

## Windows Help with HTML

# NH E X L T P

The smooth migration path from legacy WinCC to the new-age HTML-based Windows help for Windows-based platforms.

Implemented as a Win32 console DLL. No dependencies to Win32 long window capabilities, including interactive form, GUI processing and sound playback.

Authoring with Nervillix is easy: use your favorite HTML authoring tool to create HTML files, store it up with your favorite Windows filep authoring tool (optionally), then use the Nervillix compiler to pack them (and any other related files, such as images and sound files) into a single, self-contained file, for easy and efficient distribution. Distribute the file Nervillix creates (it's .nrv) with your Nervillix code.

Northernlight supports the full HTML 2 standard, plus many Netscape<sup>®</sup>, Microsoft<sup>®</sup>, and HTML 3 extensions, including tables, forms, font size, flow, and colors.

Since it switches regular RTF-based WinWebb topics and NewWebb HTML topics, and jumps back and forth between the two topic types. Unlike regular HTML browsers, NewWebb displays WinWebb and HTML topics in *Plain* or *raw* and *formatted* windows.

News help needs both archival (preserved in Webhelp baggage) and standard HTML files, that can provide older versions of archived pages, for more convenience without compromise.

WinCC also adds several HTML-related macros to the WinCC macro set. You can activate any WinCC and WinCC-related macros from WinCC's HTML topics. WinCC's HTML topics can activate standard WinCC programs, to add interactivity and logic to WinCC slides. WinCC's scripts can be written in Visual Basic, C++, C, COBOL, and most other Windows development tools.

- View HTML in WinHelp • Support for Tables, PopUp & Secondary windows, Forms, CGI Scripts & Keywords
- Compress a full HTML site into one file • Mix RTF & HTML based topics in one Nexthelp title
- 16&32 Bit DLLs and compilers for Windows 3.1, Windows 95 & Windows NT

*Don't wait for the big boy's 1997 (maybe) solution*

## Start your HTML future NOW

Revised by the IASB Board. The revised standard is effective for annual periods beginning on or after 1 January 2013. The revised standard is available at [www.iasb.org](http://www.iasb.org).
