As this area of study continues to evolve Media Effects will serve as a benchmark of theory and research for current and future generations of scholars

The Global Intercultural Communication Reader Molefi Kete Asante, Yoshitaka Miike, Jing Yin, 2013-06-26 The Global Intercultural Communication Reader is the first anthology to take a distinctly non Eurocentric approach to the study of culture and communication In this expanded second edition editors Molefi Kete Asante Yoshitaka Miike and Jing Yin bring together thirty two essential readings for students of cross cultural intercultural and international communication This stand out collection aims to broaden and deepen the scope of the field by placing an emphasis on diversity including work from authors across the globe examining the processes and politics of intercultural communication from critical historical and indigenous perspectives The collection covers a wide range of topics the emergence and evolution of the field issues and challenges in cross cultural and intercultural inquiry cultural wisdom and communication practices in context identity and intercultural competence in a multicultural society the effects of globalization and ethical considerations Many readings first appeared outside the mainstream Western academy and offer diverse theoretical lenses on culture and communication practices in the world community Organized into five themed sections for easy classroom use The Global Intercultural Communication Reader includes a detailed bibliography that will be a crucial resource for today's students of intercultural communication

The Impact of International Television Michael G. Elasmr, 2014-04-08 For several decades cultural imperialism has been the dominant paradigm for conceptualizing labeling predicting and explaining the effects of international television It has been used as an unchallenged premise for numerous essays on the topic of imported television influence despite the fact that the assumption of strong cultural influence is not necessarily reflected in the body of research that exists within this field of study In The Impact of International Television A

Paradigm Shift editor Michael G Elasmr and his contributors challenge the dominant paradigm of cultural imperialism and offer an alternative paradigm with which to evaluate international or crossborder message influence In this volume Elasmr has collected original research from leading scholars working in the area of crossborder media influence and contributes his own meta analysis to examine what research findings actually show on the influences of crossborder messages The contributions included here illustrate points such as the contentions of cultural imperialism and the context in which its assumptions emerged and developed the complexities of the relationship between exposure to foreign television and its subsequent effects on local audience members the applicability of quantitative methods to a topic commonly tackled using argumentation critical theory and other qualitative approaches and the difficulty of achieving strong and homogenous effects In bringing together the work of independent researchers *The Impact of International Television A Paradigm Shift* bridges over 40 years of research efforts focused on imported television influence the results of which as a whole challenge the de facto strong and homogenous effects assumed by those who support the paradigm of cultural imperialism The volume sets a theory driven agenda of research and offers an alternative paradigm for the new generation of researchers interested in international media effects As such the volume is intended for scholars researchers and students in international and intercultural communication cross cultural communication mass communication media effects media and society and related areas It will also be of great interest to academics in international relations cross cultural and social psychology intergroup and international relations international public opinion and peace studies

Handbook of International and Intercultural Communication William B. Gudykunst, Bella Mody, 2002 This handbook summarises the state of the art in international cultural and developmental communication and sets the agenda for future research

20 Questions about Youth & the Media Sharon R. Mazzarella, 2007 Textbook

A Different Road Taken John A Lent, 2019-04-02 Dallas Smythe George Gerbner Herbert Schiller James Halloran Kaarle Nordenstreng these five seminal figures form the backbone of current scholarship in critical communication From policy research to television demographics and from economic globalization to cultural imperialism their insights and discoveries have given both scholars and the
