Master Richards Bestiary Of Love And Response:

Master Richard's Bestiary of Love and Response Richard (de Fournival),2000 This affordable reprint edition of the beautifully illustrated translation of Richard de Fournival s Bestiary of Love and the anonymous Response makes this medieval examination of the nature of love accessible to students and the general reader **Master Richard's Bestiary of Love and Response** Richard (de Fournival),Richard de Fournival,1986 Two thirteenth century French works discuss the relationship between men and women including social and theological traditions **Bestiare D'Amour** Richard (de Fournival),1985 **Bestiare D'amour Portfolio** Barry Moser,1985 **Master Richard's Bestiary of Love and Response ; Translated by Jeanette Beer ; Engravings by Barry Moser** Richard (de Fournival),1985 **The Colour of Angels** Constance Classen,2002-01-04 The Colour of Angels uncovers the gender politics behind our attitude to the senses Using a wide variety of examples ranging from the sensuous religious visions of the middle ages through to nineteenth century art movements this book reveals a previously unexplored area of womens history Feeling Pleasures Joe Moshenska,2014-10-30 The sense of touch had a deeply uncertain status in the sixteenth and seventeenth centuries It had long been seen as the most certain and reliable of the senses and also as biologically necessary each of the other senses could be relinquished but to lose touch was to lose life itself Alternatively touch was seen as dangerously bodily and too fully involved in sensual and sexual pleasures to be of true worth Feeling Pleasures argues that this tension came to the fore during the English Renaissance and allowed some of the central debates of this period surrounding the nature of human experience of the material world and of the relationship between the human and the divine to proceed through discussions of touch It also argues that the unstable status of touch was of particular import to the poetry of this period By bringing touch to the fore in a period usually associated with the dominance of vision and optics Joe Moshenska offers reconsiderations of major English poets especially Edmund Spenser and John Milton while exploring a range of spheres in which touch assumed new significance These include theological debates surrounding relics and the Eucharist in the work of Erasmus Thomas Cranmer and Lancelot Andrewes the philosophical history of tickling the touching of paintings and sculptures in a European context faith healing and experimental science and the early reception of Chinese medicine in England **Medieval Bestiaries** ,2025-08-28 What could the phoenix elephant and spider teach medieval people and what can they teach us now about human animal relationships Medieval Bestiaries New Approaches offers innovative insights on questions previously unasked about a most popular type of illuminated manuscript whose animal pictures and stories continue to entertain and inspire Bringing together an impressive range of multi disciplinary expertise the authors provide fresh perspectives on previously unpublished or under explored bestiary texts images methods of production cross literary influences and moralized messaging Most significantly they move bestiaries out of their specialized scholarly corner into the wider world of animal thinking across Christian Jewish and Islamic cultures and stake a claim for animals as a central meeting ground for

medieval and modern sensibilities Contributors are Emma Campbell Marc M Epstein Erica Fudge Larisa Grollemond Rebecca Hill Elizabeth Morrison Julie Orlemanski Alexandra Paddock and Debra Higgs Strickland

Representations of Eve in Antiquity and the English Middle Ages John Flood, 2010-12-14 As the first woman Eve was the pattern for all her daughters The importance of readings of Eve for understanding how women were viewed at various times is a critical commonplace but one which has been only narrowly investigated This book systematically explores the different ways in which Eve was understood by Christians in antiquity and in the English Middle Ages and it relates these understandings to female social roles The result is an Eve more various than she is often depicted by scholars Beginning with material from the bible the Church Fathers and Jewish sources the book goes on to look at a broad selection of medieval writing including theological works and literary texts in Old and Middle English In addition to dealing with famous authors such as Augustine Aquinas Dante and Chaucer the writings of authors who are now less well known but who were influential in their time are explored The book allows readers to trace the continuities and discontinuities in the way Eve was portrayed over a millennium and a half and as such it is of interest to those interested in women or the bible in the Middle Ages

Sonic Intimacy Dominic Pettman, 2017-03-21 A perceptive engaging and clever set of meditations on how sound produces human technical and nonhuman intimacies Richard Grusin University of Wisconsin Milwaukee Sonic Intimacy asks us who or what deserves to have a voice beyond the human Arguing that our ears are far too narrowly attuned to our own

species the book explores four different types of voices the cybernetic the gendered the creaturely and the ecological Through both a conceptual framework and a series of case studies Dominic Pettman tracks some of the ways in which these voices intersect and interact He demonstrates how intimacy is forged through the ear perhaps even more than through any other sense mode or medium The voice then is what creates intimacy both fleeting and lasting not only between people but also between animals machines and even natural elements those presumed not to have a voice in the first place Taken together the manifold material actual voices of the world whether primarily natural or technological are a complex cacophony that is desperately trying to tell us something about the rapidly failing health of the planet and its inhabitants As Pettman cautions we would do well to listen Pettman is a very engaging writer and the way he traverses contexts and theoretical horizons is thrilling Naomi Waltham Smith Boundary 2 With Sonic Intimacy we are manifestly in the hands of a skilled and not a little playful writer who connects new media to long developed philosophical conversations David Cecchetto York University

The Secrets of Women in Middle Dutch Orlanda Soei Han Lie, Willem Kuiper, 2011 A poet head over heels in love with a charming lady writes a book at her request on intimate matters concerning women It is a delicate undertaking not only because it is a relatively unknown subject for him but also because he does not want her to be angry with him when she reads about these highly personal matters This is how *Der vrouwen heimelijkheid* *The Secrets of Women* begins An intriguing characteristic of this fifteenth century text is the way in which the author has alternated scientific knowledge of the medieval artes corpus with a personal love complaint He interrupts his gynaecological exposition in twenty odd places to express his love in lyrical terms To make the text available for an international readership this publication provides a cultural historical introduction and presents the Middle Dutch *Secrets of Women* together with an English translation
