**Massachusetts** Kathleen Tracy,2010-12-23 In 1620 one hundred two Puritans boarded the Mayflower on a dangerous adventure For them the promise of religious freedom was worth risking their lives They never made it to their destination in Virginia but landed much farther north After surviving unsanitary and cramped conditions on the Mayflower the settlers founded Plymouth Colony where they faced starvation brutal winter weather and the ever present scourge of disease During the first year more than half the settlers died Survivors many of them teenagers who had lost their parents refused to leave

With the help of Native Americans who showed the settlers how to farm and introduced them to maize Plymouth Colony survived and flourished The success of the Puritans encouraged other young Europeans to settle in the British colonies and paved the way for a new nation Although Plymouth Colony was annexed to Massachusetts in 1691 the Puritan legacy has remained strong in the United States of America *Understanding the Charter of the Massachusetts Bay Colony* James Wolfe, Barbara Moe, 2015-07-15 Early American colonists were optimistic adventurers who helped build a new settlement But they also experimented with creating a new society The Charter of the Massachusetts Bay Colony was the first political document written in the United States a first attempt at self government Discover who wrote this document and why and how it influenced the creation of the United States government **Memoir of John Endecott, First Governor of the Colony of Massachusetts Bay** Charles Moses Endicott, 1847 *The Massachusetts Colony* Dennis B. human and romanticized mythological element to Jamestown She was the daughter of the paramount chief mamanatowick Powhatan leader of an Algonquian speaking native group in eastern Virginia It was this group that Smith and the other English settlers came into contact with and Smith credited her with saving him from being killed by the Native Americans After that Smith was able to establish relatively friendly relations and trade with the local inhabitants ensuring Jamestown's survival Though the Virginian colonists had difficulty in the beginning by the late 1620s the Chesapeake area was thriving having become a haven for those seeking economic opportunity in the new world Pressures in England were growing as King Charles I was on the throne Though Charles I himself was an Anglican many suspected him of Catholic sympathies a suspicion not alleviated by Charles I marriage to a French Catholic princess Many Protestants had a growing desire to practice their faith and conduct their lives away from the mother country and sought refuge in a destination called New England The land chosen by this group who could pay their own way across the Atlantic in contrast to the poorer settlers of the Chesapeake region was colder less abundant but far healthier than Virginia Ultimately the men of the New England Company decided that the time had come to remove themselves from England and to pursue their lives in the Americas The Dorchester Company was founded by a group of investors with an interest in settlement in the New World This settlement would be a for profit venture but it would have as its two main causes the spreading of the Gospel to the Indian population and the stop of the spread of Roman Catholicism in the American colonies John White the company's leader also wanted to compete with the separatists who had begun the Plymouth colony in 1620 Cape Ann a promontory very near to Cape Cod was established by the Dorchester Company as an early settlement The fishing was excellent but Cape Ann proved unable to provide the farm goods needed to sustain the Puritan settlers who came to the New World The Dorchester Company was dissolved but investors seeking to salvage its aims formed the New England Company or Massachusetts Bay Company and secured a charter just before King Charles I dissolved the Parliament in 1629
