Master Narratives Richard Gravil, 2019-12-14 Authors whose works are discussed in this collaborative book covering a long nineteenth century include Sterne Fielding Scott Austen Mary Shelley Emily Bront Gaskell Dickens George Eliot Conrad Woolf and Lawrence Most of the chapters focus on a single work among them Tristram Shandy Wuthering Heights Bleak House Middlemarch and Lord Jim asking why in the end does this novel matter and what does it invite us to see The contributors examine aspects of narrative technique which are crucial to interpretation and which bring something new or distinctive into fiction The introduction asks whether such experimentation may be driven by challenges to society's master narratives for instance by a desire to circumvent the reader's ideological defences and whether in a radical model of canon formation such narrative innovation may be an aspect of canonicity

Serialization and the Novel in Mid-Victorian Magazines Catherine Delafield, 2016-03-03 Examining the Victorian serial as a text in its own right

Catherine Delafield re-reads five novels by Elizabeth Gaskell Anthony Trollope Dinah Craik and Wilkie Collins by situating them in the context of periodical publication She traces the roles of the author and editor in the creation and dissemination of the texts and considers how first publication affected the consumption and reception of the novel through the periodical medium Delafield contends that a novel in volume form has been separated from its original context that is from the pattern of consumption and reception presented by the serial The novel's later re-publication still bears the imprint of this serialized original and this book's investigation into nineteenth century periodicals both generates new readings of the texts and reinstates those which have been lost in the reprinting process Delafield's case studies provide evidence of the ways in which Household Words Cornhill Magazine Good Words All the Year Round and Cassell's Magazine were designed for new audiences of novel readers *Serialization and the Novel in Mid-Victorian Magazines* addresses the material conditions of production illustrates the collective and collaborative creation of the serialized novel and contextualizes a range of texts in the nineteenth century experience of print

R. Grivil,2003-10-13 From 1787 to 1842 Wordsworth was preoccupied with the themes of loss and death and with natural piety in the lives of people and nations Beginning with his consciousness of the Bards and Druids of Cumbria this book treats Wordsworth s oeuvre including the Gothic juvenilia The Ruined Cottage Lyrical Ballads Poems in Two Volumes The Excursion and the Poems of 1842 as unified by a Bardic vocation to bind the living and the dead and to nurture the kind *Unfolding the South* Alison Chapman,Jane Stabler,2003-06-28 A radically new version of Anglo Italian cultural relations in the late Romantic and Victorian periods that corrects traditional male centred accounts **English Renaissance Drama** David M Bevington,Katharine Eisaman Maus,Eric Rasmussen,Lars Engle,2014-01-01 **Empires of Print** Patrick Scott

Belk,2017-05-08 At the turn of the twentieth century the publishing industries in Britain and the United States underwent dramatic expansions and reorganization that brought about an increased traffic in books and periodicals around the world Focusing on adventure fiction published from 1899 to 1919 Patrick Scott Belk looks at authors such as Joseph Conrad H G Wells Conan Doyle and John Buchan to explore how writers of popular fiction engaged with foreign markets and readers through periodical publishing Belk argues that popular fiction particularly the adventure genre developed in ways that directly correlate with authors experiences and shows that popular genres of the late nineteenth and early twentieth centuries emerged as one way of marketing their literary works to expanding audiences of readers worldwide Despite an over determined print space altered by the rise of new kinds of consumers and transformations of accepted habits of reading publishing and writing the changes in British and American publishing at the turn of the twentieth century inspired an exciting new period of literary invention and experimentation in the adventure genre and the greater part of that invention and experimentation was happening in the magazines **The Fenwick Notes of William Wordsworth** Jared

Curtis,2011-01-04 In 1843 William Wordsworth dictated invaluable notes on his life s work to his friend Isabella Fenwick In

1993 Jared Curtis published his invaluable edition of these notes which are not included in *The Prose Works of William Wordsworth*. This revised and corrected edition of *The Fenwick Notes* was published 2008. To receive a free accompanying Ebook please send proof of purchase of the paperback to Humanities Ebooks. Please note that while colour is used in the preview as in the ebook the print in the paperback is black and white. *Gothic Stories Within Stories* Clayton Carlyle Tarr, 2017-04-28. Frame narratives: stories within stories are featured in nearly every canonical Gothic novel. Sometimes dismissed as a shopworn convention of the genre, frame narratives in fact function as a dynamic basis for imaginative variation and are vital to evaluating the diverse Gothic tradition. The juxtaposition between the everyday frame world of the story and the disturbing embedded narrative allows the monstrous to escape textual confines, forcing the reader to experience the reassurance of the ordinary alongside the horror of the uncanny.

