Africa's Slaves Today first published in 1975 examines the question of the persistence of slavery in modern Africa. It concludes that slavery is by no means dead in certain regions but that at the same time clear cut definitions of slave and free are often impossible to establish. In the Sahara particularly centuries of tradition involving slavery or semi slavery have ensured a persistence of the status quo in all but name. Recent instances of Africans sold into slavery in Arabia are discussed together with a detailed survey of slavery throughout North Africa and Ethiopia. At what stage forced labour becomes slavery is a difficult question raised by the discussion of the white South. The whole subject of slavery is put into perspective by contrasting examinations of the historical situation throughout the book.

The Hidden Treasures of Timbuktu John Owen Hunwick, Alida Jay Boye, 2008-10-28 The extraordinary manuscripts of Timbuktu invaluable historical documents objects of tremendous beauty and a testament to a great center of learning and civilization. For centuries trading caravans made epic journeys across the Saharan sands to reach the markets of the legendary city of Timbuktu where they traded salt gold slaves textiles and books. By the mid fifteenth century Timbuktu had become a major center of Islamic literary culture and scholarship. The city's libraries were repositories of all the world's learning housing not only works by Arab and Islamic writers but also volumes from the classical Greek and Roman worlds and studies by contemporary scholars. The astonishing manuscripts of Timbuktu form the lavish visual heart of this book. Beautifully graphic occasionally decorated these exquisite artifacts reveal great craftsmanship as well as learning. All were written in the Arabic script but not all are in Arabic for they also feature a range of local African languages. Aside from scholarly works the surviving manuscripts include a wealth of correspondence between rulers advisers and merchants on subjects as various as taxation commerce marriage divorce adoption breastfeeding and prostitution providing a vivid insight into the ordinary life and values of the day.

Encyclopedia of American Short Films, 1926-1959 Graham Webb, 2020-07-27 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon a newsreel possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest an unusual travelogue a comedy musical revues sports nature or popular vaudeville acts. With the advent of sound on film in the mid to late 1920s makers of earlier silent short subjects began experimenting with the short films using them as a testing ground for the use of sound in feature movies. After the Second World War and the rising popularity of television short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.
