Edgar Allan Poe and Anne Rice as well as lesser known horror writers. Many of today's horror story fans who appreciate horror through movies, television, video games, graphic novels, and other forms probably don't realize that horror literature is not only one of the most popular types of literature but one of the oldest. People have always been mesmerized by stories that speak to their deepest fears. *Horror Literature through History* shows 21st century horror fans the literary sources of their favorite entertainment and the rich intrinsic value of horror literature in its own right. Through profiles of major authors, critical analyses of important works, and overview essays focused on horror during particular periods as well as on related issues such as religion, apocalypticism, social criticism, and gender, readers will discover the fascinating early roots and evolution of horror writings as well as the reciprocal influence of horror literature and horror cinema. This unique two-volume reference set provides wide coverage that is current and compelling to modern readers who are of course also eager consumers of entertainment. In the first section, overview essays on horror during different historical periods situate works of horror literature within the social, cultural, historical, and intellectual currents of their respective eras, creating a seamless narrative of the genre's evolution from ancient times to the present. The second section demonstrates how otherwise unrelated works of horror have influenced each other, how horror subgenres have evolved, and how a broad range of topics within horror, such as ghosts, vampires, religion, and gender roles, have been handled across time. The set also provides alphabetically arranged reference entries on authors, works, and specialized topics that enable readers to zero in on information and concepts presented in the other sections.

The Mummy's Curse Roger Luckhurst, 2012-10-25 In the winter of 1922-23, archaeologist Howard Carter and his wealthy patron, George Herbert, the Fifth Earl of Carnarvon, sensationally opened the tomb of Tutankhamen. Six weeks later, Herbert, the sponsor of the expedition, died in Egypt. The popular press went wild with rumours of a curse on those who disturbed the Pharaoh's rest, and for years followed every twist and turn of the fate of the men who had been involved in the historic discovery. Long dismissed by Egyptologists, the mummy's curse remains a part of popular supernatural belief. Roger Luckhurst explores why the myth has captured the British imagination across the centuries and how it has impacted on popular culture. Tutankhamen was not the first curse story to emerge in British popular culture. This book uncovers the true stories of two extraordinary Victorian gentlemen widely believed at the time to have been cursed by the artefacts they brought home from Egypt in the nineteenth century. These are weird and wonderful stories that weave together a cast of famous writers, painters, fêted soldiers, lowly smugglers, respected men of science, disreputable society dames, and spooky spiritualists. Focusing on tales of the curse myth, Roger Luckhurst leads us through Victorian museums, international exhibitions, private collections, the battlefields of Egypt and Sudan, and the writings of figures like Arthur Conan Doyle, Rider Haggard, and Algernon Blackwood. Written in an open and accessible style, this volume is the product of over ten years' research in London's most curious archives. It explores how we became fascinated with Egypt and how this fascination was fuelled by myth, mystery, and rumour. Moreover, it provides a new and

startling path through the cultural history of Victorian England and its colonial possessions Chinese American Masculinities Jachinson Chan, 2020-04-03 This book is one of the first scholarly analyses of the current social constructions of Chinese American masculinities Arguing that many of these notions are limited to stereotypes Chan goes beyond this to present a more complex understanding of the topic Incorporating historical references literary analysis and sociological models to describe the construct a variety of masculine identities Chan also examines popular novels Fu Manchu and Charlie Chan films Bruce Lee comic books Master of Kung Fu and literature M Butterfly