Romantic Dialogues: Anglo-American Continuities, 1776-1862 Richard Gravil, 2015-07-28. *Romantic Dialogues* first published in 2000 contributed to the modern recovery of a transatlantic dimension in literary studies. Part 1 of the book reassesses the events of 1776 as a painful amputation severing one part of a close knit republican community from the other. It looks at English visions of America from Blake's *America* to Barbauld's *Eighteen Hundred and Eleven* and at Romantic Americans such as Samuel Williams, William Ellery Channing, Gilbert Imlay, and Estwick Evans who absorbed England's Romantic revolution long before America's literary awakening took place. It considers also the periodical wars that followed the War of 1812, America's aspiration to an intellectual emancipation to match its political independence, and the kinds of continuing relationship with the old home to be found in James Fenimore Cooper, Ralph Waldo Emerson, and Elizabeth Palmer Peabody. Part 2 explores numerous barely recognised transactions between English Romantic poets and the canonical writers of the American Renaissance. Starting with Cooper's struggle with Edmund Burke in *The Pioneers*, it places Emerson's *Nature*, Thoreau's *Walden*, the romances of Poe and Hawthorne, Melville's *Moby Dick*, and Whitman's *Song of Myself* in an Atlantic context. These writers still had English ears inheriting the blissful dawn that took place in England between Blake's *Songs* and Wordsworth's *Prelude*; they amplified the English poets' celebration of nature, liberty, and imagination, and human nature seeming born again but equally Romantically they came to mourn the fatal compromises in America's experimental polity. Diverging somewhat from these themes, this edition includes a new chapter on William Cullen Bryant and an Epilogue on how the prosody of Whitman and Dickinson responded to the music of Tennyson, whose songs Whitman memorably said entered into the American character inland and far West, out in Missouri, in Kansas, and away in Oregon, in farmer's house and miner's cabin. *Reviews* How this study is received will say as much about the recovery of serious interest in literary history as about the work's quality. Learned, rigorous in testing its assertions, mordant and spirited in its expression, *Romantic Dialogues* makes an important claim that American Literature of the nineteenth century knowingly attempted to fulfill the visionary promises of British Romanticism. What was reborn in the American Renaissance, he writes, was as much Romanticism as America. It is as if in the

works of Whitman and Melville the ghosts of Blake Wordsworth and Coleridge were posing a British alternative to Victorian conservatisms He makes one wonder how one ever read the American text at all without the British context An extraordinary achievement This is real work Robert Weisbuch *New England Quarterly* Challenging the conventional notion that American literature emerged from Emerson's early essays Gravit positions Blake Wordsworth and Coleridge as its true progenitors just as Locke's libertarian political writings bore their greatest fruit in Jefferson's famous manifesto so the English romantics most characteristic notions of liberty and selfhood were fulfilled in the United States and its literature Gravit's deft and learned application of key texts in British Romanticism to works by Thoreau Melville Dickinson Whitman and Hawthorne powerfully challenge the easy presumption of an autochthonous American writing Kurt Eisen *American Literature* a major study alert to and at home with textual nuance and larger questions persuasively proving and describing a series of intricate intertextual relationships Gravit allows for uniqueness and difference there is no Englishing of his American authors but a brimmingly revelatory stream of suggested connections *Romantic Dialogues* is a ground breaking study which bears witness to a generous vigilant and witty critical intelligence Michael O'Neill *Symbiosis* [Contemporary Philosophy of Religion](#) Steven Duncan, 2016-10-10 Among the questions that have exercised philosophers of the last sixty years that of the existence of God has been one of the most hotly contested That question is the subject of this book Its chapters cover What is the Philosophy of Religion Three Competing Paradigms in Contemporary Philosophy of Religion Deductivism Neo Thomism Analytic Philosophy Analytic Atheism etc Inductivism Mitchell's Inductivist Proposal Swinburne's various arguments the Future of Inductivism Post Deductivism the Ethics of Belief The Post Deductivists on Evil Plantinga's Reformed Epistemology Plantinga and Wolterstorff Christian Philosophy and Recent Work on the Traditional Arguments for God's Existence An excellent introduction to the subject area It offers clear concise coverage of recent developments and is written in an accessible way Newcomers to the philosophy of religion as well as those with a background in the field would profit from consulting it Sarah Harrison *English Novel Explication* Peter L. Abernethy, 1976 **William Wordsworth: Concerning the Convention of Cintra** Richard Gravit, 2009-01-01 In 1808 Sir Arthur Wellesley later the Duke of Wellington inflicted a major defeat on Napoleon's forces at the battle of Vimiero but promptly signed an armistice and convention negotiated by Sir Hew Dalrymple with General Junot The Convention permitted the evacuation of the latter's defeated army from Portugal to Bayonne along with its equipment and its plunder This disgraceful Convention was regarded by the people of Britain government ministers excepted as a betrayal of Britain's allies Portugal and Spain Some of the troops repatriated under this agreement fought against Sir John Moore's expeditionary force the following year forcing his evacuation from northern Spain Wordsworth's enormous pamphlet on the betrayal of the Iberian patriots by Britain's officer class is one of the most remarkable political documents produced by a Romantic poet Here the text of W J B Owen's 1968 edition is republished for the bicentennial with a critical symposium by Richard Gravit Simon Bainbridge David Bromwich Timothy Michael and Patrick
