Coleman, 1987 Dr Robert E Coleman examines the pattern of disciple making set forth in the Book of Acts After discussing the principles of church growth in depth he shows how to apply them to the contemporary church Copyright Libri GmbH All rights reserved [The Master's Plan for Making Disciples](#) Win Arn, Charles Arn, 1988 The church growth model for making disciples presented in this book will help pastors and laity discover exciting potential for growth and outreach Based on the biblical principle of growth through natural networks webs of friends and relatives The book helps readers apply this powerful concept through an enabling church The Master's Plan is a compelling and practical process for effective outreach and disciple making [The Master Plan of Evangelism](#) Robert E. Coleman, In this classic work Robert E Coleman examines the evangelistic methods of Jesus Christ and shows how they are still relevant and effective today Through a careful study of the Gospel accounts Coleman identifies eight principles that Jesus used to train his disciples and spread his message He then applies these principles to the modern church offering practical guidance for evangelism and discipleship in the 21st century *The Master's Plan for Making Disciples* Win Arn, 1982 **Discipleship from Jesus's Perspective** George Gray, 2012-11 In this masterful work George Gray calls the church to live out the most natural expression of her love and obedience to the Master Grounded in careful exegesis comprehensive and sensitive to the complexities of modern life Gray examines the Gospels as a script that reveals not only how Jesus shaped the first disciples but how we must carry on making disciples in His name David B Capes Thomas Nelson Research Professor Houston Baptist University Discipleship is not about teaching someone to pray and read his or her Bible it is about learning how Jesus wants us to pray and read our Bibles Discipleship is not about the doctrine of the Church but the doctrine of Jesus Christ the head of the Church It is not about attending a church service but attending to the Lord Jesus's view of what it means to be the church In Discipleship from Jesus's Perspective author George Gray presents a guide for becoming a disciple the way Jesus intended that discipleship means adhering to His expressed will Gray carefully examines Jesus's pivotal statements regarding discipleship and unearths the key principles that transform the art of making a disciple from a subjective guessing game to an objective and definitive master plan Including purposeful questions and exercises Discipleship from Jesus's Perspective provides practical steps for following the master plan and applying the commands to everyday life to become a true disciple of Jesus *The Master Plan of Evangelism and Discipleship* Robert Emerson Coleman, Roy J. Fish, 1993 *The Master Plan of Evangelism and Discipleship* Robert E. Coleman, 2000 *The Master's Plan* Craig Wesley Rensch, 2011 God has a vision plan and design for our lives and ministries It is greater than we could ever imagine By discovering and pursuing his design we find our greatest joy and fulfillment Fortunately Jesus has already told us our mission to partner with God and make disciples in all the nations *The Master's Plan for You* Jim Dyett, Jim Russell, 2002-12 **The Heart of the Gospel** Robert E. Christ Will Build His Church H. Wallace Webster, 2009-01-01 As the church continues to advance through the generations The Great Commission is falling into great disarray Discipleship has almost become obsolete Leadership is dwindling and most churches are trying to repair this lack of leadership in the wrong way This book is a call for us to return to the basics of what Jesus was commanding His disciples to do through The Great Commission It does not just explain the importance of the commission it maps out a detailed strategy for how to make this call work in the local church It is important to realize that few churches are doing anything to train up their leaders This book offers an attempt to be faithful to Jesus s Great Commission What is most important about this three year program is that it will develop the men of the church this will provide a large group of men from which to draw your leadership *Christ Will Build His Church* gets back to the basics takes the principles clearly outlined in Scripture and argues that they are still valid today The church is in great need This book has the potential to draw us back

