Collecting as Modernist Practice Jeremy Braddock, 2012-02-15 Winner of the Modernist Studies Association Book Prize of the Modernist Studies Association In this highly original study Jeremy Braddock focuses on collective forms of modernist expression the art collection the anthology and the archive and their importance in the development of

institutional and artistic culture in the United States Using extensive archival research Braddock s study synthetically examines the overlooked practices of major American art collectors and literary editors Albert Barnes Alain Locke Duncan Phillips Alfred Kreymborg Amy Lowell Ezra Pound Katherine Dreier and Carl Van Vechten He reveals the way collections were devised as both models for modernism s future institutionalization and culturally productive objects and aesthetic forms in themselves Rather than anchoring his study in the familiar figures of the individual poet artist and work Braddock gives us an entirely new account of how modernism was made one centered on the figure of the collector and the practice of collecting Collecting as Modernist Practice demonstrates that modernism s cultural identity was secured not so much through the selection of a canon of significant works as by the development of new practices that shaped the social meaning of art Braddock has us revisit the contested terrain of modernist culture prior to the dominance of institutions such as the Museum of Modern Art and the university curriculum so that we might consider modernisms that could have been Offering the most systematic review to date of the Barnes Foundation an intellectual genealogy and analysis of The New Negro anthology and studies of a wide range of hitherto ignored anthologies and archives Braddock convincingly shows how artistic and literary collections helped define the modernist movement in the United States **A Sourcebook of Gauguin's**
