Comparative Mysticism Steven T. Katz,2013 This collection of primary texts introduces readers to the mystical literature of the world s great religious traditions Beginning with an introduction by Steven T Katz a leading scholar of mysticism the anthology comprises poetry prayer narrative and other writings from Jewish Christian Muslim Hindu Buddhist Taoist Confucianist and Native American traditions This collection provides readers not only with the primary mystical texts from each religious tradition but with an explanation of the context of the source and tradition Comparative Mysticism shows how the great mystical traditions of the world are deeply rooted in the religious traditions from which they originated The contextual methodological approach taken throughout the anthology also addresses the critical question of what these mystical traditions at their highest level have in common Despite the prevailing view that mystical traditions throughout the world are essentially similar the presentation of the sources in this volume suggests that in fact the various traditions have distinct teachings and different metaphysical goals The writings collected in Comparative Mysticism address the most fundamental and important methodological epistemological and hermeneutical questions regarding the study and interpretation of mysticism and mystical sources across cultures This anthology will be an invaluable resource to students and scholars of mystic tradition for years to come **Mipham's Beacon of Certainty** John W. Pettit,2013-02-08 For

centuries Dzogchen a special meditative practice to achieve spontaneous enlightenment has been misinterpreted by both critics and malinformed meditators as being purely mystical and anti rational In the grand spirit of Buddhist debate 19th century Buddhist philosopher Mipham wrote Beacon of Certainty a compelling defense of Dzogchen philosophy that employs the very logic it was criticized as lacking Through lucid and accessible textural translation and penetrating analysis Pettit presents Mipham as one of Tibet s greatest thinkers Tsong-kha-pa's Final Exposition of Wisdom Jeffrey Hopkins,2014-02-25 In fourteenth and fifteenth century Tibet there was great ferment about what makes enlightenment possible since systems of self liberation must show what factors pre exist in the mind that allow for transformation into a state of freedom from suffering This controversy about the nature of mind which persists to the present day raises many questions This book first presents the final exposition of special insight by Tsong kha pa the founder of the Ge luk pa order of Tibetan Buddhism in his medium length Exposition of the Stages of the Path as well as the sections on the object of negation and on the two truths in his Illumination of the Thought Extensive Explanation of Chandrakirti s Supplement to Nagarjuna s

Treatise on the Middle It then details the views of his predecessor Dol po pa Shay rap Gyel tsen the seminal author of philosophical treatises of the Jo nang pa order as found in his Mountain Doctrine followed by an analysis of Tsong kha pa s reactions By contrasting the two systems Dol po pa s doctrine of other emptiness and Tsong kha pa s doctrine of self emptiness both views emerge more clearly contributing to a fuller picture of reality as viewed in Tibetan Buddhism Tsong kha pa s Final Exposition of Wisdom brilliantly explicates ignorance and wisdom explains the relationship between dependent arising and emptiness shows how to meditate on emptiness and explains what it means to view phenomena as like illusions

Moonbeams of Mahamudra Dakpo Tashi Namgyal,2019-03-12 A new translation of Tibet s most important manual for Mah mudr view and meditation This classic Buddhist work written in the sixteenth century comprehensively presents the entire scope of the Tibetan Kagyu Mah mudr tradition These profound yet accessible instructions focus on becoming familiar with the nature of one s mind as the primary means to realize ultimate reality and thus attain buddhahood Dakpo Tashi Namgyal s manual for the view and practice of Mah mudr is widely considered the single most important work on the subject systematically introducing the view and associated meditation techniques in a progressive manner Moonbeams of Mah mudr along with the Ninth Karmapa Wangchuk Dorje s Dispelling the Darkness of Ignorance are to this day some of the most studied texts on Mah mudr in the Kagyu monasteries throughout Tibet and the Himalayas Elizabeth M Callahan a renowned translator of classical Kagyu literature has provided new translations of these two texts along with ancillary materials and annotations making this a genuine resource for both scholars and students of Tibetan Buddhism This historic contribution therefore offers the necessary tools to properly study and apply the Mah mudr teachings in a modern context The Two Truths Debate

Sonam Thakchoe,2016-01-26 All lineages of Tibetan Buddhism today claim allegiance to the philosophy of the Middle Way the exposition of emptiness propounded by the second century Indian master Nagarjuna But not everyone interprets it the same way A major faultline runs through Tibetan Buddhism around the interpretation of what are called the two truths the deceptive truth of conventional appearances and the ultimate truth of emptiness An understanding of this faultline illuminates the beliefs that separate the Gelug descendents of Tsongkhapa from contemporary Dzogchen and Mahamudra adherents The Two Truths Debate digs into the debate of how the two truths are defined and how they are related by looking at two figures one on either side of the faultline and shows how their philosophical positions have dramatic implications for how one approaches Buddhist practice and how one understands enlightenment itself **Fundamental**

Wisdom of the Middle Way Brad Warner,2011-10-25 This new translation and commentary of ancient Buddhist text by a best selling author and teacher transcends idealism and materialism Emptiness and Becoming Peter Paul Kakol,2009