to historic Christianity and to a discipleship that really works A Philosophy of Pastoral Preaching David A. Christensen, 2023-05-26 I am a pastor I preach Doesn't that make me a pastoral preacher Not necessarily Many preach missional rather than pastoral sermons designed to appeal to the unchurched not the church The popularity of regional churches and the global reach of the internet allow preachers to focus their sermons on people they do not know and market a message to an audience they never see Evangelical leaders produce many resources on attractional preaching but who is developing a vision for pastoral preaching David Christensen draws on years of experience to develop a philosophy of pastoral preaching He writes Social media changes the way we preach More and more pastors are preaching clickbait sermons These are sermons designed to get clicks or attract interest rather than teach truth We want catchy titles and clever analogies that will grab people's attention because the digital world is built on attention whatever will get likes or drive outrage However pastoral preaching builds community It is rooted in local soil to the people we know in the place we live We need a philosophy of preaching that shepherds a community of disciples who worship together in one place *A Biblical Theology of Christian Discipleship* Johnny Turner, 2021-06-11 A Biblical Theology of Christian Discipleship is a spiritual resource that examines the biblical and theological doctrines to do ministry amid challenges and oppositions The role of the church is to persuade individuals to establish a philosophy of authentic discipleship This book challenges the church to walk humbly before God as genuine disciples The primary focus is to carefully follow Christ's mandate of the Great Commission in Matthew 28:18-20 Go and make disciples More importantly the book describes how the church can effectively use different methods and principles to better prepare believers for Christ *Becoming a Disciple-Making Church* Neil T. Anderson, 2016-01-26 Proven Methods for Turning Believers into Disciples What does it mean to grow a convert into a disciple And how do we help our people get there Neil Anderson's Freedom in Christ ministry has been walking individuals through these steps for over a quarter century Now he turns his attention to pastors and church leaders teaching them how to help their people resolve personal and spiritual conflicts including everything from difficult marriages to unrepentant sin to church disputes Before someone can mature spiritually they must be established alive and free in Christ through genuine repentance and faith in God This means churches must resolve their people's conflicts as the first step to discipleship rather than referring them to professional counselors We as believers have the answers for mental and emotional problems and through this ministry of reconciliation true discipleship happens No Silver Bullets Daniel Im, 2017-09-01 What if I told you that you were only one step away from unlocking new levels of maturity and growth in your church The myth of the silver bullet still exists because we desperately want it to We all prefer quick fixes and bandage solutions to the long hard slow work that produces real change So the moment we learn about a new ministry or strategy and see its effect in another church we run to implement it in our own Unfortunately this impulse is usually met by opposition skepticism and ultimately rejection What if the solution isn't a new model or a complicated strategy but a shift in perspective What if you could keep

your church's current vision values and model and simply make a few micro shifts leading to macro changes This book explores five micro shifts that have the potential to produce macro changes in your church As you read you will discover how to integrate these micro shifts into the life of your church starting with the way you disciple You will finish by developing a plan to structure communicate and evaluate these changes to ensure that they take root and pave the way for lasting change and kingdom impact *Introductory Guide* David Dawson, 1982 *Discipleship by Design* Harvey A. Herman, 2008-08-06 As Jesus walked beside the Sea of Galilee he saw Simon and his brother Andrew casting a net into the lake for they were fishermen Come follow me Jesus said and I will make you fishers of men The relationship between Jesus and these brothers started with the simple words Come follow me In essence a disciple of Jesus is a follower Eventually Jesus twelve followers will change the world However it is an inconspicuous and unremarkable beginning for an eventual team of world changers don't you think How will an assortment of unschooled ordinary men be transformed into courageous and substantive heralds in just three short years Transformation complete and deep seated transformation is the answer How does a total metamorphosis take place within a new follower Jesus discipleship begins with a personal relationship and an invitation to join a missional community Before followership is a program it is a leadership development process experienced within a culture This book seeks to initiate a dialogue on how to foster a culture of discipleship No program can fulfill The Great Commission However a community of believers committed to transforming the world through the process of disciple making can Harvey A Herman is a missionary serving university students Over the previous three decades he pioneered five campus groups pastored a university church in Seattle and served on the national staff of Chi Alpha Christian Fellowship Presently he serves as area director over the Northeast His doctorate is in strategic leadership and organizational management