Off-White Sheng-mei Ma, 2019-11-14 How do English speaking novelists and filmmakers tell stories of China from a Chinese perspective How do they keep up appearances of pseudo Sino immanence while ventriloquizing solely in the English language Anglo writers and their readers join in this century old game of impersonating and dubbing Chinese Throughout this wish fulfillment writers lean on grammatical and conceptual frameworks of their mother tongue to represent an alien land and its yellowface aliens Off white or yellow ish characters and their foreign sounding speech are thus performed in Anglo American fiction and visual culture both yellowface and Chinglish are of for by the white people Off White interrogates seminal Anglo American fiction and film on off white bodies and voices It commences with one Nobel laureate Pearl Buck and ends with another Kazuo Ishiguro almost a century later The trajectory in between illustrates that the detective and mystery genres continue unabated their stock yellowface characters who exude a magnetic field so powerful as to pull in Japanese anime This universal drive to fashion a foil is ingrained in any will to power so much so that even millennial China creates an off yellow darker hues Orient in Huallywood films to silhouette its global ascent

War without Mercy John Dower, 2012-03-28 WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD AN AMERICAN BOOK AWARD FINALIST A monumental history that has been hailed by The New York Times as one of the most original and important books to be written about the war between Japan and the United States In this monumental history Professor John Dower reveals a hidden explosive dimension of the Pacific War race while writing what John Toland has called a landmark book a powerful moving and evenhanded history that is sorely needed in both America and Japan Drawing on American and Japanese songs slogans cartoons propaganda films secret reports and a wealth of other documents of the time Dower opens up a whole new way of looking at that bitter struggle of four and a half decades ago and its ramifications in our lives today As Edwin O Reischauer former ambassador to Japan has pointed out this book offers a lesson that the postwar generations need most with eloquence crushing detail and power

Asian American Literature Elaine Kim, 1982 An introduction to the literary works of Chinese Americans Japanese Americans Filipino Americans and Korean Americans this book focuses on the self images and social contexts of the nineteenth century immigrants their descendants and the Americanized writers of today Although the book examines the novels autobiographies poems and plays themselves the social history of Asians in American is a significant backdrop as

Maxine Hong Kingston herself argues it should be These racially distinctive Americans have confronted in their lives and writings American stereotypes of the Oriental racial discrimination and the cultural gulf between East and West After a chapter on Fu Manchu Charlie Chan and other Anglo American caricatures of Asians the author turns to a discussion of the first immigrant writers many of whom were educated aristocrats playing the role of cultural ambassadors and then to the less privileged more socially critical generations of writers who followed From works like *Flower Drum Song* *Eat a Bowl of Tea* *The Woman Warrior* *China Men* and a host of lesser known writings the author shows how portrayals of Chinatown the Japanese American family and the roles of all the Asian American women and men have changed Drawing on her personal interviews with Asian American writers Kim also conveys their attitudes towards their own group other Asian Americans other racial minorities and white Americans a complex mix of bitterness acceptance and militance Author note Elaine H Kim is Associate Professor of Ethnic Studies at the University of California Berkeley She directs the Korean Community Center of Oakland and Asian Women United California

Egyptian Gothic Jay Sullivan, 2025-07-13 The *Egyptian Gothic* consists of novels and short stories about ancient Egyptian mummies returning to life to seek retribution or romance as well as cursed object tales Now mostly forgotten from the 1880s through to the 1920s it was more popular than the vampire genre This book is the first to examine the genre by using the frequent sensory descriptions within these texts to interrogate attitudes towards Empire Its aims are twofold Firstly it demonstrates that despite their status as disposable popular fiction these texts are rich in sensory discourses that have thus far been unexamined Secondly reading these discourses of touch sight smell sound and taste reveals new and intriguing ways in which Egypt is allowed to strike back against the British Empire The book argues that the *Egyptian Gothic* does not support the domination of Empire but instead presents a power dynamic in flux with the mummy fighting back against Western occupation Egypt and its artefacts evoke simultaneous feelings of fear and desire where those who meddle by invading tombs or stealing mummies are destroyed by Egyptian revenants