Mountain Dharma Dolpopa Sherab Gyaltsen,Cyrus Stearns,2025-04-22 A brilliant annotated translation of D lpopa Sherab Gyaltsen s Mountain Dharma that opens a masterpiece of the Jonang tradition to Western readers and presents D lpopa s provocative ideas about a true eternal and established reality that still impact Buddhism today The controversial

master Dolpopa Sherab Gyaltzen shook Buddhist Tibet when he taught that an eternal enlightened essence or buddha nature exists in full form in all living beings The ideas discussed in Mountain Dharma are still as provocative now as when Dolpopa first taught them impacting Buddhism to this day Dolpopa identified the ultimate with the buddha nature or sugata essence which he held to be eternal and not empty of self nature The buddha nature is perfect with all its characteristics inherently present in all living beings It is only the impermanent and temporary afflictions veiling the buddha nature that are empty of self nature and must be removed through the practice of the path to allow it to manifest Dolpopa establishes the validity of his theories with an ocean of quotations selected from Indian Buddhist scriptures and treatises of indisputable authority showing us that the ultimate is a true eternal and established reality empty merely of other relative phenomena

The Treasury of Knowledge: Book Six, Parts One and Two Jamgon Kongtrul Lodro Taye, 2013-01-08 Jamgon Kongtrul's encyclopedic Treasury of Knowledge presents a complete account of the major lines of thought and practice that comprise Tibetan Buddhism Among the ten books that make up this tour de force Book Six is by far the longest concisely summarizing the theoretical fields of knowledge to be studied prior to the cultivation of reflection and discriminative awareness The first two parts of Book Six contained in this volume respectively concern Indo Tibetan classical learning and Buddhist phenomenology The former analyzes the traditional subjects of phonology and Sanskrit grammar logic fine art and medicine along with astrology poetics prosody synonymics and dramaturgy The principal non Buddhist philosophical systems of ancient India are then summarized and contrasted with the hierarchical meditative concentrations and formless absorptions through which the summit of cyclic existence can genuinely be attained Part Two examines the phenomenological structures of Abhidharma the shared inheritance of all Buddhist traditions from three distinct perspectives corresponding to the three successive turnings of the doctrinal wheel

successive turnings of the doctrinal wheel **Buddhist Literature, Yesterday and Today** G. R. Sain, 1992 Bibliographical compendium of Buddhist literature in English **Ocean of Reasoning** Tsong-kha-pa Blo-bzang-grags-pa, 2006-04-20 Tsong kha pa 14th century is arguably the most important and influential philosopher in Tibetan history An Ocean of Reasoning is the most extensive and perhaps the deepest extant commentary on Nagarjuna's Mulamadhyamakakarika Fundamental Wisdom of the Middle Way and it can be argued that it is impossible to discuss Nagarjuna's work in an informed way without consulting it It discusses alternative readings of the text and prior commentaries and provides a detailed exegesis constituting a systematic presentation of Madhyamaka Buddhist philosophy Despite its central importance however of Tsong kha pa's three most important texts only An Ocean of Reasoning remains untranslated perhaps because it is both philosophically and linguistically challenging demanding a rare combination of abilities on the part of a translator Jay Garfield and Ngawang Samten bring the requisite skills to this difficult task combining between them expertise in Western and Indian philosophy and fluency in Tibetan Sanskrit and English The resulting translation of this important text will not only be a landmark contribution to the scholarship of Indian and Tibetan Buddhism but will serve as a valuable companion volume to Jay Garfield's highly successful translation of The Fundamental Wisdom of the Middle Way Resurrecting Candrakirti Kevin A. Vose, 2015-09-29 The seventh century Indian master Candrakirti lived a life of relative obscurity only to have his thoughts and writings rejuvenated during the Tibetan transmission of Buddhism Since then Candrakirti has been celebrated as offering the most thorough and accurate vision of Nagarjuna's view of emptiness which in turn most fully represents the final truth of the Buddha's teaching Candrakirti's emptiness denies the existence of any nature or substantial enduring essence in ourselves or in the phenomenal world while avoiding the extreme view of nihilism In this view our false belief in nature is at the root of our ignorance and is the basis for all mental and emotional pain and disturbance For many Tibetan scholars only Candrakirti's Middle Way entirely overcomes our false belief in inherent identity and consequently alone overcomes ignorance delivering freedom from the cycle of uncontrolled death and rebirth known as samsara Candrakirti's writings have formed the basis for Madhyamaka study in all major traditions of Tibetan Buddhism In Resurrecting Candrakirti Kevin Vose presents the reader with a thorough presentation of Candrakirti's rise to prominence and the further elaborations the Tibetans have made on his presentation of emptiness By splitting Madhyamaka into two subschools namely the Svatantrika and Prasangika the Tibetans became pioneers in understanding reality and created a new way to define differences in interpretation Resurrecting Candrakirti provides the historical and philosophical context necessary to understand both Madhyamaka and its importance to Tibetan Buddhist thought
