,1923 The Fall of the House of Speyer George W. Liebmann,2015-08-06 The dramatic story of the last fifty years of the
Speyer banking dynasty a Jewish family of German descent is surprisingly little known today yet at the turn of the 20th
century Speyer was the third largest investment banking firm in the United States behind only Morgan and Kuhn Loeb It had
branches in London Frankfurt and New York and the projects it financed included the Southern Pacific Railroad the London
Underground and the infrastructure of the new Cuban republic Later it was the first major banking firm to finance Germany
s Weimar Republic as well as providing League of Nations loans to Hungary Greece and Bulgaria Yet the firm was doomed by
the nationalist passions aroused by World War I Its English partner was denaturalised and exiled its American partner
enjoyed reduced standing because of his connection to Germany and the Frankfurt branch closed with the coming of the
Third Reich its German partner fleeing into exile The firm was dissolved in 1939 a surprisingly anticlimactic end to one of the
great international banking companies of modern times George W Liebmann here tells the story of the firm and the family
shedding new light on the protagonists of a remarkable dynasty who came undone in the dramatic years of the early 20th