Race, Law, and "The Chinese Puzzle" in Imperial Britain S. Auerbach, 2009-04-27 In the early twentieth century Chinese immigration became the focal point for racial panic in Britain Fears about its moral and economic impact amplified by press sensationalism and lurid fictional portrayals of London's original Chinatown as a den of vice and iniquity prompted mass arrests deportations and mob violence Even after the neighborhood was demolished and its inhabitants dispersed the stereotype of the Chinese criminal mastermind and other yellow peril images remained as permanent aspects of British culture This painstakingly researched study traces the historical evolution of Chinese communities in Britain during this period revealing their significance in the development of race as a category in British culture law and politics

Thomas Burke's Dark Chinoiserie Anne Veronica Witchard, 2017-03-02 Focusing on Thomas Burke's bestselling collection of short stories *Limehouse Nights* 1916 this book contextualises the burgeoning cult of Chinatown in turn of the century London London's Chinese Quarter owed its notoriety to the Yellow Perilism that circulated in Britain at the fin de siècle a demonology

of race and vice masked by outward concerns about degenerative metropolitan blight and imperial decline Anne Witchard's interdisciplinary approach enables her to displace the boundaries that have marked Chinese studies literary studies critiques of Orientalism and empire gender studies and diasporic research as she reassesses this critical moment in London's history In doing so she brings attention to Burke's hold on popular and critical audiences on both sides of the Atlantic A much admired and successful author in his time Burke in his Chinatown stories destabilizes social orthodoxies in highly complex and contradictory ways For example his writing was formative in establishing the queer spell that the very mention of Limehouse would exert on the public imagination and circulating libraries responded to Burke's portrayal of a hybrid East End where young Cockney girls eat Chow Mein with chopsticks in the local cafés and blithely gamble their housekeeping money at Fan Tan by banning Limehouse Nights Witchard's book forces us to rethink Burke's influence and shows that China and chinoiserie served as mirrors that reveal the cultural disquietudes of western art and culture [China and the Victorian Imagination](#) Ross G. Forman, 2013-08-15 What happens to our understanding of orientalism and imperialism when we consider British Chinese relations during the nineteenth century rather than focusing on India Africa or the Caribbean This book explores China's centrality to British imperial aspirations and literary production underscoring the heterogeneous interconnected nature of Britain's formal and informal empire To British eyes China promised unlimited economic possibilities but also posed an ominous threat to global hegemony Surveying anglophone literary production about China across high and low cultures as well as across time space and genres this book demonstrates how important location was to the production circulation and reception of received ideas about China and the Chinese In this account treaty ports matter more than opium Ross G Forman challenges our preconceptions about British imperialism reconceptualizes anglophone literary production in the global and local contexts and excavates the little known Victorian history so germane to contemporary debates about China's rise **Lives of the Novelists** John Sutherland, 2012-03-27 No previous author has attempted a book such as this a complete history of novels written in the English language from the genre's seventeenth century origins to the present day In the spirit of Dr Johnson's Lives of the Poets acclaimed critic and scholar John Sutherland selects 294 writers whose works illustrate the best of every kind of fiction from gothic penny dreadful and pornography to fantasy romance and high literature Each author was chosen Professor Sutherland explains because his or her books are well worth reading and are likely to remain so for at least another century Sutherland presents these authors in chronological order in each case deftly combining a lively and informative biographical sketch with an opinionated assessment of the writer's work Taken together these novelists provide both a history of the novel and a guide to its rich variety Always entertaining and sometimes shocking Sutherland considers writers as diverse as Daniel Defoe Henry James James Joyce Edgar Allan Poe Virginia Woolf Michael Crichton Jeffrey Archer and Jacqueline Susann Written for all lovers of fiction Lives of the Novelists succeeds both as introduction and re introduction as Sutherland presents favorite and familiar

novelists in new ways and transforms the less favored and less familiar through his relentlessly fascinating readings

Monitored Peril Darrell Y. Hamamoto, 1994 A meticulous work of history cultural criticism and political analysis Monitored Peril illuminates the unstable relationship between the practices of commercial television programs liberal democratic values and white supremacist ideology The book clearly demonstrates the pervasiveness of racialized discourse throughout U S society especially as it is reproduced by network television
